Leader's Introduction

Introduction to the Statement of Accounts by the Leader of Northumberland County Council, Councillor Glen Sanderson

I am delighted to have overseen another year of development and growth across the county – in what continues to be challenging times.

While Covid-19 remains, and the cost of living rises affect all of us, I remain confident there is a bright future ahead as we continue on our road to recovery.

Earlier this year we agreed an ambitious £307.36 million capital programme for 2022-23 covering everything from major investment in affordable housing, continued improvements to leisure centres and a range of renewable energy schemes to make the county greener and cleaner.

Priorities include attracting investment and high-quality jobs to the county, driving rural economic growth, delivering planned school builds, investing in our parks, open spaces, public conveniences and town-centre parking and securing funding for major road and junction infrastructure in the county.

The past 12 months has seen some major companies pledging their future to the county, bringing thousands of jobs, and I know I speak for many when I say that I can't wait for construction work to start this summer on the

reopening of the Northumberland Line, running regular passenger rail services from the south east of the county to Newcastle.

Our climate change action plan is a main driver behind the plans, with millions set aside for climate change improvements, from investing in a more environmentally friendly fleet of vehicles to installation of solar panels on buildings.

Of course, protecting frontline services and looking after the most vulnerable remains an absolute priority for us and will be a key focus as we go forward.

And I must add, as Leader of the Council, our staff are our strength and I am deeply grateful to them and everything they do.

I hope you find this year's Statement of Accounts useful and informative.

Councillor Glen Sanderson
Leader of Northumberland County Council

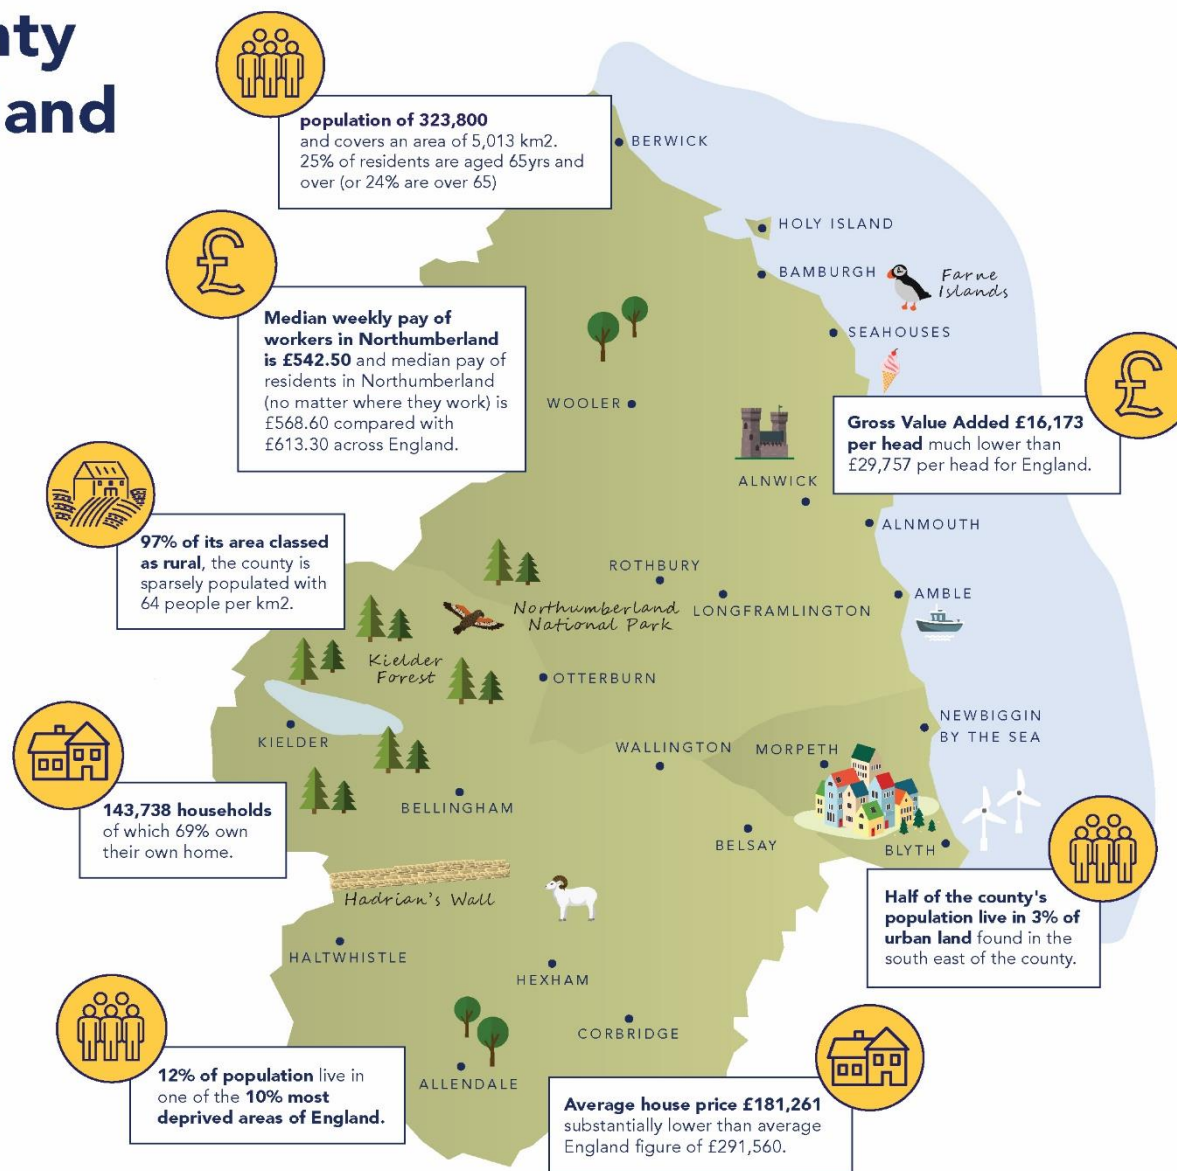

Written Statements and Narrative Report

About the County of Northumberland

Northumberland is the northern most county in England, bordering Cumbria to the west, County Durham and Tyne and Wear to the south and Scotland to the north.

The county was once known as "The Kingdom of Northumbria" and was the largest kingdom in Britain. It stretched from the Firth of Forth in Scotland to the River Humber (hence 'north-Humber-land').

Northumberland officially has the largest protected area of night skies in Europe, with the sky above Northumberland National Park and Kielder Water & Forest Park being awarded the Gold-tier International dark Sky status.

About the Council

8,911 staff employed by the Council (including schools).

We have **30 libraries** with 53,231 members with 364,581 physical issues and 227,942 digital issues.

There were **567,476 swims** in **10 pools**.

8 million residential bins were emptied.

We have **47,410 streetlights**.

We maintain **5,186 km of roads** and 2,450 km of footways together with **4,100 structures** including 1,250 bridges, over 1,350 culverts and 1,500 retaining walls.

Our adult social care services helped more than 20,000 people in Northumberland.

Over 20,000 people received information, advice, support and services on adult social care.

2,500 adults were supported in care homes and 5,000 people received care in their own homes.

89% of older people were still living independently three months after being discharged from hospital.

96% of the Council's Short Term Support Service (STSS) referrals **did not go on to long-term services**.

48% of under 2's in the 30% most deprived areas regularly access our children's centres.

97% of all eligible 2 year-olds took up their statutory entitlement to early education.

98% of parents got their first choice of primary school.

70% of 20-24 year olds were employed in 2021, the highest in the North of Tyne area and the highest it's been in seven years.

Political Structure

Northumberland County Council is made up of 67 elected members, each representing constituents within an area of Northumberland. The political structure of the Council at 31 March 2022 is shown below:

| Party | Seats |
|---|-------|
|  Conservative | 33 |
|  Labour | 20 |
|  Independent Group | 6 |
|  Liberal Democrat | 4 |
|  Green Party | 2 |
|  Non-aligned | 2 |

Financial Picture

In common with the rest of Local Government, the Council has faced significant cuts in funding in recent years, resulting in revenue budget reductions as below:

| Delivered | Approved | Required |
|---|--|---|
|  £240.97 million between 2009-10 and 2021-22 |  £9.70 million for 2022-23 |  £40.73 million up to 2025-26 |

Management Structure

The Executive management structure of the Council at 31 March 2022 is shown below.
The full structure can be viewed on Northumberland County Council's website.

Written Statements and Narrative Report

Narrative Report

1. Corporate Plan 2021-24

The Council's Corporate Plan, "A Council that works for everyone", was approved in April 2022 and is the Council's main strategic planning document, providing a framework for the delivery of all services. It is a clear statement of the Council's vision, strategic aims and policy priorities for the period 2021-24. It informs both the Medium Term Financial Plan and the Service Statements against which the Council's performance service by service are measured.

The Council's vision and aims are focussed as follows *"The Council's overarching priority, as we recover from the Covid-19 pandemic is to do all we can to ensure Northumberland is a stronger place both economically and socially. We will invest in, and encourage business, attract new job opportunities, care for those who need our support, and build upon those things that were important and valued by residents during the pandemic"*

The overall vision for the Council is underpinned by a number of organisational values:

- Excellence and quality;
- Respect;
- Residents first, and;
- Keeping our communities safe and well.

The Council's Corporate Plan and Service Statements can be accessed in full at: <https://www.northumberland.gov.uk/about/policy.aspx>

2. Medium Term Financial Plan and Future Financial Prospects

The Council approved the Medium Term Financial Plan for 2022-23 to 2025-26 in February 2022 to support the objectives contained within the Corporate Plan whilst implementing budget reduction measures of £50.44 million over the same period. The first year of the plan is based on a one-year settlement with central government, meaning that, in theory, the level of government funding is fixed up until this date.

The funding landscape after this point is more unclear with a fundamental change to the way in which local government is financed on the horizon. This includes a revised relative needs formula and more emphasis on locally raised revenue in place of government grants.

Due to this uncertainty, there is a risk that the level of income in the Medium Term Financial Plan is overstated or the level of expenditure required to fund service provision is underestimated; both of which would have an impact on the level of savings required to balance the budget.

The Council's Medium Term Financial Plan can be accessed in full at: <https://northumberland.moderngov.co.uk/ieListDocuments.aspx?CId=346&MId=1841&Ver=4>

Written Statements and Narrative Report

Narrative Report

3. Revenue Budget and Outturn

The Council approved a net revenue budget of £335.03 million for 2021-22. Budget reduction measures and other savings totalling £8.17 million were needed in order to arrive at a balanced position. Revenue budget monitoring is reported to Cabinet and is regularly reviewed by the Executive Team. The final outturn, after accounting for transfers to earmarked reserves and provisions of £16.03 million as agreed by Cabinet on 7 June 2022, was an overspend of £0.97 million which was transferred from the Council's General Fund Reserve as show in the table below:

| Service | Original Budget £000 | Final Budget £000 | Outturn £000 | Variance £000 |
|--|-------------------------|----------------------|------------------|------------------|
| Adult Social Care & Commissioning | 103,200 | 106,419 | 102,610 | (3,809) |
| Chief Executive | 29,233 | 28,502 | 28,212 | (290) |
| Children's Services | 65,628 | 106,800 | 105,932 | (868) |
| Communities & Business Development | 14,962 | 17,616 | 17,120 | (496) |
| Finance | 23,570 | 48,441 | 48,371 | (70) |
| Planning & Local Services | 75,712 | 73,470 | 84,580 | 11,110 |
| Public Health & Community Services | 3,849 | 4,125 | 3,762 | (363) |
| Regeneration | 2,308 | 2,388 | 2,814 | 426 |
| Total Services | 318,462 | 387,761 | 393,401 | 5,640 |
| Corporate Items | 30,842 | (41,445) | (54,949) | (13,504) |
| Treasury Management | (22,960) | (25,218) | (25,168) | 50 |
| Capital Financing | 8,684 | 88,586 | 87,896 | (690) |
| Total Net Expenditure | 335,028 | 409,684 | 401,180 | (8,504) |
| Funded by: | | | | |
| Council Tax | (203,149) | (203,149) | (203,149) | - |
| Retained Business Rates (including S31 Grants) | (34,390) | (34,390) | (44,695) | (10,305) |
| Revenue Support Grant | (10,508) | (10,508) | (10,508) | - |
| Top Up Grant | (27,535) | (27,535) | (27,535) | - |
| Other Corporate Grants | (41,937) | (41,936) | (42,273) | (337) |
| Other Income | - | - | - | - |
| Earmarked Reserves | (18,048) | (26,557) | (6,443) | 20,114 |
| Amortisation of Government Grants | - | (66,189) | (66,189) | - |
| Planned contribution to General Fund | 539 | 580 | 580 | - |
| Total Funding | (335,028) | (409,684) | (400,212) | 9,472 |
| Net Total | - | - | 968 | 968 |

The main reasons for the overspend were:

- The Council faced cost pressures in relation to Covid-19. Grant funding of £8.51 million was provided by the government to mitigate these pressures;
- Adult Social Care & Commissioning underspent primarily due to the Covid-19 arrangement where NHS England funded additional interim care packages for up to six weeks following hospital discharge. This lasted until the end of June 2021 after which they continued to fund for up to four weeks. A high level of staff turnover and vacant posts also contributed to the underspend;
- Costs associated with Storm Arwen resulted in an overspend within Planning & Local Services. Cabinet approved on 8 March 2022 a recommendation to increase the Severe Weather Reserve by £5.00 million in order to provide resilience to fund future repairs to highways following severe weather conditions. A further £2.18 million was set aside at the year end for the remaining cost of repairs relating to Storm Arwen, as approved at the 7 June meeting;
- Corporate Items included Covid-19 grant funding which was utilised to offset pressures within service budgets as well as unspent contingency provision within the budget;

Written Statements and Narrative Report

Narrative Report

- Additional Section 31 Grants in relation to Business Rates reliefs were received. These were set aside in an earmarked reserve to offset the business rates deficit which is to be recognised in the next financial year; and,
- Other funding was set aside for council tax support, regeneration and transformation projects, exceptional inflationary pressures and other earmarked projects as agreed by Cabinet at its 7 June meeting.

4. Capital

Capital Outturn and Three Year Budget Plan

The following table shows capital expenditure by service area for 2021-22 and the Council's four year plan as approved by the current Administration from 2022-23 to 2025-26:

| | Original Budget 2021-22 £000 | Final Budget 2021-22 £000 | Outturn 2021-22 £000 | Budget 2022-23 £000 | Budget 2023-24 £000 | Budget 2024-25 £000 | Budget 2025-26 £000 | Total Budget £000 |
|-------------------------------------|------------------------------------|---------------------------------|----------------------------|---------------------------|---------------------------|---------------------------|---------------------------|----------------------|
| Expenditure | | | | | | | | |
| Adult Social Care & Commissioning | 4,140 | 2,255 | 1,841 | 8,191 | 4,000 | 2,000 | 2,000 | 16,191 |
| Chief Executive | 2,142 | 2,159 | 1,881 | 1,999 | 1,181 | 1,170 | 1,237 | 5,587 |
| Children's Services | 25,716 | 24,993 | 21,441 | 24,540 | 47,732 | 63,275 | 6,733 | 142,280 |
| Communities & Business Development | 25,898 | 15,690 | 18,006 | 15,579 | - | - | - | 15,579 |
| Corporate Expenditure & Income | 48,024 | 29,872 | 23,187 | 33,027 | 21,980 | 21,209 | 11,850 | 88,066 |
| Planning & Local Services | 68,238 | 57,370 | 50,124 | 47,955 | 42,415 | 32,681 | 24,831 | 147,882 |
| Public Health & Community Services | 32,968 | 11,855 | 11,263 | 28,441 | 22,348 | 24,733 | 13,113 | 88,635 |
| Regeneration | 83,423 | 44,887 | 33,274 | 147,624 | 94,532 | 22,133 | 37,562 | 301,851 |
| Total Capital Expenditure | 290,549 | 189,081 | 161,017 | 307,356 | 234,188 | 167,201 | 97,326 | 806,071 |
| Funding | | | | | | | | |
| Borrowing - General Fund | 150,964 | 98,976 | 80,025 | 126,981 | 109,203 | 94,466 | 34,712 | 365,362 |
| Borrowing - Housing Revenue Account | - | - | - | - | 3,750 | 11,250 | - | 15,000 |
| Capital Receipts | 3,980 | 3,980 | 6,945 | 4,716 | 3,650 | 2,650 | 2,655 | 13,671 |
| External Grants | 109,226 | 75,252 | 61,951 | 150,489 | 102,582 | 36,377 | 44,604 | 334,052 |
| HRA Contributions | 25,624 | 9,022 | 8,079 | 21,733 | 14,248 | 9,383 | 12,158 | 57,522 |

Written Statements and Narrative Report

Narrative Report

Four Year Capital Programme*

The Council agreed to embark on a four year capital programme totalling £806.07 million to show its commitment to boosting the local economy, assist in the creation of employment opportunities and create new infrastructure, transport links, regeneration and a wider choice of housing. A comprehensive schedule of capital schemes is included in Appendix 14 of the Council's Budget 2022-23 and Medium Term Financial Plan 2022-26 report at:

<https://northumberland.moderngov.co.uk/documents/s1991/App%2013.pdf>

Capital Funding 2022-23 to 2025-26*

The Capital programme is funded through a number of sources including external grants, capital receipts, contributions from the general fund and housing revenue account and borrowing. Examples of external grants include the Local Transport Plan, Schools' Capital Investment Fund, Disabled Facilities and other sources.

*All values are shown in millions

5. Covid-19 Impact on the Council

The Covid-19 pandemic maintained its significant impact on Northumberland. As at 31 March 2022, the county had recorded 101,890 positive SARS-CoV-2 results; 974 residents had died with a mention of Covid-19 on the death certificate and 5,777 people had been admitted to our local NHS Trust as confirmed cases (not all Northumberland residents). The pandemic has continued to shine a light on the structural inequalities which exist within and between our communities and this has been informed by a Covid-19 community impact assessment.

The strategic and operational coordinated crisis response has continued to focus on supporting those residents who are most vulnerable, both clinically and financially. This has developed in response to the changing epidemiology, national guidance and good practice, interpreted and applied to our local situation. The Council has continued to use its own resources, developing strong working relationships with wider agencies, voluntary and community sector colleagues. The pandemic has also been characterised by the strong collaborative response through the LA7 group of North East Councils (County Durham, North Tyneside, Newcastle, South Tyneside, Gateshead, Sunderland and Northumberland) and the ongoing work of the Northumbria Local Resilience Forum.

Council services have continued to be re-prioritised to support the most vulnerable residents and to ensure critical functions such as education and social care can continue to be supported and delivered. During periods of high prevalence, the Council has maintained a flexible and responsive approach, for instance when planning to take on the majority of the contact tracing function over the Christmas and New Year period. The Council has also responded to extremely short notice changes in policy and has worked hard with social care providers and the public to communicate up to date information in an understandable and concise way.

As well as supporting the Northumbria Local Resilience Forum and regional health partnerships, the Council has focussed upon the following, as key features of its own response plan:

- public health and overall planning and response to the pandemic through the Local Outbreak Management Plan;
- communications;
- population health management;
- community support and support for self-isolation;
- social care and commissioning;
- support to businesses and enforcement;
- minimising disruption to education and children's services;
- business continuity;
- human resource management;
- asymptomatic and symptomatic testing;
- supporting the Covid-19 vaccination programme;
- developing our Local Tracing Partnership; and,
- recovery planning focusing on health and wellbeing.

The financial implications of Covid-19 were captured and reported regularly to the Department for Levelling Up, Housing and Communities (DLUHC) during the year.

In 2021-22 the Council has received £8.51 million Covid-19 grant funding, £0.27 million in support from government through its compensation scheme for Sales, Fees and Charges lost income and £2.20 million Contain Outbreak Management Fund. No Covid-19 related government support has been provided for the Housing Revenue Account.

In responding to the pandemic, the Council:

- updated overall pandemic response planning arrangements and delivery in accordance with the national CONTAIN framework and associated guidance. This was underpinned by the continuous improvement of Covid-19 surveillance processes, dynamic risk

Written Statements and Narrative Report

Narrative Report

assessments and the triangulation of evidence to inform local and cross border action, supported by dedicated intelligence and data analysis, public health practitioner advice, communications and human resources management until the government's approach to managing the pandemic changed with the introduction of 'Living with Covid-19';

- dealt with 14,574 referrals which have been made to Northumberland Communities Together for direct support and assistance, connecting individuals with local practical support solutions on offer through the Voluntary and Community Sector (VCS);
- provided 100,419 awards to vulnerable households totaling £4.88 million through the Department for Work and Pensions; Covid-19 Winter Support Grant Local Support Grant, and the Household Support Fund;
- provided 21,915 places for young people with a Free School Meal entitlement to access Holiday Activity and Food provision over Easter Summer and Christmas Holiday periods funded through Department for Education grant allocation of £1.03 million;
- continued to provide enhanced support for residents affected by domestic abuse, homelessness and drug and alcohol problems, all of which have been exacerbated by the pandemic;
- implemented a Covid-19 Hardship Fund to provide up to an additional £200 council tax relief to 16,020 council taxpayers in receipt of council tax support (over £2.40 million) and arranged individually with council taxpayers in financial hardship for their payments to be deferred and spread across the remainder of the financial year;
- continued to invite providers to approach them to discuss financial support on an ad hoc basis if they incurred Covid-19 related costs beyond the Government funded Covid-19 grants for adult care settings that have been distributed in 2021-22. There have been no claims against this offer of additional support during 2021-22;

- issued over 2.83 million pieces of Personal and Protective Equipment (PPE) to the social care sector on an emergency basis including the PPE coordinated and issued on behalf of the Northumbria Local Resilience Forum;
- continued to provide dedicated wrap around support for care settings through a multi-agency team with a focus on infection prevention and control to prevent and tackle infection outbreaks;
- processed mandatory and discretionary business grants to assist businesses impacted by Covid-19, making over 48,000 awards amounting to over £208.50 million;
- recalculated the business rates bills of just under 3,000 businesses, applying business rate reductions and relief totalling over £17.11 million;
- supported schools with specialist staff support and interventions to target behavioral challenges experienced when children return to schools after periods of lockdown and intermittent attendance due to isolations;
- worked closely with Children's Social Care to develop a 'Team around the School' pilot with co-location of services and support for education;
- continued to support schools and skills providers through issuing digital devices and digital connectivity;
- maintained skills training provision and diversified to support more digital delivery;
- maintained skills provision at eight sites fully from September 2021;
- prioritised and maintained service delivery wherever possible, which has involved the redeployment, training and development of staff as well as in 2021 using the experiences of the previous ways of working to adopt systems and practices that meet residents changing needs;

Written Statements and Narrative Report

Narrative Report

- developed comprehensive emergency human resource guidance, a social distancing policy and comprehensive physical and mental health support packages for staff. The Health and Wellbeing offer has increased even further over the last 12 months, temporary and permanent amendments have been made to policies to support staff when Covid-19 reasons have impacted on their ability to work, regularly spoken to/surveyed staff to understand issues impacting on them. April 2022 saw employees returning to the office environment in a safe and reduced capacity. In 2020-21 our absence rate had reduced by around 1% which equated to approximately £1 million saving, however, rates are now back to similar levels as pre-pandemic; and,
- established and maintained a targeted community approach to asymptomatic testing, responding to changes in national delivery mechanisms and continued to develop and extend our Local Tracing Partnership.

The Council's focus is now on ensuring services are delivered in a way which continues to balance the needs of residents with the continued high prevalence and the need for some caution. The Council is leading on the development of a Northumberland system wide inequalities plan in response to the pandemic and the increasing cost of living. The Director of Public Health has continued to lead on the development and delivery of the Council's Local Outbreak Management Plan and subsequently, its response to 'Living with Covid-19'.

Regular updates on the Council's Covid-19 response and recovery to date have been presented regularly to the Northumberland Health and Wellbeing Board in its capacity as Covid-19 Control Board. These can be accessed at:

<https://northumberland.moderngov.co.uk/mgCalendarMonthView.aspx?XXR=0&M=4&DD=2021&ACT=Go>.

Narrative Report

6. Performance

This section has been compiled in accordance with the CIPFA Code of Practice on Local Authority Accounting 2021-22.

How do we measure performance?

The Northumberland County Council Corporate Performance Framework operates on a quarterly and annual cycle, producing reports at a Service level and for the entire Council that include operational, workforce, and financial information for each Service, as well as progress against the Cabinet's key priorities.

The reports are compiled centrally, and are circulated to the Executive Team, and to Elected Members via Cabinet and the Scrutiny Chairs. Following the publication of quarterly reports, exception reports are raised as necessary in order to ensure Services respond to any performance issues raised.

