## WELCOME TO OUR UPDATE ON THE MORPETH MASTERPLAN

In November over 300 visitors came to the Town Hall to share their ideas for the future redevelopment of the town - while 200 more filled in an online survey.

We were delighted with the engagement and feedback from the masterplanning session - there were some great ideas put forward.

***It's now time to take these ideas forward, look at the main issues raised and continue to plan for the future.***
