

SEND SUPPORT SERVICES

Parent/Carer Consent Form

SEND Support Services comprise a range of professionals who support schools to meet the needs of children and young people across the key stages. Colleagues in SEND Support are specialists in a variety of disciplines including autism, social emotional and mental health, educational psychology, speech language and communication and literacy. The role of SEND Support is to work with schools, pupils, families and other professionals to improve the social, emotional and academic learning experiences of children and young people in Northumberland.

School staff are asking for your consent to request SEND Support input to support them in meeting your child's needs. School staff will keep you informed about the outcome of this request and of any following action. School staff can share written communication they have with SEND Support with you. SEND Support will keep a record of any involvement they have to support your child, including information of any contact with other professionals who they may speak to as part of their work.

*I give my consent for school to request involvement from the SEND Support Services to support my child in school. School have discussed the content of the request for support with me. I understand that this request may result in SEND Support having individual contact with my child **and/or** liaison with other professionals and school in order to provide advice to staff to help them meet my child's needs. I also understand that written records of this work will be made and shared with me.*