The Corporate Performance Framework is subject to its own continuous improvement programme; this has resulted in both improved engagement with Executive Officers and Elected Members, and a more simplified process in 2021-22.

Progress on performance measures

Council wide performance is monitored in several ways including:

- 15 operational indicators that have been identified by the Cabinet and the Executive Team as a barometer of overall Council performance.
- Council wide absence levels, monitored against a threshold of 3.5%.
- The delivery status of the 54 priorities identified by the Cabinet.

The Top 15 Key Performance Indicators (KPIs)

As Figure 1 shows, the financial year 2021-22 has seen 40% of the top 15 KPIs being on target (green), 40% not being on target (red) and 20% almost being on target (amber).

| # | KPI name | Service | Target | End of Year | Status |
|----|-----------------------------------|----------------------------|----------------|--------------|--------|
| 1 | 65+ Admissions | Adult Services | 806.5 per 100k | 601 per 100k | Green |
| 2 | Children Looked After | Children's Social Care | 70 per 10k | 72 per 10k | Amber |
| 3 | Child Protection Plans | Children's Social Care | 65 per 10k | 68 per 10k | Red |
| 4 | School exclusions | Education & Skills | 37 | 66 | Red |
| 5 | Complaints answered on time | Complaints & IG | 100% | 72.9% | Red |
| 6 | Freedom of Information | Complaints & IG | 100% | 81% | Red |
| 7 | Urgent Carriageway Defects | Technical Services | 96% | 96.6% | Amber |
| 8 | Property Statutory Tests | Property Services | 94% | 97.2% | Green |
| 9 | Housing Benefit new claims | Revenues & Benefits | 20 days | 17 days | Green |
| 10 | Birth/death registrations | Culture, Leisure & Tourism | 5,479 | 4,988 | Red |
| 11 | Days lost to sickness | Human Resources | 3.5% | 4.4% | Red |
| 12 | Homelessness cases prevented | Housing | 55% | 62.5% | Green |
| 13 | Planning appeals allowed | Planning | 10% | 1.54% | Green |
| 14 | Successful alcohol treatments | Public Health | 32.05% | 30.8% | Amber |
| 15 | Street cleanliness below standard | Neighbourhood Services | 14% | 10.1% | Green |

Top 15 KPIs 2021-22

1. Admissions to residential/nursing 65+ (per 100k population)
Performance is measured against a target of admitting no more than 806.5 people aged 65 and older per 100,000 people, to residential and nursing care homes. This KPI continues to exceed its target and throughout 2021-22 the number consistently fell to 601, so reduced numbers of those aged 65 and older are being admitted.
2. Rate of Children Looked After (CLA) (per 10k population)
This KPI shows the performance of Children's Social Care by measuring the rate of children who are Children Looked After (CLA) per 10,000 people, with a target of 70. It shows that the number of looked after children just missed the target at 72 per 10,000 people.
3. Rate of Child Protection Plans (per 10k population)
The number of children and young people subject to child protection plans per 10,000 people measures performance against a target of 65 for Children's Social Care. A slight increase in numbers have meant the rate of child protection plans exceeded the agreed target in the past year recording 68 per 10,000 people.
4. Permanent exclusions – Secondary (Number of pupils)
Performance is measured based on an indicator of the number of permanent exclusions from primary and secondary schools in the previous 12 months, with a target of 37. Exclusions have reduced throughout the year; however, numbers have remained above target and are currently at 66 exclusions over the past 12 months.
5. Complaints answered within timescale (%)
Complaints and Information Governance measure performance against a target of answering 100.0% of complaints within the timescales specified by each department's complaints management process. Percentages of complaints to the Council have not met the target at any quarter over the last year with an overall performance for the year at 72.9%.
6. FOI Responses within timescale (%)
The target for responding to freedom of information requests is in line with the statutory requirement of responding within 20 days and performance is measured against a target of reaching this target for 100.0% of requests. Performance has consistently missed this target throughout the year, worsening overall and reaching 81.0%.
7. Carriageway defects made safe (%)
This KPI measures performance by looking at the percentage of carriageway defects which are made safe the next working day, with a target of 96.0%. Performance has varied throughout the year; with 96.6% being achieved.
8. Property statutory tests completed on time (%)
This KPI measures the number of property statutory tests completed on time, against a target of 94.0%. The target was met with 97.2% achieved.
9. Time to process new housing benefit claims (days)
This KPI measures the performance of the time it takes to process new housing benefit claims, with a target of within 20 days of the claim being received. The target has been exceeded throughout 2021-22, with the processing of these new claims taking 17 days.
10. Birth/death registrations (%)
Performance is measured against a target of registering 94.0% of all births and deaths on time. Performance against this target in 2021-22 was 91.0% overall with 4,988 registrations completed on time out of a possible 5,479, however throughout the year the percentages for births were consistently below target and for deaths were above target.
11. Days lost to sickness (%)
The number of days lost to sickness has a target of 7.5 days per full-time-equivalent. In 2021-22, the rate of sickness was above the threshold for most of the year, with an overall average of 7.14 days per full-time-equivalent or 4.4% against a target of 3.5%

Written Statements and Narrative Report

Narrative Report

12. Homelessness cases prevented (%)

Performance in housing is measured by looking at the percentage of those who approach the Council for homelessness assistance, who find housing within 56 days. The target of 55.0% was reached only at the end of 2021-22 achieving 62.5%.

13. Major and County Matter planning decisions made in 2 years, 9 months prior allowed at appeal (%)

The percentage of all major and county matter planning decisions made in two years and nine months prior allowed at appeal measures the performance in planning, with a low percentage desired. The target of 10.0% has been exceeded throughout 2021-22, with 1.54% of planning decisions allowed at appeal being achieved overall.

14. Successful treatments – alcohol (%)

One KPI for Public Health can be measured by the percentage of successful alcohol treatments completed by individuals who do not re-present for treatment, which has a target of 32.05% of all those who enter treatment. This KPI has not reached its target and latest data records 30.8%.

15. Street cleanliness below standard (%)

Performance is measured against a KPI of the percentage of surveyed area in Northumberland which is below standard for littering, dog fouling and detritus, with a target of 14.0%. 2021-22 saw this KPI consistently exceed the target, although the percentage of land below standard has increased from 6.8% to 10.1% throughout the year.

Reasons for Top 15 KPIs

In June 2020, as part of the continuous improvement of the Corporate Performance Framework, a selection of 16 KPIs were selected by Executive Officers from the 220 corporate indicators that would be highlighted as part of the quarterly executive summary. These indicators were selected due to having significant strategic impact. The selection has since been reduced to 15 following the removal of 'Delayed Transfers of Care' which is no longer reported on.

Workforce

The financial year 2021-22 saw the Council's workforce increase by 647 to a total of 4,932 employees (excluding schools), with the transfer of Northumbria Healthcare NHS Foundation Trust staff to the Council following the dissolution of the partnership. This will have affected staff absence percentages due to the increased sample sizes of service and also the efficacy of KPIs will have been affected.

During this time, the percentage of full-time-equivalent working hours taken as staff absence has increased from being at the threshold of 3.5% at the start of the year, to being 4.6% at the end of the year.

Services which have absence rates above the threshold rate include all 26 areas except for; Revenues and Benefits, Human Resources/Organisational Development, Education and Skills, Culture, Corporate Finance, Information Services, Public Protection, Legal, Democratic, Northumberland Communities Together, Procurement, Planning, Economy and Regeneration, Public Health, Communications, Complaints and Information Governance, Climate and Policy. In general, the larger the service headcount, the higher the rate of absence so smaller services by headcount such as Climate, Policy and Complaints and Information Governance may not be statistically significant enough to comment on staff absence.

In terms of the percentage of staff who have completed their mandatory learning, there has been an increase in this percentage from 90% to 92% which is above the target of 85%. The percentage of appraisals which have been completed has exceeded the target of 85% at 87% which is the highest completion rate in the last three years.

Cabinet Members' Priorities

Progress against the 52 Cabinet Members' priorities (around six for each Cabinet Member) is tracked each quarter. For each of the Cabinet Members' Priorities, measures of success have been proposed, but further work is required to define specific milestones that will enable more effective tracking of progress in the next financial year.

Written Statements and Narrative Report

Narrative Report

Additionally, existing KPIs have been mapped Cabinet Members' Priorities where possible, to ensure a link between them and operational service activity. All 52 Cabinet Members' Priorities are reported to be on track at the end of 2021-22.

Governance

Quarterly Corporate Performance reports are circulated to the Executive Team for review, prior to being presented to the Council's Cabinet, and to the Chairs of the Scrutiny Committees. In addition, the service reports are reviewed with the respective Portfolio Holder and Executive Director.

Covid-19 and Tackling Health Inequalities

We know that pre-Covid-19, significant health inequalities existed between our most and least deprived communities. Initial evidence suggests that some of these inequalities have widened during the Covid-19 pandemic due to the direct impacts and indirect impacts (due to loss of work, reduced wages, loss of education and loneliness due to social restrictions) of Covid-19 on communities who were already experiencing worse health prior to the pandemic.

We also know that health and wellbeing is determined by a wide range of factors such as employment, poverty, housing, education and environment and that many of these factors have been adversely impacted through Covid-19. For example, many people have also had to cope with a reduction in income and increased financial pressures as businesses closed during the lockdown periods. The wellbeing of young people has been particularly impacted by interruptions to school, college and university terms as well as lack of interaction with their friends at critical stages in their emotional development. The unprecedented pressure on our health services during Covid-19 has also created a backlog of hospital treatments and we are already seeing increased demand for General Practitioners appointments and emergency care as well as delayed presentations of cancer and other diseases. There were also some unexpected, short-term positive benefits. In particular, the initial lockdown period saw a profound reduction in vehicle emissions as many people had to work from home. Less traffic and fresh air encouraged more people to get out and enjoy the

benefits of walking and cycling in their local areas. As our communities continue to recover from the Covid-19 pandemic, the Council is committed to working with all partners to reduce health inequalities in our communities. Everything the Council does - providing great education facilities, ensuring new, affordable homes, tackling climate change, keeping neighbourhoods clean and safe, helping vulnerable residents, providing parks, open spaces and leisure & cultural facilities, as well as support to ensure the best start in life – these all have an impact on our residents' health and wellbeing. All of this goes hand-in-hand with ensuring people have access to good job opportunities, because having well-paid, fulfilling employment can make a huge contribution to our wellbeing.

Moving forwards, should other unprecedented public health or economic shocks occur, we have developed effective processes to respond quickly to them to be able to effectively tackle the problem while continuing to deliver services to residents.

Strategic Performance - How

In everything we do, we will listen to and communicate with residents, businesses and partners and, ensure value for money in our services. We will pull our weight regionally and nationally, working with our partners to secure maximum benefit for residents and businesses.

- Since April 2020, the Council has accessed Government funding to support Northumberland-based businesses through the Covid-19 pandemic. Over £208.50 million has been paid out by The Council, via Government grants, to local businesses. Between April 2020 and March 2022 over 48,000 payments have been made by the Council to Northumberland businesses.
- Throughout Covid-19, the Council has played a pivotal role in communicating key messages to residents and businesses, helping to keep people safe and advising on what residents and businesses could do, as well as helping people access vital services such as Covid-19-testing facilities. Working with neighbouring councils and partners, our campaigns have helped to reduce the spread of Covid-19 in partnership with residents and Covid-19 community champions

Written Statements and Narrative Report

Narrative Report

at critical points as well as achieving high rates of vaccination across our population.

- Our Customer Services adapted quickly to Covid-19 restrictions and continued to operate throughout, ensuring our residents' queries were answered and they were able to access the services they needed. Alongside this, we have progressed work to make more services and transactions available online and digitally – indeed the need to respond to Covid-19 restrictions, in many ways, accelerated this work.
- Our ways of working across all services have adapted quickly and effectively to the fast-changing circumstances. Alongside this, we have progressed the refurbishment of County Hall over the past year, ensuring a modern, fit for purpose facility for the future.

Strategic Performance - Thriving

We will vigorously secure more and new investment into the county. We want to attract more and better jobs.

Pre-Covid-19, we were already laying the foundations for future economic growth across the county. Our focus is now to support our economy to recover and return to strong growth through a five-point plan:

- i. Investing in the transition to a future economy
- ii. Investing in our places, culture and tourism
- iii. Investing in transport, digital and connectivity
- iv. Investing in our people, jobs, skills and livelihoods
- v. Investing in a green recovery

The following progress has been achieved:

- BritishVolt had planned to manufacture some of the world's most sustainable, low carbon battery cells on the site of the former Blyth Power Station. Work has started on site at Cambois, with BritishVolt commencing enabling works on the Gigaplant site. The development will bring 3,000 highly skilled jobs and another 5,000+ in the

associated supply chains. Once at full capacity, the Gigaplant will have a production capability equating to approximately enough cells for around 300,000 electric vehicle battery packs per year, intended primarily for the automotive industry. Recharge Industries have acquired British Volt and are now in the process of securing the major development funding necessary to construct the Gigafactory and acquire/install production equipment. To successfully achieve this, Recharge Industries has requested the Council issue a Deed of Variation on the Call Option which forms part of the sale agreement for the land at Northumberland Energy Park.

- Work is continuing at pace on reopening the Northumberland Line to passenger travel helping to connect communities to jobs and other opportunities across the North of Tyne area. The Council is working with the Department for Transport, Network Rail and Northern Trains Limited on the ambitious programme to reintroduce regular passenger trains between Ashington and Newcastle by 2024 - boosting education, employment and housing prospects for the region. The planning applications required to deliver the re-opening of passenger rail services on the Northumberland Line remain on track. The application for Chase Meadows footbridge in Ashington was the first of the Northumberland Line applications to be granted planning permission. The Council has also submitted planning applications for new stations at Ashington; Bedlington; Blyth Bebside; Northumberland Park and Seaton Delaval with decisions expected in the coming months.
- The Council has played a pivotal role in supporting businesses across key sectors to survive the Covid restrictions and prepare for recovery. Since April 2020, the Council has accessed the Government funding to support Northumberland-based businesses through the Covid pandemic.
- The multi-million Borderlands programme of investment in rural growth and regeneration across the England-Scotland Border is making good progress. Partners are working together to deliver

Written Statements and Narrative Report

Narrative Report

transformative change across the region to maximise the benefits of growth. Borderlands projects are focusing on several key themes including digital technology; innovation; low carbon; and energy.

- The latest trends for unemployment and employment rates show that, following the economic challenges from the Covid-19 lockdowns, we are showing signs of recovery with most trends heading in the right direction. However, the Economic Inactivity rate is increasingly influenced by a substantial growth in early retirement. This is similar to trends following the recession in 2008.

Strategic Performance - Living, Learning

We will care for our residents, supporting the most vulnerable in our society as well as encouraging active citizens. We will ensure the best education standards for our children and young people.

- The Council's commitment to provide a multi-million-pound learning and leisure project in Ponteland is now complete and has now welcomed students and leisure users through the doors. The community of Ponteland and its surrounding areas are benefitting from one of the Council's largest ever capital programmes. The now completed first phase of the £50.61 million project introduces state-of-the-art leisure buildings, and brand-new facilities for primary and high school students in the area.
- The Council's schools investment and improvement programme is gaining pace with projects completed, nearing completion and beginning despite Covid-19 setbacks. Multi-million-pound investments across the county are part of the Council's largest ever capital programme, improving education prospects for all. In the north of the county £40.00 million has been allocated for a new school to replace the ageing Berwick Academy buildings. Investment is planned at Seaton Valley as well as James Calvert Spence College in Amble, where the Council will be developing plans to improve the school facilities to meet the demand of a 21st century curriculum.
- Significant capital investment has been made to improve the quality of leisure facilities across the county. This investment includes a £5.00 million upgrade of Blyth Sports Centre, a £21.00 million new sport and leisure centre in Morpeth, a £2.04 million upgrade of Newbiggin Sports Centre and a new £23.15 million sport and leisure centre in Berwick.
- We ensured local parks and open spaces were safe and accessible to residents during the Covid-19 pandemic – giving people a valuable outlet to maintain health and wellbeing during the challenges of lockdown. Close working arrangements were established last spring/summer with a range of partner organisations to better manage the visitor numbers across the county. Work included the Love it Like It's Yours campaign encouraging positive responsible behaviours, enhanced litter picking / toilet cleaning and parking enforcement activity, additional overflow parking provision and new restrictions at pinch point areas.
- We adapted our Library Service during the Covid-19 restrictions to maintain services to those who needed them most and, critically, helped potentially vulnerable residents cope with periods of isolation by offering a 'befriending service'.
- We supported the survival and recovery of Tourism and Hospitality businesses through direct grants; adapting the Discover our Land campaign to the restrictions of Covid-19; creating 'Lockdown Stories' an online exhibition that showcased artwork, music, poems and writing produced by Northumberland residents during the lockdowns; and, launching the 'Shop Local' campaign to support local businesses
- Multi-million-pound investments across the county are part of the Council's largest ever capital programme improving education prospects.

Written Statements and Narrative Report

Narrative Report

Strategic Performance - Enjoying, Connecting

We will maintain, protect and enhance the environment, prioritising our commitments on Climate Change. We will deliver high-quality services in all our communities and secure investment in housing and transport across the county.

- The works at Druridge Bay Country Park have been completed and the new 20 pitch touring camping and caravan area within the park will be opening autumn 2022, with strong interest already being expressed in the facility from various camping and motorhome touring organisations. This builds on the earlier investments in the expansion of the cafe and visitor centre and new children's play area – which are both proving very popular.
- Funding has been agreed to support the provision of a new major play area at the southern end of Newbiggin Bay in partnership with the Town Council.
- Despite the challenges to our Local Transport Plan programme presented by Covid-19, progress has generally been good and the surface dressing and micro-surfacing works programmes are now completed for the year and resurfacing and footway improvement schemes all well underway. We are also continuing with the 2nd year of the £15.00 million investment in U&C (minor) roads and footways.
- We continue to make good progress with our car park action plans. The Council has already invested heavily to provide an excellent public Electric Vehicle Charging Points network – with 74 individual chargers and 147 charging bays already in operation.
- As part of our continued Covid-19 response the temporary enhanced cleansing of all public conveniences continued until March 2022 and for a second consecutive year we will keep all public conveniences open during the winter.
- Road safety remains important and a number of highway improvements have been implemented since April 2021 to improve safety for all road users. Work also continues to progress on many

planned improvements for pedestrians and cyclists across the county, including new footways, pedestrian/toucan crossings and bus stop access improvements. 20mph limits at schools have been fully introduced at five new locations, with a further seven being issued for programming for delivery on site. A further 20 schemes are currently being developed in discussion with Councillors or Town and Parish Councils.

Written Statements and Narrative Report

Narrative Report

7. Treasury Management Activities

The Council's debt and investment position, excluding accrued interest, at the end of the period was as follows:

| | Principal £000 | 31 March 2022 Average Rate % |
|--------------------------|-------------------|---------------------------------------|
| Public Works Loans Board | 451,281 | 2.66 |
| Local Authority Loans | 60,000 | 0.95 |
| Other Market Loans | 245,649 | 3.99 |
| Total Debt | 756,930 | 2.96 |
| | | |
| Total Investments | 188,100 | 0.85 |

During the year the Council repaid £55.58 million of maturing borrowing and took out replacement borrowing of £0.04 million in line with authorised limits. This resulted in a net decrease in total borrowing of £55.54 million, from £812.47 million at the start of the year to £756.93 million at 31 March 2022.

Overall external investments (excluding cash and accrued interest) decreased during the year by £18.50 million from £206.60 million to £188.10 million, and the Council maintained an average balance of £229.08 million of internally managed funds. The decrease was largely due to the utilisation of investment balances to cover the Capital Financing Requirement (CFR) in lieu of borrowing externally.

The Council manages its investments in-house and invests with the institutions listed in the Council's approved counterparty list. The Council's aim is to achieve the optimum return on its investments while remaining within the authorised levels of security and liquidity.

The Council invests for a range of periods from overnight to 12 months for banks and building societies, dependent on the Council's cash flows, the interest rates on offer, durational limits set out in the approved investment strategy and assumptions about future changes in interest rates. Funds are

also placed with other local authorities for longer periods. Although market rates remain low the Council has achieved higher than average interest rates on its investments during the period.

8. Pension Deficit

At 31 March 2022 the Council's net liability for future pension costs was £742.49 million. 63.0% of this net liability is attributable to the Local Government Pension Scheme (LGPS), which is a funded scheme, and the rest to unfunded schemes such as the Firefighters' Pension Scheme. For the LGPS, the Council pays an employer's contribution into the Tyne and Wear Pension Fund at a rate set by the Fund's actuary. The rate paid in 2021-22 was set on the basis of the actuarial valuation of the Fund as at 31 March 2019. This set the rate payable for the 3 years ending 31 March 2023 with an aim to fully fund the liabilities within approximately 10 years.

9. Group Results

The Council delivers some of its activities through a number of wholly owned subsidiaries. Group financial statements are therefore produced to reflect the full extent of the Council's economic activity and financial position.

The Group accounts consolidate the results and balances of the Council with those organisations considered to be part of the Group. Intra-company transactions are eliminated and the accounting policies of the subsidiaries are aligned with those of the Council on consolidation in order to present the overall Group position. The Group and Single Entity accounts should be viewed with equal prominence.

On the 13 November 2018, the Arch Group was re-organised with Arch (Corporate Holdings) Limited being removed as the Group holder and replaced with Advance Northumberland Limited. Arch (Corporate Holdings) Limited remained dormant throughout 2020-21, and on 10 November 2020 was dissolved.

On 17 September 2020 Northumberland Enterprise Holdings Limited was incorporated at Companies House, and on 29 March 2021 Northumbria Integrated Consultancy Limited was also incorporated. Northumbria Integrated Consultancy Limited is a wholly owned subsidiary of

Written Statements and Narrative Report

Narrative Report

Northumberland Enterprise Holdings Limited. Both Companies commenced trading in 2021-22.

The Group results show a deficit on the provision of services after taxation of £14.83 million (£27.03 million deficit in 2020-21 restated), incorporating a net surplus for the Advance Northumberland Group after group consolidation adjustments of £34.60 million (£5.50 million surplus in 2020-21), and a net deficit for Northumberland Enterprise Holdings Group of £0.09 million. Within the Advance Northumberland Group balance there is an unrealised net gain of £19.43 million on Investment Properties (£17.21 million unrealised net loss in 2020-21 restated) as a result of net upward revaluations. Prior to consolidation adjustments the Advance Northumberland Group showed a surplus of £19.30 million (£17.12 million deficit in 2020-21), and the Northumberland Enterprise Holdings Group showed a deficit of £0.15 million.

The Group balance sheet shows the value of assets and liabilities recognised by the Group at 31 March 2022 and the level of reserves, split into usable and unusable.

| 31 March 2021 | | 31 March 2022 |
|---------------|--------------------------------------|---------------|
| £m | | £m |
| 1,782.65 | Long Term Assets | 1,851.97 |
| 125.24 | Net Current Assets | 104.98 |
| (1,750.85) | Long Term Liabilities and Provisions | (1,539.73) |
| 157.04 | Net Assets | 417.22 |
| | Represented by: | |
| 347.06 | Usable Reserves - Council | 362.75 |
| (182.64) | Unusable Reserves - Council | 43.96 |
| (7.38) | Unusable Reserves - Subsidiaries | 10.51 |
| 157.04 | Total Reserves | 417.22 |

At 31 March 2022 the Advance Northumberland Group owed the Council £281.61 million (£281.85 million 2020-21) primarily in respect of principal and interest due on a commercial loan facility; whilst, the Council owed the Advance Northumberland Group £1.89 million (£2.56 million in 2020-21)

primarily for capital grant claims for Northumberland Energy Park Phase 1, Ashington Leisure Centre and Ashwood Business Park.

At 31 March 2022 the Northumberland Enterprise Holdings Group neither owed or were due any funds from the Council.

10. Corporate Risks

The Council has a process to manage risks and assist the achievement of its objectives, alongside national and local performance targets. The Corporate Risk Register plays an integral role in supporting achievement of priorities as set out in the Corporate Plan.

Key risks currently identified and being managed at the corporate level during 2021-22 include those relating to the following areas:

- Financial Assumptions;
- Engagement of Communities;
- Economic Inclusion;
- Organisational Development/Workforce;
- Civil Contingency & Business Continuity;
- Corporate Compliance;
- Information Governance;
- Multiple and Concurrent High-profile Large-scale Capital Projects;
- Contract Management;
- Response to Climate Change;
- Northumberland Enterprise Holdings Limited;
- Regeneration;
- Covid-19 Local Outbreak Prevention and Control Plan;
- Covid-19 Recovery;
- Exceptional Governance Matters; and,
- Advance Northumberland.

Written Statements and Narrative Report

Narrative Report

11. Explanation of the Financial Statements

The Statement of Accounts for Northumberland County Council presents the overall financial performance and position of the Council for the year ended 31 March 2022 and has been produced in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2021-22, published by the Chartered Institute of Public Finance and Accountancy (CIPFA). The amounts presented in the financial statements and notes have been rounded to the nearest thousand pounds unless otherwise stated.

It comprises core financial statements together with disclosure notes and the following:

- Housing Revenue Account (HRA)
- Collection Fund Account
- Group Accounts
- Firefighters' Pension Fund

The Core Financial Statements are: **Comprehensive Income and Expenditure Statement**

This reports the income and expenditure associated with the provision of Council services. It also discloses non-cash surpluses and deficits relating to the revaluation of Council assets, and gains and losses on pension scheme assets and liabilities.

Movement in Reserves Statement

This shows the movement in the year for the different reserves held by the Council. These reserves are analysed into "usable" (i.e. those that represent resources that can be applied to fund expenditure) and "unusable" (i.e. those that must be set aside for specific purposes).

Balance Sheet

This is fundamental to the understanding of the Council's year-end financial position. It shows the balances and reserves at the Council's disposal, its long term indebtedness and summarised information on the assets held.

Cash Flow Statement

This summarises the inflows and outflows of cash and cash equivalents arising from transactions with third parties for revenue and capital purposes. Cash is defined for the purpose of this statement as cash in hand. Cash equivalents are deposits repayable on demand.

Notes to the Financial Statements

The notes to the accounts provide further detail of material items within the core Financial Statements.

Housing Revenue Account (HRA)

This separately identifies the Council's statutory landlord function as a provider of social housing under the Local Government and Housing Act 1989.

Collection Fund Account

This account is maintained separately as a statutory requirement, to show the transactions of the Council as a billing authority in relation to Council Tax and Non-domestic Rates. It shows the way in which the income collected has been distributed to precepting authorities.

Group Accounts

The Group Accounts show the full extent of the Council's economic activities by reflecting the Group's activities.

Firefighters' Pension Fund

These statements provide information relating to the transactions in the year.

Written Statements and Narrative Report

Independent Auditor's Report

Independent Auditor's Report to the Members of Northumberland County Council

Report on the audit of the financial statements

Opinion on the financial statements

We have audited the financial statements of Northumberland County Council ("the Council") and its subsidiaries ("the Group") for the year ended 31 March 2022, which comprise the Council and Group Comprehensive Income and Expenditure Statements, the Council and Group Movement in Reserves Statements, the Council and Group Balance Sheets, the Council and Group Cash Flow Statements, the Housing Revenue Account Income and Expenditure Statement, the Movement on the Housing Revenue Account Statement, the Collection Fund Account, the Firefighters' Pension Fund Account and Net Assets Statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2021/22 as amended by the Update to the Code and Specifications for Future Codes for Infrastructure Assets ("the Code Update"), published in November 2022.

In our opinion, the financial statements:

- give a true and fair view of the financial position of the Council and the Group as at 31st March 2022 and of the Council's and the Group's expenditure and income for the year then ended; and
- have been properly prepared in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2021/22 as amended by the Code Update.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities section of our report. We are independent of the Council and Group in accordance with the

ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Executive Director of Transformation and Resources' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Council and Group's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Executive Director of Transformation and Resources with respect to going concern are described in the relevant sections of this report.

Other information

The Executive Director of Transformation and Resources is responsible for the other information. The other information comprises the Annual Governance Statement and information included in the Statement of Accounts, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that

Written Statements and Narrative Report

Independent Auditor's Report

there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of the Executive Director of Transformation and Resources for the financial statements

As explained more fully in the Statement of the Section 151 Officers' Responsibilities, the Executive Director of Transformation and Resources is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2021/22 as amended by the Code Update, and for being satisfied that they give a true and fair view. The Executive Director of Transformation and Resources is also responsible for such internal control as the Executive Director of Transformation and Resources determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The Executive Director of Transformation and Resources is required to comply with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2021/22 as amended by the Code Update and prepare the financial statements on a going concern basis, on the assumption that the functions of the Council will continue in operational existence for the foreseeable future. The Executive Director of Transformation and Resources is responsible for assessing each year whether or not it is appropriate for the Council and Group to prepare its accounts on the going concern basis and disclosing, as applicable, matters related to going concern.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could

reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. Based on our understanding of the Council, we identified that the principal risks of non-compliance with laws and regulations related to the Local Government Act 2003 (and associated regulations made under section 21), the Local Government Finance Acts of 1988, 1992 and 2012, the Accounts and Audit Regulations 2015, the Local Government and Housing Act 1989 and we considered the extent to which non-compliance might have a material effect on the financial statements.

We evaluated the Executive Director of Transformation and Resources incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls) and determined that the principal risks were related to posting manual journal entries to manipulate financial performance, management bias through judgements and assumptions in significant accounting estimates and significant one-off or unusual transactions.

Our audit procedures were designed to respond to those identified risks, including non-compliance with laws and regulations (irregularities) and fraud that are material to the financial statements. Our audit procedures included but were not limited to:

- discussing with management and the Audit Committee the policies and procedures regarding compliance with laws and regulations;
- communicating identified laws and regulations throughout our engagement team and remaining alert to any indications of non-compliance throughout our audit; and
- considering the risk of acts by the Council and the Group which were contrary to applicable laws and regulations, including fraud.

Our audit procedures in relation to fraud included but were not limited to:

Written Statements and Narrative Report

Independent Auditor's Report

- making enquiries of management and the Audit Committee on whether they had knowledge of any actual, suspected or alleged fraud;
- gaining an understanding of the internal controls established to mitigate risks related to fraud;
- discussing amongst the engagement team the risks of fraud; and
- addressing the risks of fraud through management override of controls by performing journal entry testing.

There are inherent limitations in the audit procedures described above and the primary responsibility for the prevention and detection of irregularities including fraud rests with management and the Audit Committee. As with any audit, there remained a risk of non-detection of irregularities, as these may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal controls.

We are also required to conclude on whether the Executive Director of Transformation and Resources' use of the going concern basis of accounting in the preparation of the financial statements is appropriate. We performed our work in accordance with Practice Note 10: Audit of financial statement and regularity of public sector bodies in the United Kingdom, and Supplementary Guidance Note 01, issued by the National Audit Office in September 2021.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Report on the Council's arrangements for securing economy, efficiency and effectiveness in its use of resources

Matter on which we are required to report by exception

We are required to report to you if, in our view, we are not satisfied that the Council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2022.

We have not completed our work on the Council's arrangements. On the basis of our work to date, having regard to the guidance issued by the Comptroller

and Auditor General in December 2021, we have identified the following significant weaknesses in the Council's arrangements for the year ended 31 March 2022.

In August 2024 we identified a significant weakness in the Council's arrangements for the 2020/21 audit year. In our view this significant weakness remains for the year ended 31 March 2022:

| Significant weaknesses in arrangements – issued in a previous year | Recommendation |
|--|--|
| <p>In February 2022, the Council commissioned SOLACE to undertake an independent corporate governance review of the Council, which was reported to full Council on 8 June 2022. The report identified numerous and wide-ranging weaknesses in the Council's arrangements in relation to governance and improving economy, efficiency and effectiveness.</p> <p>Separately to the SOLACE report, on 23 May 2022, the Chief Finance Officer of the Council issued a formal report to the Council under sections 114 and 114A of the Local Government Finance Act 1988 as the Council had incurred unlawful expenditure in relation to an unincorporated partnership and a related "international allowance" paid to the former Chief Executive.</p> <p>Follow-up investigations into exit packages have highlighted further weaknesses and unlawful expenditure, leading to a Section 5 report by the Monitoring Officer in March 2024.</p> <p>These matters are evidence of weaknesses in proper arrangements for governance and improving economy, efficiency and effectiveness.</p> | <p>In order to fully address weaknesses identified by the SOLACE report, statutory notices and follow-up reports, the Council should continue to ensure that the improvements made in its arrangements from 2022 to-date are maintained and that robust monitoring and reporting processes remain in place to sustain progress in implementing the actions to address identified weaknesses.</p> |

Written Statements and Narrative Report

Independent Auditor's Report

We will report the outcome of our work on the Council's arrangements in our commentary on those arrangements within the Auditor's Annual Report. Our audit completion certificate will set out any further matters which we are required to report by exception.

Responsibilities of the Council

The Council is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

Auditor's responsibilities for the review of arrangements for securing economy, efficiency and effectiveness in the use of resources

We are required under section 20(1)(c) of the Local Audit and Accountability Act 2014 to satisfy ourselves that the Council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Council's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

We have undertaken our work in accordance with the Code of Audit Practice, having regard to the guidance issued by the Comptroller and Auditor General in April 2021.

Matters on which we are required to report by exception under the Code of Audit Practice

We are required by the Code of Audit Practice to report to you if:

- we issue a report in the public interest under section 24 of the Local Audit and Accountability Act 2014;
- we make a recommendation under section 24 of the Local Audit and Accountability Act 2014; or
- we exercise any other special powers of the auditor under sections 28, 29 or 31 of the Local Audit and Accountability Act 2014.

We have nothing to report in these respects.

Use of the audit report

This report is made solely to the members of Northumberland County Council, as a body, in accordance with part 5 of the Local Audit and Accountability Act 2014 and as set out in paragraph 44 of the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. Our audit work has been undertaken so that we might state to the members of the Council those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the members of the Council, as a body, for our audit work, for this report, or for the opinions we have formed.

Delay in certification of completion of the audit

We cannot formally conclude the audit and issue an audit certificate until we have issued our commentary on the Council's arrangements for securing economy, efficiency and effectiveness in its use of resources. This commentary will be included in our Auditor's Annual Report.

Written Statements and Narrative Report

Statement of Responsibilities

The Council's Responsibilities

The Council is required to:

- make arrangements for the proper administration of its financial affairs and to ensure that one of its officers has the responsibility for the administration of those affairs. In this authority that officer is the Section 151 Officer;
- manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets; and,
- approve the Statement of Accounts.

The Section 151 Officer's responsibilities

The Section 151 Officer is responsible for the preparation of the Council's Statement of Accounts which, in terms of the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom ("the Code"), are required respectively to present fairly the financial position of the at the accounting date and the income and expenditure for the year then ended.

In preparing this Statement of Accounts the Section 151 Officer has:

- selected suitable accounting policies and then applied them consistently except where policy changes have been noted in these accounts;
- made judgements and estimates that were reasonable and prudent; and,
- complied with the Code (including the Update to the Code and Specifications for Future Codes for Infrastructure Assets issued by CIPFA/LASAAC in November 2022).

The Section 151 Officer has also:

- kept proper accounting records which were up to date; and,
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

• Approval of Audited Statement of Accounts

In accordance with the Accounts and Audit Regulations 2015, I confirm that the Statement of Accounts was approved by the Audit Committee on 28 August 2024.

Peter Topping

Chair of Audit Committee

Date: 28 August 2024

• Executive Director of Transformation and Resources - Finance Certificate (Audited Accounts)

I certify that the Audited Statement of Accounts presents fairly the financial position of the Council as at 31 March 2022 and their income and expenditure for the year ended 31 March 2022.

Jan Willis

Executive Director of Transformation and Resources

Date: 28 August 2024

Core Financial Statements

Core Financial Statements

Comprehensive Income and Expenditure Statement

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in both the Expenditure and Funding Analysis and the Movement in Reserves Statement.

| Gross Expenditure £000 | Gross Income £000 | As Restated 2020-21 Net Expenditure £000 | | Note | Gross Expenditure £000 | Gross Income £000 | 2021-22 Net Expenditure £000 |

Core Financial Statements

Balance Sheet

The Balance Sheet shows the value as at 31 March 2022 of the assets and liabilities recognised by the Council. The net assets of the Council (assets less liabilities) are matched by the reserves held. Reserves are reported in two categories. The first category of reserves is usable reserves, i.e. those reserves that the Council may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example the Capital Receipts Reserve that may only be used to fund capital expenditure or repay debt). The second category of reserves is those that the Council is not able to use to provide services. This category of reserve includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold; and, reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations'.

Core Financial Statements

Cash Flow Statement

The Cash Flow Statement shows the changes in cash and cash equivalents of the Council during the year to 31 March 2022 by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council are funded by way of taxation and grant income or from the recipients of services provided by the Council. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Council's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital to the Council.

Notes

Supporting the
Comprehensive
Income and
Expenditure
Statement

1. Expenditure and Funding Analysis

The objective of the Expenditure and Funding Analysis is to demonstrate to council tax and rent payers how the funding available to the Council (i.e. government grants, rents, council tax and business rates) for the year has been used in providing services in comparison with those resources consumed or earned by authorities in accordance with generally accepted accounting practices.

The Expenditure and Funding Analysis also shows how this expenditure is allocated for decision making purposes between the Council's services.

Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement (CIES).

| As Restated 2020-21 | | | 2021-22 | | |

Notes to the Accounts

Notes to the Expenditure and Funding Analysis

The adjustments between the funding and accounting basis shown above are analysed further in the following tables.

Adjustments for Capital Purposes

This column adds in depreciation, impairment and revaluation gains and losses in the services line; and, for:

- Other Operating Expenditure – adjusts for capital disposals with a transfer of income on disposal of assets and the amounts written off for those assets. Also any change in the fair value of assets held for sale is reflected in this note;
- Financing and Investment income and expenditure – the statutory charges for capital financing i.e. Minimum Revenue Provision and other revenue contributions are deducted from other income and expenditure as these are not chargeable under generally accepted accounting practices; and,
- Taxation and non-specific grant income and expenditure – capital grants are adjusted for income not chargeable under generally accepted accounting practices. Revenue grants are adjusted from those receivable in the year to those receivable without conditions or for which conditions were satisfied throughout the year. The taxation and non-specific grant income line is credited with capital grants receivable in the year without conditions; or, for which conditions were satisfied in the year.

Net Change for the Pensions Adjustments

Net change for the removal of pension contributions and the addition of IAS 19 Employee Benefits pension related expenditure and income:

- For Services - this represents the removal of the employers' pension contributions made by the authority as allowed by statute; and, the replacement with current service costs and past service costs; and,
- For Financing and Investment income and expenditure – the net interest on the defined benefit liability is charged to the comprehensive income and expenditure statement.

Other Differences

Other differences between amounts debited/credited to the comprehensive income and expenditure statement and amounts payable/receivable to be recognised under statute:

- For Financing and Investment income and expenditure - the other differences column recognises adjustments to the General Fund for the timing differences for premiums and discounts;
- For Services - this represents the change in accrued employee benefits such as annual leave; and,
- The charge under taxation and non-specific grant income represents the difference between what is chargeable under statutory regulations for council tax and non-domestic rates that was projected to be received at the start of the year; and, the income recognised under generally accepted accounting practices in the Code. This is a timing difference as any difference will be brought forward in future surpluses or deficits in the Collection Fund.
- Adjustments from the General Fund to arrive at the amounts disclosed within the Comprehensive Income and Expenditure Statement:
-

| As Restated 2020-21 | | | | | 2021-22 | | | |

| (196,757) | (207,521) |
| (23,558) | (34,710) |
| (118,656) | (99,227) |
| (98,468) | (66,723) |
| (437,439) | (408,181) |
| Total Taxation and Non Specific Grant Income | |

- * Further analysis is shown within Note 11

6. Better Care Fund

National policy requires local authorities and NHS Clinical Commissioning Groups (CCGs) to establish a pooled fund under Section 75 of the NHS Act 2006, and to make joint decisions about how to use the fund to promote integration between health and social care services. A Better Care Fund Plan for 2021-22, submitted to NHS England in November 2021, set out in detail how the funds, which the Council and Northumberland CCG were required to include in the pooled fund, would be allocated to specific purposes. The CCG was required under national rules to transfer a total of £16.65 million from its contribution to the local authority; the local authority was required to include in the fund "Improved Better Care Fund" (IBCF) grant funding paid directly to the Council, as well as capital funding for adaptations to the homes of disabled people and related purposes.

| 2020-21 £000 | 2021-22 £000 |
|---|-----------------|
| Funding provided to the pooled budget: | |
| (15,457) | (15,457) |
| (25,418) | (26,708) |
| (40,875) | (42,165) |
| Expenditure met from the pooled budget: | |
| 31,350 | 32,103 |
| 9,525 | 10,062 |
| 40,875 | 42,165 |
| - | - |
| Net surplus (Surplus)/Deficit | |

7. Members' Allowances

The Council paid the following amounts to Members during the year:

| 2020-21 £000 | 2021-22 £000 |
|--------------------|-----------------|
| 1,375 Allowances | 1,406 |
| 5 Expenses | 22 |
| 1,380 Total | 1,428 |

8. Officers' Remuneration

The Accounts and Audit Regulations 2015 require authorities to disclose the number of employees whose remuneration in the year was £50,000 and above, shown in bands of £5,000. Remuneration is defined as all amounts paid to or receivable by an employee, expense allowances chargeable to tax and the money value of benefits. The change in the profile of number of employees within each band reflects salary increments and pay awards, early retirements and part-year effects of staff joining or leaving the Council within the year.

The note excludes senior employees whose individual remuneration is in the remuneration of senior officers' disclosure.

| 2020-21 All Employees | Remuneration Band | 2021-22 All Employees |
|--------------------------|----------------------|--------------------------|
| 123 | £50,000 to £54,999 | 149 |
| 78 | £55,000 to £59,999 | 86 |
| 43 | £60,000 to £64,999 | 55 |
| 41 | £65,000 to £69,999 | 40 |
| 17 | £70,000 to £74,999 | 24 |
| 9 | £75,000 to £79,999 | 8 |
| 4 | £80,000 to £84,999 | 7 |
| 7 | £85,000 to £89,999 | 3 |
| 9 | £90,000 to £94,999 | 7 |
| 1 | £95,000 to £99,999 | 4 |
| 3 | £100,000 to £104,999 | 2 |
| - | £105,000 to £109,999 | 1 |
| 2 | £110,000 to £114,999 | 2 |
| 1 | £115,000 to £119,999 | - |
| 2 | £120,000 to £124,999 | 2 |
| - | £125,000 to £129,999 | 1 |
| 1 | £130,000 to £134,999 | 2 |
| 341 | Total | 393 |

Notes to the Accounts

The Accounts and Audit Regulations 2015 require authorities to disclose the remuneration of senior officers. There have been no bonuses paid to senior officers in 2020-21 or 2021-22.

| 2021-22 | Note | Salary | Allowances | Compensation for loss of office | Strain on the Fund | Benefits in kind* | Total Remuneration | Pension Contributions | Total Remuneration inc Pension Contributions |

Notes:

*The amounts included within this column include both the salary sacrifice and the P11D benefit in kind values.

#Whilst the allowance for this post has been paid by the Council to the postholder; following the issuance of a report by the Council's Interim Executive Director of Finance and Section 151 Officer, under Section 114 of the Local Government Finance Act 1988 to Members, further investigation is required regarding the lawfulness of the payment in the first instance. Following that investigation, a decision may need to be made regarding potential recovery. The link to the report is <https://www.northumberland.gov.uk/About/Transparency.aspx#statutoryfinancereport>

Notes to the Accounts

| Note | From | To | Post Holder | Information |
|------|-----------|-----------|--|--|
| 1 | 01-Apr-21 | 14-May-21 | Chief Executive and Head of Paid Service | This post is 0.50 FTE. The Chief Executive also receives an International Allowance. |
| | 15-May-21 | 31-Mar-22 | Chief Executive and Head of Paid Service | This post is contractually 0.50 FTE. However, the Chief Executive worked for the Council on a quantum meruit basis during this period and received the equivalent of a full-time salary. The Chief Executive also receives an International Allowance. |
| 2 | 01-Apr-21 | 14-Nov-21 | Executive Director of Adult Social Care & Children's Services | |
| | 15-Nov-21 | 31-Mar-22 | Executive Director of Adult Social Care & Children's Services and Deputy Chief Executive | |

Notes:

*The post of Service Director - Adult Services and Community was deleted following voluntary redundancy of the postholder.

**This figure currently includes a final pay control charge.

***The amounts included within this column include both the salary sacrifice and the P11D benefit in kind values.

#Whilst the allowance for this post has been paid by the Council to the postholder; following the issuance of a report by the Council's Interim Executive Director of Finance and Section 151 Officer, under Section 114 of the Local Government Finance Act 1988 to Members, further investigation is required regarding the lawfulness of the payment in the first instance. Following that investigation, a decision may need to be made regarding potential recovery. | Total cost included in Comprehensive Income and Expenditure Statement | 2 | 3 | 83 | 102 | 88 | 105 | 2,103,062 | 1,858,936 |

*This figure currently includes a final pay control charge.

A redundancy provision was not created in the 2021-22 accounts; therefore, there is no provision for redundancies in the Council's Comprehensive Income and Expenditure Statement. The 2020-21 accounts included a provision of £0.17 million payable to three officers. An additional line has been added to reconcile to the total cost of termination benefits reported in the previous year's Comprehensive Income and Expenditure Statement.

The Executive Director of Transformation and Resources (Section 151 Officer) further investigated the lawfulness of exit payments to former senior officers and advised Audit Committee on 26 July 2023 that based on the legal advice available at the time, was of the view that up to seven of the eight exit payments to former officers identified were unlawful on the basis that the approvals required in the Council's Constitution were not observed and that the payments failed to take account of prevailing policy frameworks, statute and/or statutory guidance. Of the seven exits referred to, £376,776.95 related to exit packages included in the 2021-22 accounts (£546,421.37 relating to 2020-21).

Having consulted informally with both the Head of Paid Service and the current and former Monitoring Officers and external legal advisers, the Section 151 Officer advised the Committee that she was satisfied that all the relevant facts had been put in the public domain and that the measures put in place following the issue of the S114 report had minimised the risk of any repeat occurrence. Therefore, on balance, the Section 151 Officer was not persuaded that there was a compelling public interest in making a statutory report concerning these matters, and it was not her intention to do so at that time. In the interests of full

Notes to the Accounts

transparency, however, it was her intention to bring a full report on these matters to Staff and Appointments Committee at the earliest opportunity. Counsel's opinion was subsequently commissioned to inform that report and further consideration of whether the statutory reporting duty of the Council's S151 Officer and/or Monitoring Officer had been engaged and is currently awaited.

The Director of Law & Corporate Governance took a report to Audit Committee on 20 March 2024 to assure Council that all appropriate steps have been taken such that future decisions will be in full compliance with law and guidance. There is no ongoing issue, all steps to remedy the flawed process have been taken and adopted.

The Council has made significant progress in its governance arrangements and has put in place more transparent and robust reporting and approval processes. The pay policy statement has been amended to ensure compliance with the requirements of the Localism Act 2011. There is also a requirement for the S151 Officer to be consulted prior to entering into settlement agreements and to sign off all exit packages, regardless of value. The requirements of the Localism Act 2011 regarding transparency and accountability for exit payments to chief and deputy chief officers and all severance payments over £100,000 is now well understood. [Link to the report](#)

9. External Audit Costs

The Council has incurred the following costs in relation to the audit of the Statement of Accounts, assurance work in relation to grant claims and for non-audit services provided by the Council's external auditors:

| 2020-21 £000 | | 2021-22 £000 |
|-----------------|--|-----------------|
| 170 | Fees payable to the appointed auditor with regard to external audit services carried out by the appointed auditor for the year | 170 |
| 18 | Fees payable to the appointed auditor for assurance work in relation to grant claims and returns for the year | 18 |
| - | Public Sector Audit Appointments (PSAA) distribution of surplus funds* | (37) |
| 188 | Total | 151 |

*Note: The PSAA refund was awarded following approval of its 2020-21 audited annual accounts.

Fee variations are anticipated in addition to the amounts set out above.

10. Dedicated Schools Grant

The Council's expenditure on schools is funded primarily by grant monies provided by the Education Skills Funding Agency (ESFA), the Dedicated Schools Grant (DSG). DSG is ring-fenced and can only be applied to meet expenditure properly included in the Schools' Budget, as defined in the Schools Finance and Early Years (England) Regulations 2021. The Schools' Budget includes elements for a range of educational services provided on an authority-wide basis and for the Individual Schools' Budget (ISB), which is divided into a budget share for each maintained school. Details of the deployment of DSG receivable for 2021-22 are as follows:

| Schools' Budget Funded by DSG | Central Expenditure £000 | Individual Schools' Budget £000 | Total £000 |
|--|--------------------------------|--|----------------|
| Final DSG for 2021-22 before academy and high needs recoupment | | | 263,943 |
| Academy figure recouped for 2021-22 | | | (117,624) |
| Total DSG after Academy Recoupment | - | - | 146,319 |
| Plus: Brought forward from 2020-21 | - | - | 898 |
| Agreed budgeted distribution in 2021-22 | 35,251 | 111,966 | 147,217 |
| In Year Adjustments * | 470 | 40 | 510 |
| Final Budget Distribution for 2021-22 | 35,721 | 112,006 | 147,727 |
| Less Actual Central Expenditure | 31,689 | - | 31,689 |
| Less Actual ISB deployed to Schools | - | 112,006 | 112,006 |
| Carried forward to 2022-23 | 4,032 | - | 4,032 |

*Note: The £0.51 million In Year adjustment relates to the clawback of the 2020-21 Early Years block funding by the Department for Education in November 2021 and an estimate of final Early Years block funding for 2021-22, due to be confirmed in July 2022.

11. Grant Income

The Council credited the following grants, contributions and donations to the Comprehensive Income and Expenditure Statement in 2021-22:

| 2020-21 £000 | | 2021-22 £000 |
|--|--|-----------------|
| Revenue Grants Credited to Taxation and Non Specific Grant Income: | | |
| 30,072 | Business Rates Section 31 Grants | 18,352 |

Notes Supporting the Movement in Reserves Statement

12. Adjustments between Accounting Basis and Funding Basis under Regulations

The following note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Council in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Council to meet future capital and revenue expenditure. The year end balances are stated in the Movement in Reserves Statement.

| 2021-22 | General Fund Balance £000 | Housing Revenue Account £000 | Capital Receipts Reserve £000 | Capital Grants Unapplied £000 | Major Repairs Reserve £000 | Movement in Unusable Reserves £000 |
|--|------------------------------|---------------------------------|----------------------------------|----------------------------------|-------------------------------|---------------------------------------|
| Adjustments primarily involving the Capital Adjustment Account: | | | | | | |
| Reversal of items debited or credited to the Comprehensive Income and Expenditure Statement: | | | | | | |
| Charges for depreciation and impairment of non-current assets | (43,293) | (9,642) | - | - | - | 52,935 |
| Revaluation (losses)/gains on Property Plant and Equipment | (31,754) | 21,660 | - | - | - | 10,094 |
| Modification losses/(gains) in respect of capital financial assets | 1,113 | - | - | - | - | (1,113) |
| Loss allowances in respect of capital financial assets | 30 | - | - | - | - | (30) |
| Movements in the fair value of Investment Properties | 216 | 23 | - | - | - | (239) |
| Amortisation of intangible assets | (569) | (44) | - | - | - | 613 |
| Capital grants and contributions applied | 53,537 | 534 | - | - | - | (54,071) |
| Revenue expenditure funded from capital under statute | (47,896) | (28) | - | - | - | 47,924 |
| Amounts of non-current assets written off on disposal or sale as part of the gain/(loss) on disposal to the Comprehensive Income and Expenditure Statement | (33,030) | - | - | - | - | 33,030 |

Notes to the Accounts

Alnwick District Council – Parks & Open Spaces

This reserve was established by Alnwick District Council during 2005-06 and 2006-07 with total funding of £0.22 million from capital receipts. It was to be utilised in a similar way to Section 106 agreements, to fund work within the district's parks and open spaces. £0.01 million was utilised during 2021-22.

Alnwick District Council – Section 106 Monies

The reserve was established by Alnwick District Council from income received in relation to Section 106 agreements.

Balances Held by Schools under a Scheme of Delegation

The School Balances Reserve of £9.19 million includes school balances of £8.25 million (£5.17 million in 2020-21), which are retained by schools under the Council's Local Management of Schools scheme and are not available for use by the Council, and school-related balances totalling £0.94 million (£0.33 million in 2020-21). The school balances are made up as follows:

| 31 March 2021 £000 | | 31 March 2022 £000 |
|-----------------------|--------------------|-----------------------|
| 7,888 | Unspent Balances | 10,564 |
| (2,437) | Overspent Balances | (2,104) |
| (283) | Loans Outstanding | (210) |
| 5,168 | | 8,250 |

The Council has agreed an internal loan scheme to enable First, Middle, High and Special Schools to borrow money from the aggregate balances of delegated budgets held in the School Balance Reserves. At 31 March 2022 there were 2 loans outstanding of £0.21 million (£0.29 million in 2020-21):

- Stakeford First School £0.01 million; and,
- Alnwick Duchess High School £0.20 million.

Schools' balances are committed to be spent on the education service.

Borderlands Energy Masterplan

This reserve was established as part of the 2020-21 Provisional Outturn Report presented to Cabinet on 8 June 2021. It is to be used to pull together the current energy work of the five Borderland's authorities and identify opportunities for collaboration through the delivery of new and existing low carbon and energy strategies and projects, where there is the potential to benefit from economies of scale and knowledge transfer.

Business Recovery

This reserve was created to support businesses during the Covid-19 recovery period and support economic growth within Northumberland.

Cessation of the NHS Partnership Agreement

The partnership agreement between Northumberland County Council and Northumbria Health Care NHS Foundation Trust for the delegation of local authority health related functions ended on 30 September 2021. This reserve is for the one-off costs relating to the transfer of staff and services to the Council. It is anticipated that the remaining balance will be fully utilised during 2022-23.

Collection Fund Smoothing

This reserve was established in order to mitigate the impact of the estimated Collection Fund deficits for Business Rates and Council Tax which are to be recognised over the course of the Medium-Term Financial Plan.

Community Led Housing

This reserve was created from the Council's allocation from the Department for Housing, Communities and Local Government's Community Housing Fund. It is to be used to support community-led housing developments in areas where the impact of second homes is particularly acute, to enable community groups to deliver affordable housing units of mixed tenure on sites which are to be of little interest to mainstream house builders; and, to build collaboration, skills and supply chains at a local level. The reserve will enable capital investment, technical support and revenue to be provided to make schemes viable.

Notes to the Accounts

Contain Outbreak Management Fund

The Contain Outbreak Management Fund was made available by the Department of Health and Social Care to support Council activity to mitigate and manage local outbreaks of Covid-19. The balance of the fund is committed to continuing activities to protect vulnerable residents; harnessing capacity within local sectors; community-based support for those disproportionately impacted; and communicating safer behaviours that the wider public can follow.

Council Commissioned Services

This reserve was created to support Council commissioned services during the Covid-19 recovery period.

Council Transformation Fund

This reserve was established to fund projects that will realise the transformation ambitions of the Council.

Covid-19 Grant

This reserve held funding provided by government to mitigate pressures in relation to Covid-19. The funding was fully utilised in 2020-21. The treatment of the grant is consistent with other revenue grants as described in the Revenue Grants Reserve narrative.

Dedicated Schools Grant (DSG)

The Department for Education (DfE) regulations (The School and Early Years Finance (England) Regulations 2020) were updated for 2020-21 to make clear the requirement that a DSG surplus balance must be held in an earmarked usable reserve. See Note 10 for further information.

Economy and Regeneration Investment

This reserve is to be used for investment in future projects.

Empty Dwelling Management Order

This reserve was established in 2021-22 from the surplus generated to date on the Council's Empty Dwelling Management Orders Scheme (EDMO). Any surplus generated at the end of the 7-year term is required to be returned to the private homeowners in line with the Order.

Estates Rationalisation

This reserve has been reviewed by the Head of Property Services and Capital Programming and is required to cover the future costs arising from the Council's estates rationalisation programme.

EU Exit Funding

This reserve was established during 2019-20 in relation to future expenditure throughout Northumberland resulting from the impact of the United Kingdom's exit from the European Union. This was fully utilised within the year.

EU Exit Funding - Exports

This reserve was established during 2020-21 in relation to future expenditure on additional Export Health Certificates resulting from the impact of the United Kingdom's exit from the European Union. This was fully utilised within the year.

Exceptional Inflationary Pressures

This reserve was created in 2021-22 to fund exceptional inflationary pressures in 2022-23. The utilisation of this reserve is delegated to the Council's Section 151 Officer.

Fire and Rescue Service HMICFRS Improvement

This reserve was established during 2020-21 in relation to expenditure to deliver a range of initiatives and projects linked to the HMICFRS improvement actions - specifically focussed on staff engagement, service culture, equality, diversity and inclusion, and staff initiated service improvements.

Firefighters' Immediate Detriment

In December 2018, the Court of Appeal ruled that the transitional protection element of the 2015 public service pension reforms constituted unlawful age discrimination in the Firefighters' and Judges' Pension Schemes. This reserve was established during 2020-21 in advance of legislation to remove the age discrimination as found in the McCloud Sargeant Employment Tribunal litigation.

Notes to the Accounts

Firefighters' Pension Fund Admin Grant

This reserve was established during 2020-21 to earmark Firefighters' Pension Admin grant received from the Home Office which will be offset against any future costs incurred.

Haltwhistle Repairs

Greenholme Court is an integrated Health and Social Care scheme in Haltwhistle providing independent living accommodation for older people. This reserve has been established to fund future works on the accommodation.

Highways Maintenance Investments

This reserve was created in 2021-22 to provide increased funding for Highways investment in U and C roads and footways. The utilisation of this reserve is delegated to the relevant Executive Director and the Council's Section 151 Officer.

Insurance

The insurance reserve was first established in 1974 and has accumulated over the years' by charging services a higher premium than that paid to the Council's insurers. The additional premiums are used to cover those risks not insured externally which are below the excess levels. In any particular year, claim settlements resulting in payments out of the insurance fund can exceed or be less than premiums collected so that the level of the reserve may decrease or increase in year.

The balance on the reserve as at 31 March 2022 is £8.48 million (31 March 2021 £9.66 million) and is assessed as sufficient to cover unforeseen levels of claim settlements in future years.

2021-22 has seen a reduction in the reserve due to Storms Arwen and Malik including payments totalling £0.06 million as well as the settlement of several historic Insurance claims which were concluded during 2021-22 totalling £1.80 million.

Within this balance there is £0.50 million earmarked for a new Highways depot to be built in Hexham following the floods in December 2015.

The County Council pays the first £0.10 million of each building claim, apart from schools which are consortia constructed, in which case it is 20% of

the claim. The County Council also pays the first £0.14 million of each public liability and employer's liability claim for all services. Motor vehicle claims are paid by the County Council in respect of its own damage and up to £0.14 million for third party claims.

Northumberland County Council commissioned an Actuarial Review of the Insurance Reserve which took place during the first quarter of 2021-22. Zurich's assessment of required funds was £8.36 million, they also included a "what if" additional inclusion of £1.30 million for any potential unforeseen events that could impact on the Reserve.

Invest to Save

This reserve was created as a source of funding for projects identified by officers that would, in the short to medium term, allow the Council to save money by investing in new technology or changing the way in which business is conducted. The remaining balance has been transferred to the Council Transformation Fund Reserve.

Legal Challenges

This reserve was created to fund legal fees required to secure the Council's interests in a number of ongoing disputes.

Local Authority Mortgage Scheme

Interest received on Local Authority Mortgage Schemes was set aside to meet any potential future mortgage defaults. The Council had previously agreed to participate in Capita's Local Authority Mortgage Scheme. The scheme was designed to provide mortgages to first time buyers to help them onto the property ladder. The Council worked in partnership with Lloyds Bank and provided a cash backed indemnity to Lloyds who in turn, subject to applicants meeting their lending criteria, awarded mortgages to first time buyers at a lower rate of interest. In return for the cash backed indemnity the Council received interest payments from Lloyds. This scheme closed during 2016-17 with the interest previously held no longer being required due to the indemnity period on all mortgages ending in March 2021.

NCC Economic Regeneration

The reserve was established from the sale of the Council's waste disposal company. It is used to lever other contributions and add to the Council's

Notes to the Accounts

initial stake in four key areas within the Economic Regeneration Strategy: inward investment, support for existing companies, key projects in communities, and development opportunities for major projects.

It is anticipated that the remaining balance of £0.14 million will be fully utilised during 2022-23.

Northumberland Enterprise Holdings Limited

This reserve was established during 2020-21 to support the creation of the new Northumberland Enterprise Holdings Ltd Company. This was fully utilised within the year.

Northumberland Line

This reserve was created to fund the cost of completing the design stage of the project which was anticipated to be completed in April 2021. The scheme is now being funded as part of the Government's Project Speed initiative and Cabinet agreed on 8 June 2021 to fund this through the Council's capital programme.

Open Spaces Maintenance Agreements

This reserve was established during 2020-21 to cover open spaces maintenance agreements for areas within Northumberland for 10 years.

Planning Delivery Grant

This is used to contribute towards expenditure in relation to the Northumberland Local Plan, primarily the core strategy. The plan was formally adopted by the Council during 2021-22 with further provision set aside for both a review of the Local Plan and a recommended supplementary plan in relation to Gypsy and Traveller sites.

Problematic Empty Properties

This reserve was established in 2019-20. It is to be used to take a strategic approach to empty homes and 'stuck' sites (housing sites identified by the Strategic Housing Land Assessments enforcement work and the Empty Homes Programmes which have not come forward for development) through the use of enforcement action and resultant work in default.

Recruitment & Retention

This reserve was created in 2021-22 to fund future Recruitment and Retention issues within the Council. The utilisation of this reserve is designated to the Council's Section 151 Officer.

Regeneration Additional Capacity

This reserve was established to fund additional capacity in regeneration and is anticipated to be fully utilised at the end of 2022-23.

Regeneration Development

This reserve was established to fund the development of priority regeneration and economic growth projects.

Repairs and Maintenance

This reserve was established to meet the repair and maintenance costs at a property that the Council leases where the leasing agreement will end during 2021-22. There is a requirement for the Council to restore the premises to its original condition as part of the leasing agreement.

Restructuring

This reserve was created to fund the one-off voluntary severance staffing costs required to support the Council's strategic change agenda.

Revenue Grants

Revenue government grants on occasion are paid to local authorities with a number of conditions attached to them. The introduction of International Financial Reporting Standards (IFRS – IAS20) has resulted in an amendment to the accounting treatment: where no grant conditions exist, or conditions have been met the grant is transferred into the Comprehensive Income and Expenditure Statement. If, however expenditure has not yet been incurred the grants are transferred into an earmarked reserve and then subsequently released back into revenue once expenditure is incurred.

Rural Growth Network

The Rural Growth Network (RGN) Programme is one of five national pilots being funded by The Department for Environment, Food and Rural Affairs (DEFRA). The Council is undertaking the applicant and accountable body role for the programme which is being delivered across rural areas in

Notes to the Accounts

Northumberland, Durham and Gateshead. Funding has been paid to the Council under Section 31 of the Local Government Act 2003 and is being used for the development of Rural Business Hubs and business development and networking support as detailed in the annual delivery plans. The scheme commenced on 1 October 2012 and completed in October 2015 with the balance of the funding being used for the Local Growth Fund (LGF) Programme which ended in 2021-22.

School Libraries

The responsibility for the School Library service transferred to the Council on 1 June 2018. Funds which are not spent in year are held in reserve and are committed to support the future service delivery of school libraries. As at 31 March 2022 the funds held in reserve totalled £0.01 million.

Sealodge

Northumberland Supported Living Service provides an independent supported living service at Sea Lodge, Cresswell, for adults with learning disabilities. This reserve has been established to fund future works on the accommodation.

Section 106

The reserve was created in 2011-12 to hold Section 106 balances. Planning obligations under Section 106 of the Town and Country Planning Act 1990 (as amended), commonly known as S106 agreements, are a mechanism which make a development proposal acceptable in planning terms, that would not otherwise be acceptable. They are focused on site specific mitigation of the impact of development and are often referred to as 'developer contributions'. Common uses include Affordable Housing Schemes, Highway contributions, contributions to Sport and Play Provision, Education, Healthcare and Coastal Mitigation. The monies are held until the particular provision is undertaken. During 2021-22 £4.63 million was received from developers with £1.50 million used to fund schemes.

Severe Weather

This reserve was created following the Department for Transport's recommendation that local highways authorities ensure they retain a contingency for repairing damage to local highways and associated assets caused by incidents such as extreme weather that may occur from time to

time. During 2021-22 an additional £5.00 million has been added to the reserve.

Social Fund

This reserve was established during 2018-19 to replace the recurrent revenue budget which has funded this service in the past. The reserve represents funds set aside to provide one-off crisis support to families in Northumberland. This can be in the form of Emergency Support where there is an immediate need for items or services as a result of an exceptional event or unforeseen circumstances, or, for transitional support in periods of change, such as helping families remain in the community or move back into the community after a period in supported or unsettled accommodation. During 2021-22 £0.10 million was utilised from the reserve. A further £0.97 million was utilised to grant discretionary discounts to working age council tax claimants in 2021-22. The reserve was topped up by £2.31 million during 2021-22 with unspent Hardship Funding which will be used to grant further discretionary discounts in 2022-23. As at 31 March 2022 the funds held in reserve totalled £2.94 million.

Sports Development

The responsibility for the Sports Development service transferred from Active Northumberland to the Council on 1 June 2018. Funds which are not spent in year are held in reserve and are committed to support the future service delivery of Sports Development. As at 31 March 2022 the funds held in reserve totalled £0.25 million.

Notes to the Accounts

Strategic Management

This reserve was established following a review of all usable reserves during 2015-16 which enabled £48.12 million to be released to support the Medium Term Financial Plan. The movement on this reserve in 2020-21 and 2021-22 is detailed below:

| 2020-21 Movement in year £m | 2021-22 Movement in year £m |
|--|--------------------------------------|
| - Non recurrent pressures (approved as part of MTFP) | 1.33 |
| - Non-payment of airport interest | 1.03 |
| 1.00 Active Northumberland - Management Fee | 1.00 |
| 0.06 Blyth Relief Road | 0.07 |
| - Transfer of surplus balances from other reserves | (2.66) |
| (11.96) Northumberland Rail Line | - |
| (3.00) Top up to support Medium-Term Financial Plan | - |
| (13.90) | 0.77 |

At its meeting in February 2022, the Council approved the use of up to £27.07 million from this reserve over the course of the Medium Term Financial Plan 2022-26.

Storm Arwen

This reserve was established as part of the 2021-22 Provisional Outturn Report presented to Cabinet on 7 June 2022. It is to be used for funding the outstanding repairs identified due to the damage caused by Storm Arwen.

Transformation of the Revenues and Benefits Service

This reserve was created in 2021-22 to fund the transformation of the Revenue and Benefits Service. The utilisation of this reserve is delegated to the Council's Section 151 Officer.

Violence Reduction

This reserve was established during 2019-20 for future work around violence reduction within our communities.

Winter Services

This reserve was created following the severe winter weather encountered during 2017-18 to fund future severe winter weather events.

HRA – Capital Investment

An Earmarked Reserve was created within the HRA in 2018-19 to fund the development and delivery of a housing development plan. During 2021-22 £0.93 million was utilised from this reserve.

Movements in the Capital Investment Reserve are detailed in Note 10 of the Notes to the Housing Revenue Account Income and Expenditure Statement.

Notes to the Accounts

Movement on balances of infrastructure assets

In accordance with the temporary relief offered by the Update to the Code on infrastructure assets this note does not include disclosure of gross cost and accumulated depreciation for infrastructure assets because historical reporting practices and resultant information deficits mean that this would not faithfully represent the asset position to the users of the financial statements. The Authority has chosen not to disclose this information as the previously reported practices and resultant information deficits mean that gross cost and accumulated depreciation are not measured accurately and would not provide the basis for the users of the financial statements to take economic or other decisions relating to infrastructure assets.

| Movement of Infrastructure Assets | 2020-21 £000 | 2021-22 £000 |
|--|-----------------|-----------------|
| Net Book Value (modified historic cost) at 1 April | 395,533 | 400,713 |
| Additions | 21,376 | 28,062 |
| Reclassifications | 1,789 | 4,326 |
| Derecognition | - | - |
| Depreciation | (17,985) | (18,775) |
| Impairment | - | (452) |
| Other movement in cost | | |
| Net Book Value (modified historic cost) at 31 March | 400,713 | 413,874 |

| Property, Plant and Equipment | 2020-21 £000 | 2021-22 £000 |
|-------------------------------|------------------|------------------|
| Infrastructure assets | 400,713 | 413,874 |
| Other PPE assets | 930,968 | 998,860 |
| Total PPE assets | 1,331,681 | 1,412,734 |

Notes to the Accounts

Valuation of Non-Current Assets

Land and buildings were revalued according to a 5 year rolling programme, as at 1 April. In addition to this, valuations were carried out on assets which had a material change in year, that is, where assets had additions of over £1.00 million or a new build costing in excess of £2.50 million. Material change valuations are dated 31 March.

For operational buildings, a materiality assessment was carried out by the Council, using appropriate BCIS indices. This resulted in an £18.17 million increase to Property, Plant and Equipment (£5.31 million increase to the CIES and £12.86 million to the Revaluation Reserve).

Surplus Properties were valued as at 31 December 2021, using Fair Value Level 2 and 3 inputs for valuation purposes, having regard to comparable evidence, applying a rent and yield or capital value rate where appropriate. Development appraisals have been undertaken on sites where there is a clear development opportunity, (see accounting policies for explanation of fair value levels).

Note 43, Assumptions Made About the Future and Other Major Sources of Estimation Uncertainty, describes the assumptions made and uncertainties surrounding the Property Plant and Equipment valuations.

Valuation work was undertaken as follows:

Energy from waste plant and equipment – Hilco Valuation Services, 11 Ironmonger Lane, London, EC2V 8EY

HRA Housing Stock and all other Land and Buildings – Bruton Knowles LLP, Olympus House, Olympus Park, Quedgeley, Gloucester, GL2 4NF

The valuations of land and buildings were in accordance with the requirements of the RICS Valuation – Global Standards incorporating the International Standards (IVS) and the International Financial Reporting Standards (IFRS) – based on the Code of Practice on Local Authority Accounting (The Code), published by the Chartered Institute of Public Finance and Accounting (CIPFA).

Notes to the Accounts

Valuation of Non-Current Assets Carried at Current Value

Of the Property, Plant and Equipment not held at cost on the Balance Sheet, 76.0% was valued in year. Those properties which have not been valued in this financial year were valued as at the date of the last valuation report.

The following statement shows the current net book value of the Council's Property, Plant and Equipment by financial year of revaluation:

| | Council Dwellings £000 | Other Land and Buildings ** £000 | Vehicles, Plant, Furniture & Equipment £000 | Infrastructure Assets £000 | Community Assets * £000 | Surplus Assets £000 | Assets Under Construction £000 | Total £000 |
|----------------------------------|------------------------------|---|--|----------------------------------|-------------------------------|------------------------|--------------------------------------|------------------|
| Valued at Historical Cost | - | 11,075 | 52,223 | 413,874 | 8,898 | - | 47,928 | 533,998 |
| Valued at Current Value in: | | | | | | | | |
| 2021-22 Indexation Adjustment ** | - | 17,020 | - | - | - | - | - | 17,020 |
| 2021-22 | 355,349 | 253,761 | 31,400 | - | - | 17,246 | - | 657,756 |
| 2020-21 | - | 69,357 | - | - | - | - | - | 69,357 |
| 2019-20 | - | 108,277 | - | - | - | - | - | 108,277 |
| 2018-19 | - | 26,326 | - | - | - | - | - | 26,326 |
| 2017-18 | - | - | - | - | - | - | - | - |
| Total | 355,349 | 485,816 | 83,623 | 413,874 | 8,898 | 17,246 | 47,928 | 1,412,734 |

*Due to the re-categorisation of assets, an approximation to historical cost has been made in some cases.

**Adjustment to the accounts to represent the movement in building and construction costs on assets valued using the Depreciated Replacement Cost methodology in prior years.

15. Investment Property

The following items of income and expenditure have been accounted for in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement:

| 2020-21 £000 | 2021-22 £000 |
|---|-----------------|
| (21) Rental income from investment property | (21) |
| 11 Direct operating expenses arising from investment property | 23 |
| (10) Net (Gain)/Loss | 2 |

There are no restrictions in the Council's ability to realise the value inherent in its investment property or on the Council's right to the remittance of income and the proceeds of disposal. The Council has no contractual obligation to purchase, construct or develop investment property or for repairs, maintenance or enhancement.

The following table summarises the movement in the fair value of investment properties over the year:

| 2020-21 £000 | 2021-22 £000 |
|---|-----------------|
| 1,798 Balance at the start of the year | 2,029 |
| 217 Reclassifications | - |
| - Assets reclassified (to)/from Held For Sale | - |
| 14 Net (losses)/gains from fair value adjustments | 239 |
| 2,029 Balance at the end of the year | 2,268 |

Fair Value Hierarchy

All of the Council's investment property portfolio has been assessed as Level 2 for valuation purposes (see accounting policies for explanation of fair value levels).

Valuation Techniques used to determine Level 2 and 3 Fair Values for Investment Properties

The fair value of investment property has been determined having regard to comparable evidence, applying a Rent and Yield or Capital Value Rate where appropriate.

Highest and Best use of Investment Properties

In estimating the fair value of the Council's investment properties, the highest and best use of the properties is deemed to be their current use.

Valuers

The investment property portfolio has been valued at 31 December 2021 in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution for Chartered Surveyors. The assets were valued by Bruton Knowles LLP, the Council's valuing agents.

16. Heritage Assets

Reconciliation of the carrying value of Heritage Assets held by the Council:

| | Museum, Art and Artefact Collection £000 | Public Sculptures and Memorials £000 | Historic Buildings £000 | Total £000 |
|---|---|---|-------------------------------|---------------|
| Cost or Valuation: | | | | |
| As at 1 April 2021 | 5,628 | 1,328 | 1,070 | 8,026 |
| Additions | - | - | - | - |
| Reclassifications | - | - | - | - |
| Revaluations | - | - | - | - |
| As at 31 March 2022 | 5,628 | 1,328 | 1,070 | 8,026 |
| Accumulated Depreciation and Impairment : | | | | |
| As at 1 April 2021 | - | 52 | 23 | 75 |
| As at 31 March 2022 | - | 52 | 23 | 75 |
| Net Book Value 31 March 2022 | 5,628 | 1,276 | 1,047 | 7,951 |
| Net Book Value 31 March 2021 | 5,628 | 1,276 | 1,047 | 7,951 |

Museum, Art, and Artefact Collection

The Council's museum, art and artefacts collections are included in the Balance Sheet on the basis of their insurance valuation, which is periodically reviewed.

The museum collections are all on loan to the Woodhorn Trust and include the collections from Woodhorn Museum, the Berwick Museum and Art Gallery, and the Hexham Old Gaol.

The archive collection is split between Woodhorn and Berwick-upon-Tweed Records Office. Further details can be found on the Woodhorn Museum website www.experiencewoodhorn.com.

The Art collection includes oil paintings on display in public libraries. These were last valued by auctioneers Anderson & Garland as at 31 March 2021.

Public Sculptures and Memorials

Carried at cost on the Balance Sheet, the Council is custodian of Public Art, much of which is the result of the Inspire Initiative established in 2003.

The Council is also custodian or has a duty of care for a variety of monuments and memorials throughout the county, details of which can be found from the Public Monuments and Sculpture

Association National recording project (www.pmsa.org.uk) and the North East War Memorial Project (www.newmp.org.uk).

Historic Buildings

The historic buildings included within the Heritage Assets category are held principally for their contribution to knowledge or culture where they are not used for operational purposes. They are carried at cost on the Balance Sheet and include Blyth Battery and Morpeth Clock Tower.

The County Historic Environment Record (HER) database holds records of all of the historic buildings within the county. The majority of historic buildings owned by the Council are in operational use and are therefore included in the main Property Plant and Equipment section of the Balance Sheet.

Archaeology

The Council owns the County Historic Environment Record (HER) which is a database and associated GIS data sets, which records all known archaeology sites and historic buildings within the county including Northumberland National Park. This is a public information service and can be found on the Archaeology Data Service website (<http://ads.ahds.ac.uk/catalogue>) and a shortened version is available on the Keys to the Past website (www.keystothepast.info).

This is not recognised on the Balance Sheet.

17. Capital Expenditure and Capital Financing

The total amount of capital expenditure incurred in the year is shown in the following table (including the value of assets acquired under finance leases and PFI contracts), together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Council, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Council that has yet to be financed. The CFR is analysed in the second part of this note.

| 2020-21 £000 | | 2021-22 £000 |
|------------------|---|------------------|
| 1,000,278 | Opening Capital Financing Requirement | 1,036,717 |
| | Capital Investment: | |
| 94,273 | Property, Plant and Equipment | 103,208 |
| 13,381 | Capital Long Term Debtors | 9,585 |
| - | Northumberland Enterprise Holdings Limited - Share Capital | 300 |
| 1,579 | PFI / Finance Lease Additions | 1,043 |
| 57,650 | Revenue Expenditure Funded From Capital under Statute | 47,924 |
| | Sources of Finance: | |
| (1,117) | Capital receipts | (6,945) |
| (74,298) | Government grants and other contributions | (61,951) |
| | Sums set aside from revenue/Major Repairs Reserve: | |
| (5,310) | Major Repairs Reserve | (8,080) |
| (3,042) | Direct revenue contributions | (4,017) |
| (19,030) | Statutory provision for the financing of capital investment charged against the General Fund and HRA balances | (21,493) |
| (5,615) | Voluntary set aside for the financing of capital investment charged against the General Fund and HRA balances | (6,751) |
| (22,032) | Set aside of capital receipt for the repayment of debt | (17,406) |
| 1,036,717 | Closing Capital Financing Requirement | 1,072,134 |
| | Explanation of movements in year: | |
| 81,537 | Increase in underlying need to borrow (unsupported by government financial assistance) | 80,025 |
| (46,677) | Minimum Revenue Provision | (45,651) |
| 1,579 | Assets acquired under PFI / PPP contracts | 1,043 |
| 36,439 | Increase in Capital Financing Requirement | 35,417 |

18. Intangible Assets

The Council accounts for its software as intangible assets, wherever it is not an integral part of a particular IT hardware item included within Property, Plant and Equipment.

The movement on Intangible Asset balances during the year is as follows:

| 2020-21 | | | 2021-22 | | |
|---|--------------|--|---|--------------|--|
| Total Intangible Assets (Other)* | | | Total Intangible Assets (Other)* | | |
| Current | Long Term | | Current | Long Term | |
| £000 | £000 | | £000 | £000 | |
| - | - | Balance at start of year: | - | - | |
| - | 5,544 | Gross carrying amounts | - | 5,298 | |
| - | (4,394) | Accumulated amortisation | - | (3,563) | |
| - | 1,150 | Net carrying amount at the start of year | - | 1,735 | |
| Additions: | | | | | |
| - | 406 | Purchases | - | 115 | |
| - | 756 | Assets Classified from PPE | - | - | |
| - | (77) | Accumulated amortisation on assets reclassified from PPE | - | - | |
| - | - | Revaluations increase or decreases | - | - | |
| - | (1,408) | Other Disposals - cost | - | - | |
| - | 1,408 | Other Disposals - amortisation | - | - | |
| - | (500) | Amortisation for the period | - | (613) | |
| - | 1,735 | Net carrying amount at the end of year | - | 1,237 | |
| Comprising: | | | | | |
| - | 5,298 | Gross carrying amounts | - | 5,413 | |
| - | (3,563) | Accumulated amortisation | - | (4,176) | |
| - | 1,735 | | - | 1,237 | |

*The Council has no internally generated assets.

19. Financial Instruments

Categories of Financial Instruments

The following categories of financial instrument are carried in the Balance Sheet:

| 31 March 2021 | | | | 31 March 2022 | | | |
|---|---------------|---------------|----------------|-------------------------------|---------------|---------------|---------------|
| Short Term | | Long Term | | Short Term | | Long Term | |
| Investments | Debtors | Investments | Debtors | Investments | Debtors | Investments | Debtors |
| £000 | £000 | £000 | £000 | £000 | £000 | £000 | £000 |
| Amortised Cost: | | | | | | | |
| 99,250 | 67,452 | 25,000 | 405,474 | Principal | 90,000 | 65,699 | - |
| 132 | - | - | - | Add: Accrued interest | 122 | - | - |
| 99,382 | 67,452 | 25,000 | 405,474 | Amortised Cost | 90,122 | 65,699 | - |
| Fair value through other comprehensive income - designated equity Instruments | | | | | | | |
| - | - | 9,729 | - | - | - | 13,490 | - |
| 99,382 | 67,452 | 34,729 | 405,474 | Total Financial Assets | 90,122 | 65,699 | 13,490 |
| - | 27,616 | 4,338 | - | Total Non-Financial Assets | - | 20,514 | 4,638 |
| 99,382 | 95,068 | 39,067 | 405,474 | Total | 90,122 | 86,213 | 18,128 |

| 31 March 2021 | | | | 31 March 2022 | | | |
|-----------------|------------------|------------------|-----------------|------------------------------------|-----------------|------------------|------------------|
| Short Term | | Long Term | | Short Term | | Long Term | |
| Borrowings | Creditors | Borrowings | Creditors | Borrowings | Creditors | Borrowings | Creditors |
| £000 | £000 | £000 | £000 | £000 | £000 | £000 | £000 |
| Amortised Cost: | | | | | | | |
| (55,579) | (92,886) | (756,893) | - | Principal | (51,552) | (131,043) | (705,378) |
| (5,511) | - | - | - | Add: Accrued interest | (5,426) | - | - |
| (61,090) | (92,886) | (756,893) | - | Amortised Cost | (56,978) | (131,043) | (705,378) |
| - | - | - | - | Fair value through profit and loss | - | - | - |
| (61,090) | (92,886) | (756,893) | - | Total Financial Liabilities | (56,978) | (131,043) | (705,378) |
| - | (11,804) | - | (69,987) | Total Non-Financial Liabilities | - | (5,053) | (67,318) |
| (61,090) | (104,690) | (756,893) | (69,987) | Total | (56,978) | (136,096) | (705,378) |

Notes to the Accounts

The non-financial instruments figures represent items outside the scope of financial instruments; such as amounts in respect of statutory debts and do not arise from contracts (Council Tax and Non-Domestic Rates), rights and obligations arising from leases, Private Finance Initiatives (PFI), receipts in advance, prepayments, cash and cash equivalents, and interests in subsidiaries and entities that are included within the authority's group accounts.

Investments in equity instruments designated at fair value through other comprehensive income

The Council has decided to designate its 15.42% shareholding in Newcastle Airport Local Authority Holding Company Limited (NALAHCL) as fair value through other comprehensive income under IFRS 9 classifications. This decision protects council taxpayers from any future movements in the value of these shareholdings until such time as the shares are sold or released.

| | Nominal Value £000 | Fair Value 31 March 2022 £000 | Movement in Fair Value during 2021-22 £000 |
|-------------------|-----------------------|-------------------------------------|--|
| Newcastle Airport | 295 | 13,490 | 3,761 |

Material Soft Loans Made by the Council

The Council has made a number of soft loans to voluntary and other organisations at less than market rates (soft loans). The Council applies a de minimis level of £25,000 for new soft loans adjustments.

Valuation Assumptions

The interest rate at which the fair value of soft loans has been made is arrived at from either the prevailing market rate of interest for a similar instrument and for an organisation with a similar credit rating; or, where it is difficult to identify the prevailing rate of interest, by taking the Council's prevailing cost of borrowing and adding an allowance for the risk that the loan might not be repaid by the borrower.

Notes to the Accounts

Financial Instruments Gains and Losses

The gains and losses recognised in the Comprehensive Income and Expenditure Statement in relation to financial instruments are made up as follows:

| 2020-21 | | | | 2021-22 | | | | |
|--|--|---|---------------|--|--|--|---|---------------|
| Financial Liabilities measured at Amortised Cost £000 | Financial Assets at Amortised Cost £000 | Investments in equity instruments designated as fair value through other comprehensive income £000 | Total £000 | | Financial Liabilities measured at Amortised Cost £000 | Financial Assets at Amortised Cost £000 | Investments in equity instruments designated as fair value through other comprehensive income £000 | Total £000 |
| (23,456) | - | - | (23,456) | Interest expense | (23,004) | - | - | (23,004) |
| (78) | - | - | (78) | Fee Expense | - | - | - | - |
| (23,534) | - | - | (23,534) | Total expense in deficit on the provision of services | (23,004) | - | - | (23,004) |
| - | 21,817 | - | 21,817 | Interest income | - | 20,460 | - | 20,460 |
| - | 21,817 | - | 21,817 | Total income in deficit on the provision of services | - | 20,460 | - | 20,460 |
| - | - | 693 | 693 | Gain on Revaluation | - | - | 3,761 | 3,761 |
| - | - | 693 | 693 | Surplus/(deficit) arising on revaluation of financial assets in Other Comprehensive Income and Expenditure | - | - | 3,761 | 3,761 |
| (23,534) | 21,817 | 693 | (1,024) | Net gain/(loss) for the year | (23,004) | 20,460 | 3,761 | 1,217 |

Fair Value of Financial Assets

Some of the Council's financial assets are measured in the balance sheet at fair value on a recurring basis and are described in the following table, including the valuation techniques used to measure them.

| 31 March 2021 Fair Value £000 | Recurring Fair Value Measurements | Input Level in Fair Value Hierarchy | Valuation technique used to measure fair value | 31 March 2022 Fair Value £000 |
|-------------------------------------|--|--|---|-------------------------------------|
| 9,729 | Equity shareholding in Newcastle Airport Local Authority Holding Company Limited | Level 3 | Combination of the discounted cash flow of income method together with the guideline public company method of the market approach to valuations | 13,490 |
| 9,729 | | Total Assets | | 13,490 |

Through its shares and 15.42% holding in Newcastle Airport Local Authority Holding Company Limited (NALAHCL) the Council has an effective shareholding of 7.86% in Newcastle International Airport Limited (NIAL) (and the group companies of NIAL Group Limited and NIAL Holdings Limited) - see Related Parties Note 35. The valuation of the holding is reviewed each year to consider whether any events have occurred which would materially change the valuation.

The spread of Covid-19 across the world towards the end of 2019-20 led to a sudden decline in air travel prompting the value of the shareholding to be reduced. This continued throughout 2020-21 but subsequent vaccine rollout and a lifting of restrictions has seen the travel sector experience a resurgence in passenger numbers. As a result, the majority of the downward revaluation recognised has been reversed in 2021-22.

The fair value for Newcastle Airport is based on a combination of the discounted cash flow of income method together with the guideline public company method of the market approach to valuations and other observable and unobservable factors. The last full valuation took place at 31 March 2019.

To factor in the impact of Covid-19 a weighted average of forecast earnings before interest, depreciation and tax (EBIDTA) has been derived and compared against existing EBIDTA prior to the pandemic in order to generate a downward revaluation in the share value. To ensure reasonableness this percentage has been compared against the movement in shareholdings in other world airports where the shares are actively traded.

Trading of shares only takes place when one or more of the LA7 or AMP Capital Investors Limited wishes to sell their shareholding. There are no plans to dispose of shares next year.

There has been no change in the valuation technique used during the year for the financial instruments.

Notes to the Accounts

The Fair Values of Financial Assets and Financial Liabilities that are not measured at Fair Value (but for which Fair Value disclosures are required)

Except for all the other financial liabilities, financial assets represented by loans and receivables and long term debtors and creditors are carried in the Balance Sheet at amortised cost. Their fair value can be assessed by calculating the present value of the cash flows that will take place over the remaining term of the instruments, using the following assumptions:

- For loans from the Public Works Loans Board (PWLB) and other loans payable, premature repayment rates from the PWLB have been applied to provide the fair value under PWLB debt redemption procedures;
- For loans receivable prevailing benchmark market rates have been used to provide the fair value;
- No early repayment or impairment is recognised;
- Where an instrument will mature in the next 12 months, the carrying amount is assumed to approximate to fair value; and,
- The fair value of trade and other receivables is taken to be the invoiced or billed amount.

The fair values are calculated as follows:

| 31 March 2021 | | | 31 March 2022 | |
|-----------------|------------|-----------------------------|-----------------|------------|
| Carrying Amount | Fair Value | | Carrying Amount | Fair Value |
| £000 | £000 | | £000 | £000 |
| 448,848 | 642,567 | PWLB - Maturity | 448,849 | 580,972 |
| 618 | 1,006 | PWLB - Annuity | 585 | 872 |
| 13,609 | 14,178 | PWLB - EIP | 5,052 | 5,244 |
| 178,202 | 372,211 | LOBOs | 178,203 | 329,021 |
| 176,706 | 252,772 | Market Loans | 129,667 | 188,171 |
| 817,983 | 1,282,734 | Total Financial Liabilities | 762,356 | 1,104,280 |

The fair value is greater than the carrying amount because the Council's portfolio of loans includes a number of fixed rate loans where the interest rate payable is higher than the rates available for similar loans in the market at the Balance Sheet date. This shows a notional future loss (based on economic conditions at 31 March 2022) arising from a commitment to pay interest to lenders above current market rates.

The differences are attributable to fixed interest instruments receivable being held by the Council where the interest rate is higher than the prevailing rate estimated to be available at 31 March. This increases the fair value of financial liabilities and raises the value of loans and receivables.

Short term debtors and creditors are carried at cost as this is a fair approximation of their value.

| 31 March 2021 | | | 31 March 2022 | |
|-----------------|------------|------------------------|-----------------|------------|
| Carrying Amount | Fair Value | | Carrying Amount | Fair Value |
| £000 | £000 | | £000 | £000 |
| 99,382 | 99,382 | Short Term Investments | 90,122 | 90,122 |
| 34,729 | 35,976 | Long Term Investments | 13,490 | 13,490 |
| 405,474 | 425,900 | Long Term Debtors | 397,693 | 409,638 |
| 539,585 | 561,258 | Total Financial Assets | 501,305 | 513,250 |

20. Nature and Extent of Risks Arising from Financial Instruments

Risk Management

The Council's activities expose it to a variety of financial risks:

- credit risk – the possibility that other parties might fail to pay amounts due to the Council;
- liquidity risk – the possibility that the Council might not have funds available to meet its commitments to make payments; and,
- market risk – the possibility that financial loss might arise for the Council as a result of changes in such measures as interest rates and stock market movements.

The Council regards the successful identification, monitoring and control of risk to be the prime criteria by which the effectiveness of its Treasury Management activities will be measured. Accordingly, the analysis and reporting of treasury management activities focuses on the risk implications for the organisation.

Credit Risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposure from the Council's customers. The Council's Counterparty Policy sets out the limits for investments.

Specified Investments

| Type of Organisation | Minimum Credit Rating Criteria | | Maximum Investment Amount | Maximum Period of Investment |
|---|--------------------------------|--------|---------------------------|------------------------------|
| | Fitch | Moody | | |
| UK Local Authorities (Including the North East Combined Authority) | N/A | N/A | Unlimited | 15 years (with annual calls) |
| Debt Management Organisations | N/A | N/A | Unlimited | 6 months |
| UK Government Gilts, Bonds and Treasury Bills | N/A | N/A | Unlimited | 12 months |
| Nationalised and Semi-Nationalised Banks | N/A | N/A | £35m (Group Limit £70m) | 12 months |
| Money Market Funds | AAA | Aaa | £25m (Group Limit £150m) | Instant access |
| Deposits and Certificates of Deposit with approved eligible financial institutions which meet the following criteria | | | | |
| Very High Grade UK Clearing Banks/ Building Societies | ST:F1+ | ST:P-1 | | |
| | LT:AA- | LT:Aa2 | £25m (Group Limit £50m) | 12 months |
| High Upper Medium Grade UK Clearing Banks/ Building Societies | ST:F1 | ST:P-1 | | |
| | LT:A- | LT:A3 | £15m (Group Limit £30m) | 12 months |
| High Grade Foreign Banks | ST:F1 | ST:P-1 | | |
| | LT:A- | LT:A3 | £10m (Group Limit £30m) | 6 months |

Notes to the Accounts

Non-specified Investments

No Treasury Management Strategy limits were exceeded during the reporting period.

| Type of Organisation | Minimum Credit Rating Criteria | | Maximum Investment Amount | Maximum Period of Investment |
|--|--------------------------------|---------|-------------------------------|------------------------------|
| | Fitch | Moody | | |
| UK Local Authorities (Including the North East Combined Authority) | N/A | N/A | Unlimited | 15 years |
| UK Government Gilts, Bonds and Treasury Bills | N/A | N/A | Unlimited | 15 years |
| Enhanced Cash Funds (Variable net asset value) | AAA | Aaa | £15m per fund (£60m in total) | 30 (1) days notice |
| Deposits or Corporate Bonds with institutions which meet the rating criteria | ST:F1 | ST:P-1 | £10m per institution | 5 Years |
| | LT:A- | LT:A3 | | |
| Deposits or Corporate Bonds with institutions which meet the rating criteria | ST:F2 | ST:P-2 | £5m per institution | 12 months |
| | LT:A- | LT:A3 | | |
| Good, Medium Grade UK Clearing Banks/ Building Societies | ST:F2 | ST:P-2 | | |
| | LT:BBB | LT:Baa1 | £10m per banking Group | 6 months |
| Building Societies which have assets in excess of £10,000m | N/A | N/A | £12m per Building Society | 12 months |
| Building Societies which have assets in excess of £5,000m | N/A | N/A | £10m per Building Society | 6 months |
| Building Societies which have assets in excess of £1,000m | N/A | N/A | £5m per Building Society | 3 months |

Notes to the Accounts

Amounts Arising from Expected Credit Losses

Allowances for impairment losses have been assessed for amortised cost assets (including long-term debtors), applying the expected credit losses model.

As a result of the COVID 19 pandemic, and its impact on airport operations, an expected credit loss adjustment has been made to the loan notes provided to Newcastle International Airport (NIAL) Group Limited – as outlined in note 37, Related Parties.

In considering other financial assets, the Council specifically considered the following material loans to other bodies and whether there have been any indicators of expected credit losses:

- Advance Northumberland loans: the Council has made material loans to its subsidiary, the Advance Northumberland Group, these are consolidated in the group accounts, however, the Council is still required to consider any expected credit losses. The Council is the sole owner of the Advance Group. The Council has previously assessed the expected credit losses. The Council has reassessed this for 2021-22 and there are no significant changes. In addition, the Council has satisfied itself that the financial position of the Advance Group is robust, with no indication of any expected credit losses, based on the financial results to date and those expected, based on business plans approved by the Council.
- Northumbria Foundation Trust loans: the Council has also made material loans to Northumbria Foundation Trust. There is no indication of non-payment by Northumbria Foundation Trust based on past and expected financial performance. In addition, the Council anticipates that if the Foundation Trust was wound up, any liabilities would be transferred to a successor body.

The balances outstanding for the above are set out in the long-term debtors disclosure note.

As a result, no allowance for expected credit losses have been made, other than in respect of the Council's loan notes to Newcastle Airport, as set out earlier in this section.

Customer Debt

The Council at 31 March 2022 had £11.31 million (2020-21 £15.16 million) of debt past its due date for payment. The past due amount can be analysed by age as follows:

| 31 March 2021 | | 31 March 2022 |
|---------------|------------------------|---------------|
| £000 | | £000 |
| 9,168 | Less than three months | 3,584 |
| 877 | Three to six months | 707 |
| 2,267 | Six months to one year | 1,844 |
| 2,843 | More than one year | 5,171 |
| 15,155 | Total | 11,306 |

A review of balances at 31 March 2022 suggested that an impairment of doubtful debts allowance of £2.59 million (2020-21 £1.61 million) was appropriate.

In addition to customer debt, the Council has also impaired the non-contractual debt which it holds in relation to Council Tax, Business Rates and Housing Benefits. For Council Tax and Business Rates, any debt that is determined to be individually significant is considered initially on a case by case basis, taking into account the recovery action taken to date and the likelihood of recovery. The remaining debt is then grouped and an aged debt analysis is carried out applying the percentages shown below.

| Year | 2021-22 | | | | | |
|------------------------|-------------|---------------|--------------|----------------|--------------|--------------|
| | Council Tax | | | Business Rates | | |
| | Percentage | Debt | Impairment | Percentage | Debt | Impairment |
| | % | £000 | £000 | % | £000 | £000 |
| 2017-18 and older | 100 | 3,018 | 3,018 | 100 | 963 | 963 |
| 2018-19 | 80 | 1,230 | 984 | 80 | 499 | 404 |
| 2019-20 | 60 | 2,273 | 1,364 | 60 | 1,121 | 673 |
| 2020-21 | 40 | 3,215 | 1,286 | 40 | 1,456 | 582 |
| 2021-22 | 10 | 6,172 | 618 | 20 | 3,172 | 634 |
| Total | N/A | 15,908 | 7,270 | N/A | 7,211 | 3,256 |
| Council's share | N/A | 12,119 | 5,776 | N/A | 2,979 | 1,560 |

As with other Collection Fund balances, the debt and impairment balances relating to Council Tax and Business Rates are shared between the relevant precepting authorities.

For Housing Benefits, the debt is impaired based on the recovery action taken and the likelihood of recovery.

The Council's overall impairment of doubtful debt is shown below.

| Year | 2021-22 | | | |
|------------------|---------------|-----------------------|---------------|-------------------|
| | Debt | Historical | Impairment | Not Impaired Debt |
| | | Experience of Default | | |
| | £000 | % | £000 | £000 |
| Customers | 11,306 | 1.3 | 2,593 | 8,713 |
| Council Tax | 12,754 | 1.8 | 6,748 | 6,006 |
| Business Rates | 3,420 | 9.7 | 1,628 | 1,792 |
| Housing Benefits | 1,942 | 2.5 | 278 | 1,664 |
| Total | 29,422 | 2.5 | 11,247 | 18,175 |

Financial Guarantees

The Council has reviewed its exposure to financial guarantees provided in the event of default by other organisations. The only area of risk identified is in relation to guarantees provided to Tyne and Wear Pension Fund in respect of certain employers participating in the Local Government Pension Scheme. Formal agreements are in place in respect of The Association of North East Councils', Active Northumberland, Bernicia Group and Karbon Homes, Newcastle International Airport Company Ltd, Northumbria Healthcare NHS Foundation Trust, Queens Hall Art Centre, Woodhorn Charitable Trust, and The Newcastle, North Tyneside and Northumberland Combined Authority but the risk of any guarantee being called upon is assessed as very low, therefore no fair value has been calculated on grounds of materiality.

Notes to the Accounts

Liquidity Risk

The Council manages its liquidity position through the risk management procedures set out earlier (the setting and approval of prudential indicators and the approval of the Treasury and Investment Strategy reports), as well as through a comprehensive cash flow management system, as required by the CIPFA Code of Practice. This seeks to ensure that cash is available when needed.

The Council has ready access to borrow from the money markets to cover any day to day cash flow need; and, the PWLB and money markets for access to longer term funds. The Council is also required to provide a balanced budget through the Local Government Finance Act 1992, which ensures sufficient monies are raised to cover annual expenditure. There is therefore no significant risk that it will be unable to raise finance to meet its commitments under financial instruments.

The Council's long term borrowing can be analysed as follows:

| 31 March 2021 | | 31 March 2022 |
|-------------------------------|--------------------------|----------------|
| £000 | | £000 |
| Analysis by Loan Type | | |
| 451,281 | Public Works Loans Board | 449,745 |
| 129,112 | Other Market Loans | 79,133 |
| 176,500 | LOBO (Market Loans) | 176,500 |
| 756,893 | | 705,378 |
| Analysis of Loans by Maturity | | |
| 51,543 | Between 1 and 2 years | 11,552 |
| 29,886 | Between 2 and 5 years | 29,415 |
| 51,298 | Between 5 and 10 years | 47,297 |
| 92,112 | Between 10 and 20 years | 105,314 |
| 32,754 | Between 20 and 30 years | 17,200 |
| 80,700 | Between 30 and 40 years | 128,000 |
| 269,600 | Between 40 and 50 years | 230,600 |
| 149,000 | Between 50 and 60 years | 136,000 |
| 756,893 | | 705,378 |

All trade and other payables are due to be paid in less than one year.

Market Risk – Interest Rate Risk

The Council is exposed to risk in terms of its exposure to interest rate movements on its borrowings and investments. Movements in interest rates have a complex impact on the Council. For instance, a rise in interest rates would have the following effects:

- Borrowings at variable rates – the interest expense charged to the Comprehensive Income and Expenditure Statement will rise;
- Borrowings at fixed rates – the fair value of the liabilities associated with borrowings will fall;
- Investments at variable rates – the interest income credited to the Comprehensive Income and Expenditure Statement will rise; and,
- Investments at fixed rates – the fair value of the assets will fall.

Borrowings are not carried at fair value so nominal gains and losses on fixed rate borrowings would not impact on the Comprehensive Income and Expenditure Statement. However, changes in interest payable and receivable on variable rate borrowings and investments are included in the Comprehensive Income and Expenditure Statement and impact upon the General Fund balance. Movements in the fair value of fixed rate investments will be reflected in the Comprehensive Income and Expenditure Statement.

The Council has a number of strategies for managing interest rate risk. The Annual Treasury Management Strategy draws together the Council's prudential and treasury indicators and its expected treasury operations, including an expectation of interest rate movements. From this Strategy a treasury indicator is set which provides maximum limits for fixed and variable interest rate exposure. The central treasury team will monitor market and forecast interest rates within the year to adjust exposures appropriately. For instance, during periods of falling interest rates, and where economic circumstances make it favourable, fixed rate investments may be taken for longer periods to secure better long term returns, similarly the drawing of longer term fixed rates borrowing would be postponed.

If interest rates had been 1% higher at 31 March 2022 with all other variables held constant, the effect would have been:

Northumberland County Council 2021-22 Statement of Accounts

| | 31 March 2022 £000 |
|--|-----------------------|
| Increase in Interest Payable on Variable Rate Borrowings | 740 |
| Increase in Interest Receivable on Variable Rate Investments | (1,664) |
| Impact on Deficit/(Surplus) on the Provision of Services | (924) |
| Decrease in Fair Value of fixed rate borrowing (no impact on CIES) | (213,300) |

The impact of a 1% fall in interest rates would be as above but with the movements being reversed.

The increase in interest payable on borrowings is largely due to the fact that the Council has £74.00 million of Lender Option Borrower Option (LOBO) borrowing which has now gone past its initial fixed interest period and is subject to the potential to be called by the lender at specific intervals. If a loan were called, the Council would be exposed to a potential change in interest rate. Given the current low interest rate environment and market forecasts for the next two to three years, it is considered that there is no risk of those LOBO loans with call dates within the next 12 months being called. All LOBO loans have therefore been classified as long term.

Market Risk – Price Risk

The Council does not invest in equity shares but does have shareholdings in Newcastle Airport Local Authority Holding Company and Advance Northumberland Limited. Further information on these shareholdings is contained in Note 35 Related Parties.

As the shareholdings have arisen in the acquisition of specific interests, the Council is not in a position to limit its exposure to price movements by diversifying its portfolio. The shares in Newcastle Airport Local Authority Holding Company are classified as "Fair Value through other Comprehensive Income" and are included at fair value. The shares in Advance Northumberland Limited are included at historic cost.

21. Leases

Council as Lessee

Finance Leases

The Council has a number of ground leases for assets included within Property, Plant and Equipment in the Balance Sheet. The land is mostly held on a peppercorn rent and therefore immaterial for reporting purposes.

Council as Lessee

Operating Leases

The Council uses cars, commercial vehicles, refuse vehicles, fire equipment and appliances and information technology equipment financed by entering into operating leases, with typical lives of six years.

The future minimum lease payments due under non-cancellable leases in future years are:

| 31 March 2021 £000 | | 31 March 2022 £000 |
|-----------------------|---|-----------------------|
| 907 | Not later than one year | 867 |
| 1,321 | Later than one year and not later than five years | 1,023 |
| 985 | Later than five years | 609 |
| 3,213 | | 2,499 |

The expenditure charged to the Comprehensive Income and Expenditure Statement during the year in relation to these leases was:

| 31 March 2021 £000 | | 31 March 2022 £000 |
|-----------------------|------------------------|-----------------------|
| 1,258 | Minimum lease payments | 1,500 |

Council as Lessor

Finance Leases

The Council has numerous finance leases in place, including schools previously controlled by the Council which have converted to Academy Schools which are now on 125-year leases. The Council either receives nil or peppercorn annual rental for these properties.

Council as Lessor

Operating Leases

The Council leases out property under operating leases for the following purposes:

- for the provision of community services, such as sports facilities and playgroups; and,
- for economic development purposes to provide suitable affordable accommodation for local businesses.

The future minimum lease payments receivable under non-cancellable leases in future years are:

| 31 March 2021 £000 | | 31 March 2022 £000 |
|-----------------------|---|-----------------------|
| 575 | Not later than one year | 810 |
| 247 | Later than one year and not later than five years | 314 |
| 412 | Later than five years | 676 |
| 1,234 | | 1,800 |

The minimum lease payments receivable do not include rents that are contingent on events taking place after the lease was entered into, such as adjustments following rent reviews.

22. Debtors

| 31 March 2021 £000 | | 31 March 2022 £000 |
|-----------------------|---|-----------------------|
| Short Term: | | |
| 28,662 | Government bodies | 20,983 |
| 12,836 | NHS Bodies | 13,198 |
| 49,662 | Other entities and individuals | 49,721 |
| 3,594 | Other local authorities | 2,241 |
| 313 | Public corporations and trading funds | 70 |
| 95,067 | Total Short Term | 86,213 |
| Long Term: | | |
| 194,231 | Advance Northumberland Commercial | 188,293 |
| 33,476 | Advance Northumberland Development | 35,918 |
| 39,918 | Advance Northumberland Housing | 39,765 |
| 9,834 | Advance Northumberland Housing - Executive | 9,834 |
| 12,607 | NCC - Airport Loan Notes | 13,750 |
| 335 | NELEP - Ashwood | 1,288 |
| 2,810 | NELEP - Bates/Blyth Harbour | 2,850 |
| 9,253 | NELEP - East Sleekburn Enterprise Zone | 9,040 |
| 1,292 | Northumberland Aged Miners Housing Association - Solar Panel Loan | 1,203 |
| 5,363 | Northumberland College Loan 2014 | 5,200 |
| 18,000 | Northumbria Healthcare NHS Foundation Trust Berwick Hospital Loan | 17,000 |
| 76,166 | Northumbria Healthcare NHS Foundation Trust Hexham Hospital Loan | 71,747 |
| 2,189 | Other Loans | 1,804 |
| 405,474 | Total Long Term | 397,692 |
| 500,541 | Total Debtors | 483,905 |

23. Cash and Cash Equivalents

Cash and Cash Equivalents are made up of the following elements:

| 31 March 2021 £000 | | 31 March 2022 £000 |
|-----------------------|--|-----------------------|
| 83,373 | Cash and Cash Equivalents | 98,876 |
| (13,729) | Bank overdraft | (11,988) |
| 69,644 | Total Cash and Cash Equivalents | 86,888 |

24. Assets Held for Sale

| Current 2020-21 £000 | Non-Current 2020-21 £000 | | Current 2021-22 £000 | Non-Current 2021-22 £000 |
|--|--------------------------------|-------------------------------|----------------------------|--------------------------------|
| 2,214 | - | Balance at 1 April | 1,587 | 497 |
| Assets newly classified as held for sale: | | | | |
| 450 | - | Property, Plant and Equipment | 3,383 | - |
| - | - | Revaluation losses | (477) | (155) |
| - | - | Revaluation gains | - | - |
| Assets declassified as held for sale: | | | | |
| (470) | - | Property, Plant and Equipment | (200) | - |
| - | - | Investment property | - | - |
| (110) | - | Assets sold | (500) | (47) |
| Assets transferred from Non current to current | | | | |
| (497) | 497 | | - | - |
| 1,587 | 497 | Balance at 31 March | 3,793 | 295 |

25. Private Finance Initiatives (PFI) and Similar Contracts

The following table shows the reconciliation of long-term creditors to the PFI and other finance lease liabilities:

| 31 March 2021 £000 | | 31 March 2022 £000 |
|-----------------------|--------------------------------------|-----------------------|
| | Long term finance lease liability: | |
| (50,980) | Waste PFI | (49,394) |
| (10,334) | Fire PFI | (9,918) |
| (61,314) | Total Finance Lease Liability | (59,312) |
| | Long term deferred credits: | |
| (8,673) | Waste PFI | (8,006) |
| (8,673) | Total Deferred Credits | (8,006) |
| (69,987) | Total Long Term Creditors | (67,318) |

The Council has entered into two PFI schemes as detailed below:

Waste PFI

2021-22 was the 15th year of a 28 year integrated Waste PFI contract covering the construction, maintenance and operation of a range of waste treatment facilities and reception, storage, transport, recycling, composting, energy recovery and landfill disposal of household and commercial wastes

collected by the Council. The Council has the right under the agreement to use the various waste facilities for the provision of waste services.

The contract specifies a minimum standard for the services to be provided by the contractor. In the event of a service performance shortfall or if facilities become unavailable deductions will be made to the unitary charge payable. The contractor took on the obligation to ensure at all times that the services at each centre meet all the requirements of the Agreement, the Services Specification, the Service Delivery Proposals, Good Industry Practice, Guidance and all applicable Authorities' Policies and Legislation.

The buildings and any plant and equipment at the end of the Agreement will be transferred to the Council for nil consideration, with the exception of an extension to an existing energy from waste facility located outside of the Council's administrative area that will revert to the contractor as it will be at the end of its useful operational life.

The Council has the right to terminate the Agreement by giving the agreed notice period and paying the Authority Default Termination Sum, as detailed in the Agreement.

Payments to the service provider under this scheme depend upon a number of factors, including the performance of the contract.

Notes to the Accounts

The figures below provide information on the movement of the Waste PFI assets held on the Council's Balance Sheet during 2021-22:

| | 2020-21 £000 | 2021-22 Plant Shell £000 | 2021-22 Project Assets £000 | 2021-22 £000 |
|--|-----------------|--------------------------------|-----------------------------------|-----------------|
| Cost brought forward 1 April | 78,730 | 11,148 | 61,966 | 73,114 |
| Additions in year | 1,579 | - | 1,043 | 1,043 |
| Revaluation in year | (3,096) | 972 | 3,531 | 4,503 |
| Disposals | (4,099) | - | (1,043) | (1,043) |
| Cost carried forward 31 March | 73,114 | 12,120 | 65,497 | 77,617 |
| Accumulated depreciation brought forward 1 April | (8,855) | - | (7,384) | (7,384) |
| Revaluations in year | 2,300 | 619 | 1,605 | 2,224 |
| Disposals | 2,836 | - | 54 | 54 |
| Depreciation charge for year | (3,665) | (619) | (2,831) | (3,450) |
| Depreciation at 31 March | (7,384) | - | (8,556) | (8,556) |
| Net book value carried forward 31 March | 65,730 | 12,120 | 56,941 | 69,061 |

The following table provides information on the movement of the PFI lease liability held on the Council's Balance Sheet during 2021-22:

| | 2020-21 £000 | 2021-22 Plant Shell £000 | 2021-22 Project Assets £000 | 2021-22 £000 |
|---|-----------------|--------------------------------|-----------------------------------|-----------------|
| Lease liability brought forward 1 April | 53,349 | 10,377 | 41,831 | 52,208 |
| Payments made in year | (1,141) | (285) | (942) | (1,227) |
| Liability carried forward 31 March | 52,208 | 10,092 | 40,889 | 50,981 |

The following table provides the best estimates of payments in future periods, on the assumption that the contractor provides a reliable service. Variable elements of the charge have been inflated in line with predicted RPI increases:

| | 31 March 2021 £000 | Lifecycle Replacement £000 | Repayment of Liability £000 | Interest Charges £000 | Service Charges £000 | 31 March 2022 £000 |
|--------------------------------|--------------------------|----------------------------------|-----------------------------------|-----------------------------|----------------------------|--------------------------|
| Within one year | 25,487 | 1,294 | 1,586 | 7,805 | 15,526 | 26,211 |
| Within two to five years | 109,319 | 5,437 | 9,115 | 31,390 | 66,466 | 112,408 |
| Within six to ten years | 155,361 | 7,432 | 20,614 | 37,658 | 94,084 | 159,788 |
| Within eleven to fifteen years | 140,983 | 4,826 | 19,666 | 19,725 | 62,963 | 107,180 |
| | 431,150 | 18,989 | 50,981 | 96,578 | 239,039 | 405,587 |

Notes to the Accounts

The following transactions were processed during 2020-21 and 2021-22:

| 2020-21 | | 2021-22 |
|---------------|-----------------------|---------------|
| £000 | | £000 |
| 12,916 | Service Charge | 13,494 |
| 1,243 | Lifecycle Maintenance | 1,268 |
| 1,141 | Capital Repayment | 1,227 |
| 5,643 | Interest | 5,523 |
| 2,755 | Contingent Rent | 2,669 |
| 23,698 | Total Payment | 24,181 |
| (3,141) | PFI Grant Receivable | (3,141) |
| 20,557 | Net Payment | 21,040 |

Notes to the Accounts

Fire & Rescue PFI

2021-22 was the 12th year of a 25-year PFI contract for the construction, maintenance and operation of two fire stations in Pegswood and West Hartford. The Council has the rights under the Agreement to use the stations for the provision of the Fire and Rescue Services.

The contract specifies a minimum standard for the services to be provided by the contractor. In the event of a service performance shortfall or if the facilities become unavailable, deductions will be made to the unitary charge payable. The contractor took on the obligation to ensure at all times the services at each station meet all the requirements of the Agreement, the Services Specification, the Service Delivery Proposals, Good Industry Practice, Guidance and all applicable Authorities' Policies and Legislation.

The buildings and any plant and equipment at the end of the Agreement will be transferred to the Council for nil consideration.

The Council has the right to terminate the Agreement by giving the agreed notice period and paying the Default Termination Sum, as detailed in the Agreement.

Payments to the service provider under this scheme depend upon a number of factors, including the performance of the contract. Changes to Works, the Services or the Stations agreed, in accordance with the Change Protocol detailed in the Agreement, will result in an adjustment to the annual payments to the service provider.

The figures below provide information on the movement of the Fire and Rescue PFI assets held on the Balance Sheet during 2021-22:

| 2020-21 £000 | | 2021-22 £000 |
|-----------------|--|-----------------|
| 16,767 | Costs brought forward 1 April | 20,066 |
| - | Recognition of deferred assets within fixed assets | 64 |
| 3,299 | Revaluation Gain | 2,077 |
| 20,066 | Cost carried forward 31 March | 22,207 |
| (1,110) | Depreciation brought forward 1 April | (664) |
| 1,110 | Revaluations in Year | (137) |
| (664) | Depreciation charge for year | (664) |
| (664) | Depreciation at 31 March | (1,465) |
| 19,402 | Net book value carried forward 31 March | 20,742 |

The figures below provide information on the movement of the PFI lease liability held on the Balance Sheet during 2021-22:

| 2020-21 £000 | | 2021-22 £000 |
|-----------------|---|-----------------|
| 11,059 | Lease liability brought forward 1 April | 10,713 |
| (346) | Payments made in year | (379) |
| 10,713 | Liability carried forward 31 March | 10,334 |

Notes to the Accounts

The following table provides the best estimate of payments in future periods on the assumption that the contractor provides a reliable service. The amounts include the adjustment to the payments, agreed during 2013-14, relating to changes to works, the services or the stations. The adjustments affect the lifecycle maintenance and the service charges elements of the unitary charge. Variable elements of the charge have been inflated in line with predicted RPI increases:

| | 31 March 2021 £0 | Lifecycle Replacement £000 | Repayment of Liability £000 | Interest Charges £000 | Service Charges £000 | 31 March 2022 £000 |
|--------------------------------|---------------------|----------------------------------|-----------------------------------|-----------------------------|----------------------------|-----------------------|
| Within one year | 2,643 | 239 | 416 | 1,132 | 877 | 2,664 |
| Within two to five years | 10,913 | 1,015 | 2,118 | 4,053 | 3,811 | 10,997 |
| Within six to ten years | 14,468 | 1,419 | 4,101 | 3,535 | 5,531 | 14,586 |
| Within eleven to fifteen years | 12,714 | 1,092 | 3,699 | 800 | 4,055 | 9,646 |
| Within sixteen to twenty years | - | - | - | - | - | - |
| | 40,738 | 3,765 | 10,334 | 9,520 | 14,274 | 37,893 |

The following transactions were processed during 2020-21 and 2021-22:

| 2020-21 £000 | 2021-22 £000 |
|------------------------------|-----------------|
| 831 Service Charge | 848 |
| 226 Lifecycle Maintenance | 233 |
| 346 Capital Repayment | 379 |
| 1,169 Interest | 1,132 |
| 37 Contingent Rent | 39 |
| 2,609 Total Payment | 2,631 |
| (1,619) PFI Grant Receivable | (1,619) |
| 990 Net Payment | 1,012 |

26. Creditors

| 31 March 2021 £000 | | 31 March 2022 £000 |
|-----------------------|---------------------------------------|-----------------------|
| (52,160) | Government bodies | (65,269) |
| (1,035) | NHS bodies | (1,747) |
| (45,923) | Other entities and individuals | (63,756) |
| (1,944) | Other local authorities | (3,443) |
| (3,628) | Public corporations and trading funds | (1,881) |
| (104,690) | Total | (136,096) |

27. Significant Commitments under Capital Contracts

The following significant capital contracts have been entered into by the Council at 31 March 2022:

| | Total Cost £000 | Future Payments £000 |
|--|--------------------|-------------------------|
| Berwick Leisure Centre | 23,147 | 2,108 |
| County Hall Refurbishment | 13,990 | 1,927 |
| Hexham New Build Schools | 41,293 | 1,646 |
| Provision of Leisure Facilities within Morpeth | 21,000 | 10,203 |

28. Provisions

| Provisions | Redundancy Costs £000 | Equal Pay Back Pay £000 | MMI Liability £000 | NNDR Appeals £000 | Estates Rationalisation £000 | Compensation Claims £000 | Contractor Claims £000 | Total £000 |
|---------------------------------------|--------------------------|----------------------------|-----------------------|----------------------|---------------------------------|-----------------------------|---------------------------|-----------------|
| Balance at 1 April 2020 | (603) | (500) | (78) | (10,124) | (577) | (190) | - | (12,072) |
| Amounts used in 2020-21 | 575 | - | - | 4,842 | - | 80 | - | 5,497 |
| Additional provisions made in 2020-21 | (171) | - | - | (2,212) | - | (40) | - | (2,423) |
| Unused amounts reversed in 2020-21 | 28 | 500 | 78 | - | - | - | - | 606 |
| Balance at 31 March 2021 | (171) | - | - | (7,494) | (577) | (150) | - | (8,392) |
| Amounts used in 2021-22 | 155 | - | - | 711 | - | 3 | - | 869 |
| Additional provisions made in 2021-22 | - | - | - | (1,916) | - | - | (233) | (2,149) |
| Unused amounts reversed in 2021-22 | 16 | - | - | - | - | - | - | 16 |
| Balance at 31 March 2022 | - | - | - | (8,699) | (577) | (147) | (233) | (9,656) |
| Comprising: | | | | | | | | |
| Short Term | - | - | - | (1,351) | (450) | (147) | (233) | (2,181) |
| Long Term | - | - | - | (7,348) | (127) | - | - | (7,475) |
| Total Provisions | - | - | - | (8,699) | (577) | (147) | (233) | (9,656) |

Redundancy Costs

There were no redundancies which met the provisions of IAS 37 for the 2021-22 statement of accounts, removing the need for a redundancy provision to be made. The table illustrates the provision made in the 2020-21 statement of accounts and how it was fully used in year, for comparison.

Equal Pay Back Pay

This provision is no longer required. The unused provision was reversed in 2020-21 after all the conditions of the liability to HMRC relating to a withheld penalty charge were met. All other obligations were settled in previous financial years.

Municipal Mutual Insurance (MMI) Liability

This reserve was reversed in 2020-21 as any future claims will be met from the Insurance Reserve.

National Non-Domestic Rates (NNDR) Appeals

In addition to the local management of business rates authorities are expected to finance their proportion of appeals, made by ratepayers, against the rateable valuation set by the Valuation Office. Ordinarily, the Council's share has been 50%. However, for 2019-20 only, the Council was part of the North of Tyne Pool, meaning that the Council's share was 75%. The shares reverted to a 50/50 split for 2020-21. A provision of £17.40 million has been created within the 2021-22 accounts based on the best estimate of the potential liability required to settle successful appeals. £0.33 million relates to the 2010 valuation list and £17.07 million relates to the 2017 valuation list. This has been allocated 50% to Northumberland County Council and 50% to Central Government.

Notes to the Accounts

Estates Rationalisation

This provision is maintained to cover anticipated costs in relation to rationalising the Council's estate following a review by Estates Management.

Compensation Claims

There are a number of claims that have been received in relation to a depreciation of property values under the Land Compensation Act Part 1 which have not yet been settled. The estimated value of these claims is £0.15 million.

Contractor Claims

Exceptional Insurance costs have been claimed by a contractor amounting to £0.23 million for the period 1 November 2020 to 31 March 2022.

29. Unusable Reserves

| 31 March 2021 | | 31 March 2022 |
|------------------|---|---------------|
| £000 | | £000 |
| (3,894) | Accumulated Absences Adjustment Account | (5,026) |
| 587,254 | Capital Adjustment Account | 576,306 |
| (21,907) | Collection Fund Adjustment Account | (9,168) |
| (8,728) | Financial Instruments Adjustment Account | (8,393) |
| 9,434 | Financial Instruments Revaluation Reserve | 13,195 |
| (907,319) | Pensions Reserve | (742,487) |
| 136,668 | Revaluation Reserve | 188,619 |
| (208,492) | Total Unusable Reserves | 13,046 |

Accumulated Absences Adjustment Account

The Accumulated Absences Adjustment Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year e.g. unused annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

| 2020-21 | 2020-21 | 2021-22 | 2021-22 |
|----------------|---|---------|----------------|
| £000 | £000 | £000 | £000 |
| (4,855) | Balance at 1 April | | (3,894) |
| 4,855 | Settlement or cancellation of accrual made at the end of the preceding year | 3,894 | |
| (3,894) | Amounts accrued at the end of the current year | (5,026) | |
| | Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements | | (1,132) |
| | 961 | | |
| (3,894) | Balance at 31 March | | (5,026) |

Notes to the Accounts

Capital Adjustment Account

The balance on the account represents the timing difference between the amount of historical cost of non-current assets that have been consumed and the amount that has been financed in accordance with statutory requirements.

| 2020-21 £000 | | 2021-22 £000 |
|-----------------|--|-----------------|
| 629,623 | Balance at 1 April | 587,254 |
| | Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement: | |
| (53,564) | Charges for depreciation and impairment of non-current assets | (52,935) |
| - | Change in value of available-for-sale assets | (632) |
| (427) | Revaluation losses on Property, Plant and Equipment | (9,462) |
| (500) | Amortisation of intangible assets | (613) |
| (57,650) | Revenue expenditure funded from capital under statute | (47,924) |
| (71,977) | Amounts of non-current assets written off on disposal or sale as part of the gain/(loss) on disposal to the Comprehensive Income and Expenditure Statement | (33,030) |
| 10,373 | Adjusting amounts written out of the Revaluation Reserve | 5,622 |
| 997 | Modification adjustments charged to Comprehensive Income and Expenditure Statement in respect of capital financial assets | 1,114 |
| (79) | Expected Credit Loss allowances (charged) / credited to Comprehensive Income and Expenditure Statement in respect of capital financial assets | 30 |
| | Capital financing applied in the year: | |
| 1,117 | Use of the Capital Receipts Reserve to finance new capital expenditure | 6,945 |
| 5,310 | Use of the Major Repairs Reserve to finance new capital expenditure | 8,080 |
| 72,420 | Capital grants and contributions credited to the Comprehensive Income and Expenditure Statement that have been applied to capital financing | 54,071 |
| 1,878 | Application of grants to capital financing from the Capital Grants Unapplied Grant | 7,880 |
| 19,030 | Statutory provision for the financing of capital investment charged against the General Fund and HRA balances | 21,493 |
| 5,615 | Voluntary set aside for the financing of capital investment charged against the General Fund and HRA balances | 6,751 |
| 22,032 | Set aside of capital receipt for the repayment of debt | 17,406 |
| 3,042 | Capital expenditure charged against the General Fund and HRA balance | 4,017 |

| 587,254 | Balance at 31 March | 576,306 |

Notes to the Accounts

Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of council tax and non-domestic rates income in the Comprehensive Income and Expenditure Statement as it falls due from council tax payers compared with the statutory arrangements for transferring across amounts to the General Fund from the Collection Fund:

| 2020-21 £000 | 2021-22 £000 |
|--|-----------------|
| 3,174 | (21,907) |
| Balance at 1 April | |
| (25,081) | 12,739 |
| Amount by which council tax and non-domestic rates income credited to the Comprehensive Income and Expenditure Statement is different from council tax income and non-domestic rates calculated for the year in accordance with statutory requirements | |
| (21,907) | (9,168) |
| Balance at 31 March | |

Financial Instruments Adjustment Account

This represents the difference between the amounts charged to the Comprehensive Income and Expenditure Statement and the net charge required against the General Fund balance in respect of Financial Assets and Financial Liabilities in the Movement in Reserves Statement. The adjustment to the General Fund balance is required by statutory regulations whereas the Comprehensive Income and Expenditure Statement needs to meet the requirements of the CIPFA Code of Practice:

| 2020-21 £000 | 2021-22 £000 |
|---|-----------------|
| (8,426) | (8,728) |
| Balance at 1 April | |
| (456) | 311 |
| Proportion of premiums/(discounts) incurred in previous financial years to be charged/(credited) against the General Fund balance in accordance with statutory requirements | |
| 154 | 24 |
| Amount by which finance costs charged to the Comprehensive Income and Expenditure Statement are different from finance costs chargeable in the year in accordance with statutory requirements | |
| (8,728) | (8,393) |
| Balance at 31 March | |

Financial Instruments Revaluation Reserve

The Financial Instruments Revaluation Reserve contains the gains made by the Council arising from increases in the value of its investments that are measured at fair value through other comprehensive income. The balance is reduced when investments are:

- revalued downwards or impaired and the gains are lost; or
- disposed of and the gains are realised.

The reserve reflects the change in value of the Council's shareholding in Newcastle International Airport which in 2021-22 increased by £3.76 million:

| 2020-21 £000 | 2021-22 £000 |
|----------------------------------|-----------------|
| 8,741 | 9,434 |
| Balance at 1 April | |
| 693 | 3,761 |
| Upward Revaluation of Investment | |
| 9,434 | 13,195 |
| Balance at 31 March | |

Notes to the Accounts

Pensions Reserve

Pension costs are recognised in the year in which the benefit entitlements are earned by employees rather than the year in which the pensions and the employer's contributions are actually paid. The Pensions Reserve represents the net liability for future pension costs:

| 2020-21 £000 | | 2021-22 £000 |
|------------------|---|------------------|
| (804,210) | Balance at 1 April | (907,319) |
| - | Net (increase) from acquisitions/disposals | (2,820) |
| 256,570 | Return on plan assets | 57,050 |
| (348,162) | Actuarial gains or (losses) arising on changes in financial assumptions | 133,224 |
| (6,750) | Actuarial gains or (losses) arising on changes in demographic assumptions | 11,163 |
| 31,394 | Other | 15,058 |
| (74,093) | Reversal of items relating to retirement benefits debited or credited to the Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement | (86,763) |
| 37,932 | Employer's pensions contributions and direct payments to pensioners payable in the year | 37,920 |
| (907,319) | Balance at 31 March | (742,487) |

Revaluation Reserve

The balance on this reserve represents the accumulated gains on the re-valued non-current assets held by the Council since 1 April 2007 less that part of the depreciation charge that has been incurred only because the assets have been re-valued. Whilst these gains increase the net worth of the Council they would only result in an increase in spending power if the relevant assets were sold and capital receipts generated. On disposal the Revaluation Reserve value for an asset is written off to the Capital Adjustment Account.

| 2020-21 £000 | | 2021-22 £000 |
|-----------------|--|-----------------|
| 149,982 | Balance at 1 April | 136,668 |
| 18,890 | Upward revaluation of assets | 76,364 |
| (21,831) | Downward revaluation of assets and impairment losses not charged to the Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement | (18,791) |
| (4,474) | Difference between fair value depreciation and historical cost depreciation | (4,761) |
| (5,823) | Accumulated gains on assets sold or scrapped | (861) |
| (76) | Amount written off to the Capital Adjustment Account | - |
| 136,668 | Balance at 31 March | 188,619 |

30. Pension Schemes Accounted for as Defined Contribution Schemes

Teachers' Pensions Scheme

Teachers employed by the Council are offered membership of the Teachers' Pension Scheme, administered by the Teachers' Pensions Agency. It provides teachers with defined benefits upon their retirement, and the Council contributes towards the costs by making contributions based on a percentage of members' pensionable salaries.

As a proportion of the total contributions into the Teacher's Pension Scheme, the Council's own contributions equated to approximately 71.6% for 2021-22. The Council paid £11.70 million in 2021-22 (£11.81 million in 2020-21) to the Teachers' Pensions Agency in respect of teachers' retirement benefits, which represents 23.7% of teachers' pensionable pay for the period 1 April 2021 to 31 March 2022.

The contributions due to be paid in the next financial year are estimated to be £11.66 million.

The Scheme is a defined benefit final salary scheme. It is not possible for the Council to identify its share of the underlying liabilities in the scheme, and it is therefore classified as a defined contribution scheme for the purposes of the accounting requirements of IAS 19 and does not form part of the pension deficit described in Note 31.

The Council is responsible for the costs of any early retirement (the Teachers' unfunded scheme) and this is included in the pension deficit described in Note 31.

Academies/Agencies

The Council acted as the payroll provider for six academies and one agency during the 2021-22 financial year, namely:

- Cramlington Learning Village Academy (since 1 September 2011);
- Berwick Academy (since 1 November 2011);
- Meadowdale Academy (since 1 April 2012);
- Ponteland Academy (since September 2017);

- Pele Trust (Since 1 February 2019);
- Tyne Community Learning Trust (since 1 September 2019); and,
- Active Northumberland (since 1 September 2015 with regard to Teachers Pensions).

As part of this service the Council pays pension contributions to the Teachers' Pensions Agency on behalf of these establishments.

For 2021-22, employer contributions amounting to £4.65 million (23.7% of pensionable pay) and employee contributions amounting to £1.87 million (at rates ranging from 7.4% to 11.7% of pensionable pay), were paid over to the Teachers' Pensions Agency on behalf of the academies/agency listed above

NHS Pension Scheme

NHS staff who transferred to the Council in 2013-14, and on 01 October 2021, can choose to maintain their membership of the NHS Pension Scheme, administered by the NHS Business Services Authority.

The Scheme provides these staff with specified benefits upon retirement and the Council contributes towards the costs by making contributions based on a percentage of members' pensionable salaries.

The Scheme is an unfunded defined benefit scheme. For 2021-22, the Council paid employee contributions of £0.64 million (contribution rates ranging from 5.0% to 14.5% of pensionable pay), and employer contributions of £1.08 million (contribution rate representing 14.38% of pensionable pay) to the NHS Pension Scheme in respect of former NHS staff.

The contributions due to be paid in the next financial year are estimated to be £3.33 million.

31. Defined Benefit Pension Schemes

As part of the terms and conditions of employment of its officers, the Council makes contributions towards the cost of post-employment benefits. Although those benefits will not actually be payable until employees retire, the Council has a commitment to pay and disclose them at the time those employees earn their future entitlement.

The principal risks to the authority of the post-employment schemes are the longevity, inflation and (where relevant) investment asset performance assumptions and experience, statutory changes to the schemes, and structural changes to scheme membership. These are mitigated to a certain extent by the statutory requirements to charge to the General Fund and Housing Revenue Account the amounts required by statute as described in the accounting policies Note 40.

The Council participates in nine post-employment schemes. Seven of these are treated as defined benefit schemes as outlined below; the other schemes are defined contribution schemes and are included in Note 30.

The Local Government Pension Scheme (LGPS) for employees other than teachers and firefighters is administered by South Tyneside Council. The LGPS is a funded defined benefit final salary and career average revalued earnings scheme, meaning that the Council and employees pay contributions into a fund, calculated at a level intended to balance the pension liabilities with investment assets.

The Fund Administering Authority, South Tyneside Council, is responsible for the Governance of the Fund.

The LGPS Unfunded Scheme for employees other than teachers and firefighters is administered by Northumberland County Council. This is an unfunded defined benefit final salary scheme, meaning that there are no investment assets built up to meet the pension liabilities, which are paid for by the Council on a pay-as-you-go basis. The LGPS Unfunded Scheme provides enhanced pensions for certain former employees who were granted early retirement by the Council. No enhanced LGPS pensions have been granted since November 2003.

The Teachers' Unfunded Scheme for teachers only is administered by Northumberland County Council. This is an unfunded defined benefit final salary scheme, meaning that there are no investment assets built up to meet the pension liabilities, which are paid for by the Council on a pay-as-you-go basis. The Teachers' Unfunded Scheme provides enhanced pensions for certain former employees who were granted early retirement by the Council. No enhanced Teachers' pensions have been granted since January 2004.

The 1992 Firefighters' Pension Scheme (FPS 1992), is administered by Northumberland County Council. This is an unfunded defined benefit final salary scheme, meaning that there are no investment assets built up to meet the pension liabilities. Under the Firefighters' Pension Scheme (Amendment) (England) Order 2006 the Council and employees pay contributions into a notional fund. The fund is topped up by a government grant if the receipts into it are insufficient to meet the cost of pension and other payments. Any surplus in the fund is recouped by government in the year.

The 2006 Firefighters' Pension Scheme (FPS 2006), is administered by Northumberland County Council. This is an unfunded defined benefit final salary scheme, meaning that there are no investment assets built up to meet the pension liabilities. The funding arrangements are as described above for the FPS 1992.

The 2015 Firefighters' Pension Scheme (FPS 2015) is administered by Northumberland County Council. This is an unfunded defined benefit career average revalued earnings scheme, meaning that there are no investment assets built up to meet the pension liabilities. The funding arrangements are as described above for the FPS 1992.

The Firefighters' Injury Pensions and Non-Scheme Ill-Health Pensions are administered by Northumberland County Council. These are unfunded defined benefit final salary schemes, meaning that there are no investment assets built up to meet the pension liabilities, and cash has to be generated to meet actual pension payments as they fall due. These pensions are not covered by the funding arrangements as described above for the FPS and are paid for by the Council on a pay-as-you-go basis.

Transactions Relating to Post-employment Benefits

The Council recognises the cost of retirement benefits in the reported Cost of Services in the Comprehensive Income and Expenditure Statement when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge the Council is required to make against council tax is based on the cash payable in the year, so the real cost of post-employment/retirement benefits is reversed out of the General Fund (and Housing Revenue Account) via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year:

| 2020-21 | | | | | 2021-22 | | | | | |
|--|-----------------------|----------------------|---------------------------|----------|---|---------|-----------------------|----------------------|---------------------------|---------|
| LGPS | Firefighters' Schemes | LGPS unfunded Scheme | Teachers' unfunded Scheme | Total | | LGPS | Firefighters' Schemes | LGPS unfunded Scheme | Teachers' unfunded Scheme | Total |

Notes to the Accounts

Basis for Estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit credit method, an estimate of the pensions that will be payable in future years dependent on assumptions such as mortality rates and salary levels. Aon, an independent firm of actuaries, has assessed the liabilities for the pension schemes shown in the accounts, based on the latest full valuations of the schemes. For the LGPS the latest full actuarial valuation of the Fund took place as at 31 March 2019. For the FPS 1992, FPS 2006, FPS 2015 and the Firefighters' Injury Pensions and Non-Scheme Ill-Health Pensions the latest full actuarial valuation took place as at 31 March 2019. For the LGPS Unfunded Scheme and the Teachers' Unfunded Scheme, the latest full actuarial valuation took place as at 31 March 2021.

McCloud Judgement

The McCloud judgement (in 2018) in the Court of Appeal found that the transitional protection arrangements in the reformed Judges Pension Scheme were age discriminatory. The Government subsequently accepted that transitional protections in all reformed public sector schemes were age discriminatory and committed to introduce a remedy into each scheme and remove the discrimination by 1 April 2022.

Aon has made an allowance for the McCloud remedy 'underpin' in the liabilities shown in the opening balance sheet and in this year's current service costs.

Aon has assumed the remedy applies to all members in service on 1 April 2012, on retirement or prior to withdrawal, and with extension to benefits payable to the dependents of those members, in line with the current government proposals.

Cost Management in the LGPS and FPS

Legislation requires HM Treasury (HMT) to undertake periodic valuations to monitor the cost of the LGPS and the FPS to ensure they remain sustainable and affordable.

HMT paused their 2016 reviews following the McCloud judgement in the Court of Appeal. These have now been un-paused, and HMT Directions were made over 2021 which allowed HMT and the Scheme Advisory Board (SAB) reviews to proceed. The SAB review recommended no changes to the Scheme. It is expected that the HMT review will also recommend no changes. Aon has made no allowance for the potential outcome of the cost management exercise in this year's current service cost.

Guaranteed Minimum Pension (GMP)

Aon has valued full CPI Inflation pension increases on GMPs of members whose State Pension Age is on or after 6 April 2016. This is an approximate method of recognising the cost of the Government's commitment to compensate public service scheme members from the removal of the Additional Pension element of the State Pension from this date, and for the outcome of the Lloyds judgement which found GMPs to be sex discriminatory. Government has consulted on its approach to compensating affected members and Aon believes its approach is a reasonable estimate of the outcome.

Notes to the Accounts

The significant assumptions used by the actuary have been:

| 31 March 2021 | | | | | 31 March 2022 | | | | |
|---|-----------------------|----------------------|---------------------------|-----------------------------------|---------------|-----------------------|----------------------|---------------------------|--|
| LGPS | Firefighters' Schemes | LGPS unfunded scheme | Teachers' unfunded scheme | | LGPS | Firefighters' Schemes | LGPS unfunded scheme | Teachers' unfunded scheme | |
| Mortality assumptions in years: | | | | | | | | | |
| Longevity at age 65 for current pensioners: | | | | | | | | | |
| 21.9 | 21.6 | 21.9 | 21.9 | Men | 21.5 | 21.5 | 21.8 | 21.8 | |
| 25.1 | 23.7 | 25.1 | 25.1 | Women | 24.5 | 23.6 | 25.0 | 25.0 | |
| Longevity at age 65 for future pensioners: | | | | | | | | | |
| 23.6 | 23.3 | - | - | Men | 22.8 | 23.2 | - | - | |
| 26.9 | 25.5 | - | - | Women | 26.0 | 25.4 | - | - | |
| Financial Assumptions: | | | | | | | | | |
| 2.7% | 2.7% | 2.7% | 2.7% | Inflation - CPI | 3.0% | 3.0% | 3.0% | 3.0% | |
| 4.2% | 4.2% | - | - | Salary increases | 4.5% | 4.5% | - | - | |
| 2.7% | 2.7% | 2.7% | 2.7% | Pension increases | 3.0% | 3.0% | 3.0% | 3.0% | |
| 2.7% | 2.7% | - | - | Pension accounts revaluation rate | 3.0% | 3.0% | - | - | |
| 2.1% | 2.1% | 2.1% | 2.1% | Discount rate | 2.7% | 2.7% | 2.7% | 2.7% | |

The Council employs a building block approach in determining the rate of return on fund assets. Historical markets are studied and assets with higher volatility are assumed to generate higher returns consistent with widely accepted capital market principles. The assumed rate of return on each asset class is set out within this note. The overall expected rate of return on assets is then derived by aggregating the expected return for each asset class over the actual asset allocation for the Fund at 31 March 2022.

The Firefighters' Pension Schemes, LGPS unfunded scheme and the Teachers' unfunded scheme have no assets to cover their liabilities.

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the table above. The sensitivity analyses below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analyses changes while all the other assumptions remain constant. The assumptions in longevity, for example, assume that life expectancy increases or decreases for men and women. In practice this is unlikely to occur and changes in some of the assumptions may be interrelated. The methods and types of assumptions used in preparing the sensitivity analysis below did not change from those used in the previous period.

| Impact on the Defined Benefit Obligation in the Scheme | Increase in assumption £m | Increase in assumption % | Decrease in assumption £m | Decrease in assumption % |
|--|------------------------------|-----------------------------|------------------------------|-----------------------------|
| Local Government Pension Scheme (LGPS Funded) | | | | |
| Longevity (increase or decrease in 1 year) | 65.75 | 3.5 | (63.87) | (3.4) |
| Rate of increase in salaries (increase or decrease by 0.1%) | 3.76 | 0.2 | (3.76) | (0.2) |
| Rate of increase in pensions (increase or decrease by 0.1%) | 31.94 | 1.7 | (31.94) | (1.7) |
| Rate for discounting scheme liabilities (increase or decrease by 0.1%) | (35.69) | (1.9) | 35.69 | 1.9 |
| Firefighters' Pension Scheme (FPS 1992) | | | | |
| Longevity (increase or decrease in 1 year) | 6.49 | 3.6 | (6.31) | (3.5) |
| Rate of increase in salaries (increase or decrease by 0.1%) | 0.18 | 0.1 | (0.18) | (0.1) |
| Rate of increase in pensions (increase or decrease by 0.1%) | 2.89 | 1.6 | (2.89) | (1.6) |
| Rate for discounting scheme liabilities (increase or decrease by 0.1%) | (3.07) | (1.7) | 3.07 | 1.7 |
| New Firefighters' Pension Scheme (FPS 2006) | | | | |
| Longevity (increase or decrease in 1 year) | 0.51 | 3.7 | (0.49) | (3.6) |
| Rate of increase in salaries (increase or decrease by 0.1%) | 0.11 | 0.8 | (0.11) | (0.8) |
| Rate of increase in pensions (increase or decrease by 0.1%) | 0.26 | 1.9 | (0.26) | (1.9) |
| Rate for discounting scheme liabilities (increase or decrease by 0.1%) | (0.37) | (2.7) | 0.38 | 2.8 |
| New Firefighters' Pension Scheme (FPS 2015) | | | | |
| Longevity (increase or decrease in 1 year) | 0.96 | 3.6 | (0.93) | (3.5) |
| Rate of increase in salaries (increase or decrease by 0.1%) | 0.45 | 1.7 | (0.45) | (1.7) |
| Rate of increase in pensions (increase or decrease by 0.1%) | 0.43 | 1.6 | (0.43) | (1.6) |
| Rate for discounting scheme liabilities (increase or decrease by 0.1%) | (0.88) | (3.3) | 0.90 | 3.4 |

Sensitivity analysis on the LGPS Unfunded Scheme, The Teachers' Unfunded Scheme and the Firefighters' Injury Pensions and non-scheme Ill-Health Pensions scheme has not been included on materiality grounds.

Notes to the Accounts

Impact on the Council's Cash Flows

The Council anticipates paying the following amounts in 2022-23 in relation to the seven post-employment schemes covered by this note:

| | LGPS £m | 1992 Firefighters' Pension Scheme £m | 2006 Firefighters' Pension Scheme £m | 2015 Firefighters' Pension Scheme £m | Firefighters' Injury & non scheme III Health £m | LGPS unfunded Scheme £m | Teachers' unfunded Scheme £m | Total £m |
|--|--------------|--|--|--|---|----------------------------------|---------------------------------------|--------------|
| Regular employer contributions payable to Tyne and Wear Pension Fund | 28.49 | - | - | - | - | - | - | 28.49 |
| Payments to beneficiaries | - | - | - | - | - | 2.18 | 2.52 | 4.70 |
| Payments to beneficiaries net of member contributions receivable, where contributions include the Government Grant | - | 6.63 | 0.14 | (1.10) | 0.20 | - | - | 5.87 |
| Total | 28.49 | 6.63 | 0.14 | (1.10) | 0.20 | 2.18 | 2.52 | 39.06 |

LGPS regular employer contributions payable by the Council to Tyne and Wear Pension Fund in 2022-23 includes a fixed monetary lump sum of £0.58 million which is intended to amortise the deficit attributable to the Council over a period of 10 years.

Additional employer contributions will also be payable by the Council to Tyne and Wear Pension Fund in relation to the strain on the fund, for example, where an employee is made redundant and his/her LGPS pension becomes payable before his/her normal retirement date.

Notes to the Accounts

Duration of the defined benefit obligations

The duration of the Council's liabilities is the average period, expressed in number of years, between the calculation date and the date on which the scheme benefit falls due. Duration for the seven post-employment schemes covered by this note are as follows:

| 31 March 2021 | | 31 March 2022 |
|---------------|---|---------------|
| No. of years | | No. of years |
| 19.0 | Weighted average duration for LGPS, LGPS Unfunded and Teachers' Unfunded | 19.0 |
| 16.7 | Weighted average duration for FPS 1992 | 16.7 |
| 27.8 | Weighted average duration for FPS 2006 | 27.8 |
| 33.6 | Weighted average duration for FPS 2015 | 33.6 |
| 15.3 | Weighted average duration for Firefighters' Injury and Non-Scheme III Health Pensions | 15.3 |

Split of the defined benefit obligations

The split of the defined benefit obligations at the last valuation date between the categories of members was as follows:

| | Active Members % | Deferred Members % | Pensioners % |
|--|------------------------|--------------------------|-----------------|
| Local Government Pension Scheme | 37.0 | 17.0 | 46.0 |
| 1992 Firefighters' Pension Scheme | 26.0 | 4.0 | 70.0 |
| 2006 Firefighters' Pension Scheme | 56.0 | 23.0 | 21.0 |
| 2015 Firefighters' Pension Scheme | 93.0 | 7.0 | - |
| Firefighters' Injury and non-scheme III- Health Pensions | 33.0 | - | 67.0 |
| Local Government Pension Scheme Unfunded | - | - | 100.0 |
| Teachers' Unfunded | - | - | 100.0 |

Notes Supporting the Cash Flow Statement

32. Cash Flows from Operating Activities

The cash flows for operating activities include the following items:

| 2020-21 £000 | | 2021-22 £000 |
|-----------------|-------------------|-----------------|
| (22,415) | Interest received | (21,600) |
| 31,610 | Interest paid | 32,164 |

The deficit on the Provision of Services has been adjusted for the following non-cash movements:

| 2020-21 £000 | | 2021-22 £000 |
|-----------------|---|-----------------|
| 53,564 | Depreciation | 52,935 |
| 427 | Impairment and downward valuations | 10,094 |
| 500 | Amortisation | 613 |
| 26,446 | Increase in creditors | 26,109 |
| (6,417) | Increase in debtors | (21,999) |
| 567 | (Increase)/decrease in inventories | (995) |
| 36,161 | Movement in Pension Liability | 48,843 |
| 71,977 | Carrying amount of non-current asset and non-current assets held for sale, sold or derecognised | 33,030 |
| (3,848) | Other non-cash items charged to the net deficit on the provision of services | 1,001 |
| 179,377 | Subtotal of non-cash movements | 149,631 |

The deficit on the Provision of Services has been adjusted for the following items that are investing and financing activities:

| 2020-21 £000 | | 2021-22 £000 |
|------------------|---|-----------------|
| (2,949) | Proceeds from the sale of property, plant and equipment, investment property and intangible assets | (9,382) |
| (98,468) | Any other items for which the cash effects are investing or financing cash flows | (66,723) |
| (101,417) | Sub total of adjustments included in the Deficit on the Provision of Services that are investing or financing activities | (76,105) |

33. Cash Flows from Investing Activities

| 2020-21 £000 | | 2021-22 £000 |
|-----------------|--|-----------------|
| (95,891) | Purchase of property, plant and equipment, investment property and intangible assets | (99,891) |
| (189,008) | Purchase of short term and long term investments | (125,300) |
| (13,803) | Other payments for investing activities | (8,238) |
| 2,949 | Proceeds from the sale of property, plant and equipment, investment property and intangible assets | 9,382 |
| 170,000 | Proceeds from short term and long term investments | 159,250 |
| 111,122 | Other receipts from investing activities | 94,212 |
| (14,631) | Net cash flows from investing activities | 29,415 |

34. Cash Flows from Financing Activities

| 2020-21 £000 | | 2021-22 £000 |
|-----------------|--|-----------------|
| 82,034 | Cash receipts of short term and long term borrowing | 25,041 |
| (1,487) | Cash payments for the reduction of the outstanding liabilities relating to finance leases and on-balance sheet PFI contracts | (1,606) |
| (94,543) | Repayments of short and long term borrowing | (80,583) |
| (20,330) | Other payments for financing activities | 9,239 |
| (34,326) | Net cash flows from financing activities | (47,909) |

Notes to the Accounts

| | 1 April 2021 | Financing cashflows | Changes which are not financing cash flows | | 31 March 2022 |

Other Notes

35. Related Parties

The Council is required to disclose material transactions with related parties, bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

The Government

The Government has effective control over the general operations of the Council. It is responsible for providing the statutory framework within which the Council operates, provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Council has with other parties.

Note 11 illustrates the different sources of grant income that the Council receives.

Members

Members of the Council have direct control over the Council's financial and operating policies. During 2021-22 goods and services were commissioned from organisations in which Members had an interest. Also, funding consists of other grants paid to organisations in which Members had an interest. All interests were declared by the appropriate Members. Members had interests in 88 organisations with transactions totalling £139.30 million in respect of goods or services provided to the Council (105 and £117.67 million in 2020-21).

During 2021-22 goods and services amounting to £5.88 million were provided by the Council to 65 organisations in which Members had an interest (£4.97 million and 71 in 2020-21).

Included in the above sums are amounts due from the Council of £1.02 million and due to the Council of £0.20 million as at 31 March 2022 (£5.41 million and £1.25 million in 2020-21).

Officers

During 2021-22 goods and services were provided to or commissioned from organisations in which officers had an interest. All interests were declared by the appropriate officers. Officers had interests in 13 organisations with transactions totalling £50.93 million in respect of goods or services provided to the Council (11 and £50.12 million in 2020-21).

During 2021-22 goods and services amounting to £1.62 million were provided by the Council to nine organisations in which officers had an interest (£3.54 million and nine in 2020-21).

Included in the above sums are amounts due from the Council of £0.03 million and due to the Council of £0.03 million as at 31 March 2022 (£1.29 million and £1.05 million in 2020-21).

Schedules of related party transactions are available to inspect upon request.

Note 8 discloses the remuneration of senior officers.

Active Northumberland

The Council commissions Active Northumberland to provide leisure services. There is a signed Leisure Agreement, covering the period 2018-2022, which formally documents the commissioner/provider contractual relationship between the Council and Active Northumberland for the provision of leisure services. The Council retains ownership of the leisure assets which Active Northumberland runs on behalf of the Council. Whilst the Council determines what activities it requires Active Northumberland to deliver on its behalf, the Council is not involved operationally with how those services are delivered and this is a matter for the Active Northumberland Board. A number of Service Level Agreements between Active Northumberland and the Council were agreed and effective from 1 April 2018 and continued to operate during 2021-22.

An assessment of the Council's relationship with Active Northumberland in 2021-22 concluded that there was no requirement to consolidate the financial position of Active Northumberland within the Council's group position. The assessment concluded that the Council did not have significant control over Active Northumberland and the traded position was not material to the overall group position. The Council committed to pay Active Northumberland a

Notes to the Accounts

management fee of £2.16 million in 2021-22 (£2.46 million in 2020-21). In addition, other agreed funding of £0.37 million was accrued in 2021-22 (£2.26 million in 2020-21).

Entities Controlled or Significantly Influenced by the Council.

Arch Group

Following the restructuring which occurred on 1 April 2009 as part of Local Government Reorganisation the Council took possession of the investments and holdings of Wansbeck District Council. Included within these holdings was an investment in Wansbeck Life Limited (subsequently Arch (Commercial Enterprise) Limited) which comprised 100.0% of the ordinary share capital and 50.0% of the voting share capital. Following changes to the composition of the Board of Directors during 2010-11 it was confirmed that the Council, by virtue of these shareholdings and its control of the Board, was in a position to exert control over the entity and its wholly owned subsidiary Northern Coalfields Property Company (subsequently Arch (Housing) Limited).

On 13 November 2018, the Arch Group was re-organised with Arch (Corporate Holdings) Limited being removed as the Group holder and replaced with Advance Northumberland Limited. Arch (Corporate Holdings) Limited ceased trading from this point and on 10 November 2020 was dissolved.

Advance Northumberland Group

On 13 November 2018 all assets, liabilities and shares of the Arch Group were transferred to Advance Northumberland Limited.

The financial results of Advance Northumberland are consolidated within the Group Accounts section of this document.

The loans the Council has made to Advance Northumberland are shown in Note 22, Debtors.

The Advance Northumberland Group brings together services in housing, commercial property, regeneration and business growth. The group consists of five wholly owned companies and one joint venture; its principal activities are as follows:

Advance Northumberland Limited

The company acts as a holding entity for the companies that comprise the Advance Northumberland Group. Advance Northumberland Limited conducts no business in its own right.

The activities of the company are:

- Corporate Policy monitoring and creation;
- Financial Control and Monitoring;
- Human Resource services;
- Marketing and Communications;
- Strategic Corporate Objectives;
- Strategic Management overview;
- Tax Advice; and,
- Transactional Finance.

Advance Northumberland (Commercial) Limited: The principal activities of the company are to acquire and develop commercial properties for the purposes of capital appreciation and generation of rental income.

Advance Northumberland (Housing) Limited: The principal activity of the company is the provision of rented residential accommodation in South East Northumberland.

Advance Northumberland (Developments) Limited: The principal activities of the company are to provide project management services in connection with capital developments undertaken by the Advance Northumberland Group and the Council. In addition, Ascent Homes provides new homes for sale throughout Northumberland. Ascent Homes is the housebuilding arm of the Advance Northumberland (Developments) Limited entity. It builds homes for sale to the private and affordable markets to assist in meeting the strategic requirements of Advance Northumberland and the Council.

Advance Northumberland (Financial) Limited: There have been minimal transactions for 2021-22 which relate to the historic repayment of loans that were previously granted by the Council.

Notes to the Accounts

Prudhoe Estates LLP Limited

The group holds a joint venture agreement with the Duke of Northumberland with both holding a 50.0% ownership in Prudhoe Estate LLP, which is a property development company.

As at 31 March 2022 the Advance Group owed the Council (the ultimate holding company) £281.61 million (£281.85 million in 2020-21) primarily in respect of principal and interest due on a commercial loan facility; whilst, the Council owed Advance Northumberland Group £1.89 million (£2.56 million in 2020-21) primarily for capital grant claims for Northumberland Energy Park Phase 1, Ashington Leisure Centre and Ashwood Business Park. During 2021-22 the Council paid the Advance Group £2.18 million (£7.43 in million 2020-21), mainly for capital grant claims for Northumberland Energy Park Phase 1, Ashwood Business Park and project management fees. Income to the Council from the Advance Group was £14.54 million (£14.50 million in 2020-21), mainly due to interest payable on the commercial loan facility.

Northumberland Property (NO.1) and (NO.2)

On 7 and 8 August 2018 Northumberland Property (NO.1) Limited and Northumberland Property (NO.2) Limited were incorporated at Companies House. Both companies are wholly owned and registered with Ward Hadaway Solicitor, Sandgate House, 102 Quayside, Newcastle Upon Tyne, NE1 3DX.

The Council has significant control over both of these companies in that it can appoint and remove company directors. Both companies remained dormant throughout 2021-22.

Northumberland Enterprise Holdings Limited

On 17 September 2020 Northumberland Enterprise Holdings Limited was incorporated at Companies House. The Council is the sole shareholder.

Northumberland Enterprise Holdings Limited was created as a holding company for further subsidiary companies that will subsequently be formed for trading purposes and would form part of the Northumberland Enterprise Holdings Limited group.

Northumbria Integrated Consultancy Limited

Northumbria Integrated Consultancy Limited is the first subsidiary of Northumberland Enterprise Holdings Limited. It was incorporated on 29 March 2021.

The purpose of the company is to provide consultancy services other than financial management

Both companies commenced trading in 2021-22

At 31 March 2022 Northumberland Enterprise Holdings Limited owed the Council nothing (the ultimate holding company); whilst, the Council also owed Northumberland Enterprise Holdings Limited nothing. During 2021-22 the Council paid Northumberland Enterprise Holdings Limited £0.30 million for share capital. Income to the Council from Northumberland Enterprise Holdings Limited was £0.14 million, mainly for officer support and insurances premiums.

Energy Central Campus Limited

A new 'Energy Central Campus Company Limited by Guarantee' was incorporated on 2 November 2021 to provide a vehicle through which all Energy Central Campus projects and activities will be delivered. The Company has 3 founding Directors, the Council's representative is the Interim Executive Director of Regeneration alongside the Chief Operating Officers of ORE Catapult and Port of Blyth. The Articles for the Company have been established to ensure there is no risk to the Council, or its partners, of there being a controlling mind. A review of the Articles concluded that there was no requirement to consolidate the financial position of this company within the Council's Group position on the basis that the Council does not have control over the Company.

Northumbria Healthcare NHS Foundation Trust

The Council entered into a partnership agreement for the delegation of Adult Social Care functions to Northumbria Healthcare NHS Foundation Trust. In conjunction with this, a number of officer roles were shared between the Council and Northumbria Healthcare NHS Foundation Trust. These are outlined in Note 8, Officers' Remuneration.

Notes to the Accounts

On 2 March 2021 Northumbria Healthcare NHS Foundation Trust formally served notice to terminate the partnership arrangement with the Council. The service terminated on 30 September 2021.

The Council has also provided loan finance facilities to Northumbria Healthcare NHS Foundation Trust. The total amount outstanding on these facilities as at the 31 March 2022 was £94.32 million (£99.58 in 2020-21).

Newcastle International Airport

The Council has designated its Newcastle Airport equity instrument as fair value through other comprehensive income under IFRS 9 classifications. This decision protects Council taxpayers from any future movements in the value of these shareholdings until such time as the shares are sold or released.

Under the Airport Act 1986, Newcastle International Airport Limited (NIAL) was formed and seven local authorities were allocated shares in consideration for all the property, rights and liabilities that were transferred into the new company.

On 4 May 2001, the seven local authority shareholders of NIAL (the "LA7") created NIAL Holdings Limited, which is 51% owned by LA7 and 49% owned by AMP Capital Investors Limited following their purchase on 16 November 2012. The 51% holding is held in the Newcastle Airport Local Authority Holding Company Limited (NALAHCL), a company wholly owned by the seven authorities.

NALAHCL has a called up share capital of 10,000 shares with a nominal value of £1 each. The Council holds a 15.42% interest in NALAHCL, valued at £13.49 million (£9.73 million in 2020-21). The shares are not held for trading outside of the LA7.

The valuation of the holding is reviewed each year to consider whether any events have occurred which would materially impair the valuation. The spread of Covid-19 across the world towards the end of 2019-20 led to a sudden decline in air travel prompting the value of the shareholding to be impaired. This continued throughout 2020-21 but subsequent vaccine rollout and a lifting of restrictions has seen the travel sector experience a resurgence in passenger numbers. As a result, the majority of the impairment recognised has been reversed.

Through its shares in NALAHCL the Council has an effective shareholding of 7.86% in NIAL (and the group companies of NIAL Group Limited and NIAL Holdings Limited). The principal activity of NIAL (registered number 2077766) is the provision of landing services for both commercial and freight operators. No dividend was received for the year ended 31 December 2021 (nil for the year ended 31 December 2020).

Members of the LA7 entered into a loan agreement with NIAL Group Limited in 2012-13, issuing £67.67 million shareholder loan notes of which £11.92 million is provided by the Council (£11.92 million in 2020-21). The loan notes will be repayable in 2032 with interest normally being received up to that date on a six monthly basis.

Due to major curtailments in the airport operations as a result of the Covid-19 pandemic the Council has agreed to modify the terms of these loans and has accepted that under the unprecedented circumstances the airport can defer interest repayments for the following four years (three and a half years in 2020-21) with catch up payments to be made in instalments over a later period. Under the loan agreement the Council is entitled to compound interest for any late payments and this has been factored into the repayments the airport will make once the catch up payments commence. This has resulted in a further restatement of the loan value with a cumulative modification loss of £1.01 million (£1.02 million in 2020-21). The decrease in loss recognised is credited to the financing and investment income and expenditure line of the CIES. Furthermore, the Council looked at several observable factors regarding the robustness of the airport operations going forward resulting in an expected lifetime loss provision of £0.20 million (£0.23 million 2020-21) in the event all repayments are not made at some time in the future. The reduction in lifetime loss has been credited to the financing and investment income and expenditure line of the Comprehensive Income and Expenditure Statement. However, as the Council has accounted for the loan to the airport as a capital item, both the modification loss and expected lifetime loss provision has been reversed out of the Comprehensive Income and Expenditure Statement and charged to the Capital Adjustment Account, resulting in no bottom line impact within the Comprehensive Income and Expenditure Statement.

Notes to the Accounts

Other than these loan notes there are no outstanding balances owed to or from NIAL at the end of the year.

NIAL Group Limited made a loss before tax of £31.31 million and a loss after tax of £32.76 million for the year ended 31 December 2021. In the previous year, the Group made a loss before tax of £34.03 million and a loss after tax of £31.84 million.

36. Trust and Other Third Party Funds

The following trust funds, relating to bequests and third party funds, are held and administered by the Council. The funds do not represent assets of the Council and they are not included in the Council's Balance Sheet.

| 31 March 2021 £000 | | 31 March 2022 £000 |
|-----------------------|---|-----------------------|
| 2,294 | Section 278 and Section 38 Monies Held | 2,218 |
| 4,616 | Bank Accounts for Adult Clients in Care | 5,223 |
| 461 | Adult Amenity Funds | 505 |
| 116 | Disability Living Allowances | 94 |
| 345 | Other | 740 |
| 7,832 | Total | 8,780 |

Section 278 and Section 38 Monies Held

This funding relates to agreements with developers and are dependent on the developer meeting the obligations of the agreement. Due to the nature of these types of works, these agreements do not have a time frame prescribed for repayment.

Bank Accounts for Adult Clients in Care

The Council administers individual bank accounts for those people in the care of the Council.

Adult Amenity Funds

The Council controls funds which may have been donated or are the result of fund-raising efforts and are to be used for named clients or activities and are classed as Amenity Funds.

Disability Living Allowances

The Council holds Disability Living Allowance money paid to children in its care. This money is held until it is spent on the children.

Other

This includes funds held on behalf of Trust Schools, charitable trusts and individuals.

37. Impairment Losses

Storm Arwen caused damage to Mowbray Day Centre, a number of school buildings, Highway signs and Holy Island Causeway.

- The affected modular building at Mowbray Day centre was subsequently demolished and the value removed from the balance sheet.
- An impairment review of the schools resulted in no impairment being entered into the accounts on the basis that the schools are measured on a Modern Equivalent Asset basis, and the recoverable amounts and carrying values were not materially changed.
- An impairment of £0.45 million has been included for Infrastructure assets.

38. Contingent Liabilities

Home Housing Association

Future payments may be required to Home Housing association, a subsidiary of Home Group Limited, in relation to the guarantee given against loan stock which was used to fund the build of approximately 100 properties. The Council's proportion of the total liability is £2.72 million (3.18%) and may only be called upon in the event of certain legislative changes, which would make the Association unable to meet its obligations under the loan from its own resources.

The guarantee will expire in 2037, 50 years from the date of original agreement in 1987.

The risk of the guarantee being called upon is assessed as low, therefore no fair value has been calculated on the grounds of materiality.

Water Rates Collection

The former Alnwick District Council entered into a contract with Northumbrian Water, whereby it collected water charges from its tenants on its behalf and was paid a commission. This contract novated to the Council as a result of Local Government Reorganisation in 2009. The High Court has found that similar contracts between London Borough of Southwark and Thames Water and the Royal Borough of Kingston and Thames Water is a contract for resale of water under which the recovery of commission is limited by law. The Royal Borough of Kingston appealed the decision to the Court of Appeal which was unsuccessful. The key issue in the cases was that the local authorities were acting as a 'customer' in which

case they were reselling water services and should have passed savings on to tenants.

Following the Southwark ruling, an agreement was entered into between the Council and Northumbrian Water (NWL) which came into force on 1 April 2018. This agreement explicitly sets out that the Council is not acting as a water re-seller for the purposes of the Water Resale Order 2001 and 2006 and is acting solely as agent for NWL.

Given that the Council has not received any claims in respect of its previous contractual relationship with Northumbrian Water no provision has been made in the accounts at 31 March 2022. The Council has estimated the potential liability from similar claims to be £0.26 million, to be met from the Housing Revenue Account.

39. Contingent Assets

There were no contingent assets in 2021-22.

40. Accounting Policies

General Principles

The Statement of Accounts summarises the Council's transactions for the 2021-22 financial year and its position at the year end of 31 March 2022. The authority is required to prepare an annual Statement of Accounts in line with the Accounts and Audit Regulations 2015. The Regulations require that they are prepared in accordance with proper accounting practices.

These practices primarily comprise the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom 2021-22 (including the Update to the Code and Specifications for Future Codes for Infrastructure Assets issued by

CIPFA/LASAAC in November 2022), supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is, principally, historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

The accounts have been prepared on a going concern basis, on the basis of continued provision of services.

Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Revenue from contracts with service recipients, whether for services or the provision of goods, is recognised when (or as) the goods or services are transferred to the service recipient in accordance with the performance obligations of the contract;
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption; they are carried as inventories on the Balance Sheet;
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received, rather than when payments are made;
- Interest receivable on investments and payable on borrowings are accounted for

respectively on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract; and,

- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

The only exception to the adoption of accruals relates to accounting for income and expenditure by those schools that do not use the full functionality of the Council's finance systems and therefore account on a cash basis. This exception does not have a material impact on the accounts.

Accruals are recognised where the value exceeds £0.01 million.

Exceptional Items

When items of income and expense are material, their nature and amount is disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement or in the notes to the financial statements, depending on how significant the items are to aid an understanding of the Council's financial performance.

Cash and Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that

mature in three months or less from the date of acquisition and are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Council's cash management.

Prior Period Adjustments, Changes in Accounting Policies and Estimates and Errors

Prior period adjustments may arise as a result of a change in accounting policy or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance. Where a change is made, it is applied retrospectively (unless otherwise stated) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

Charges to Revenue for Non-Current Assets

Services, support services and trading accounts are debited with the following amounts to record

the cost of holding non-current assets during the year:

- Depreciation attributable to the assets used by the relevant service;
- Revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off; and,
- Amortisation of intangible non-current assets attributable to the service.

The Council is not required to raise council tax to fund depreciation, revaluation and impairment losses or amortisations. However, it is required to make an annual contribution from revenue to contribute towards the reduction in its overall borrowing requirement equal to an amount calculated on a prudent basis determined by the Council in accordance with statutory guidance. Depreciation, revaluation and impairment losses and amortisations are therefore replaced by the contribution in the General Fund Balance, by way of an adjusting transaction. This is shown within the Capital Adjustment Account and the Movement in Reserves Statement for the difference between the two.

Pension Fund Accounts

Northumberland County Council Pension Fund merged into Tyne and Wear Pension Fund on 1 April 2020. The Local Government Pension Scheme (Northumberland and Tyne and Wear Pension Fund Merger) Regulations 2020 (UK Statutory Instrument 2020 No 502) came into

force on 3 June 2020 giving this merger retrospective effect. All assets and liabilities of Northumberland County Council Pension Fund became the assets and liabilities of Tyne and Wear Pension Fund on 1 April 2020, and therefore Northumberland County Council Pension Fund's final day as a reporting entity was 31 March 2020.

The Merger Regulations removed Northumberland County Council from the LGPS Regulations as a body required to maintain a LGPS fund or prepare accounts from 1 April 2020. South Tyneside Council is the administering body for that Fund and the Tyne and Wear Pension Fund Accounts are presented in South Tyneside Council's Statement of Accounts only on this basis.

Employee Benefits

Benefits Payable during Employment

Short-term employee benefits (those that fall due wholly within 12 months of the year-end), such as wages and salaries, paid annual leave, paid sick leave, bonuses and non-monetary benefits (e.g. cars) for current employees, are recognised as an expense in the year in which employees render service to the Council. An accrual is made against services in the Surplus or Deficit on the Provision of Services for the cost of holiday entitlements and other forms of leave earned by employees but not taken before the year-end and which employees can carry forward into the next financial year. The accrual is made at the wage and salary rates applicable at the 31 March. Any accrual made is charged to the Surplus or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement so that holiday

benefits are charged to revenue in the financial year in which the holiday absence occurs.

Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date; or, an officer's decision to accept voluntary redundancy; and are charged on an accruals basis to the appropriate service in the Comprehensive Income and Expenditure Statement at the earlier of when the Council can no longer withdraw the offer of those benefits or when the Council recognises costs for a restructuring.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for termination benefits related to pensions enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end.

Post-Employment Benefits

Employees and former employees of the Council are members of nine pension schemes:

- **The Local Government Pension Scheme** administered by South Tyneside Council;

- **The LGPS Unfunded Scheme** administered by Northumberland County Council;
- **The Teachers' Unfunded Scheme** administered by Northumberland County Council;
- **The 1992 Firefighters' Pension Scheme** administered by Northumberland County Council;
- **The 2006 Firefighters' Pension Scheme** administered by Northumberland County Council;
- **The 2015 Firefighters' Pension Scheme** administered by Northumberland County Council;
- **The Firefighters' Compensation Scheme** Pensions administered by Northumberland County Council;
- **The Teachers' Pension Scheme** administered by Capita Teachers' Pensions on behalf of the Department for Education; and,
- **The NHS Pension Scheme** administered by NHS Business Services Authority on behalf of the Department of Health.

These schemes provide members with defined benefits, earned as employees worked for the Council.

However, the arrangements for the Teachers' and NHS Pension Schemes mean that liabilities for these benefits cannot ordinarily be identified

Notes to the Accounts

specifically to the Council. The schemes are therefore accounted for as if they were defined contribution schemes and no liability for future payment of benefits is recognised in the Council's Balance Sheet. The relevant service lines in the Comprehensive Income and Expenditure Statement are charged with the employer's contributions payable to these schemes in the year.

The other seven schemes are accounted for as defined benefit schemes.

Local Government Pension Scheme

Northumberland County Council Pension Fund merged into Tyne and Wear Pension Fund on 1 April 2020. The Local Government Pension Scheme (Northumberland and Tyne and Wear Pension Fund Merger) Regulations 2020 (UK Statutory Instrument 2020 No 502) came into force on 3 June 2020 giving this merger retrospective effect. All assets and liabilities of

Northumberland County Council Pension Fund became the assets and liabilities of Tyne and Wear Pension Fund on 1 April 2020, and therefore Northumberland County Council Pension Fund's final day as a reporting entity was 31 March 2020.

The Merger Regulations removed Northumberland County Council from the LGPS Regulations as a body required to maintain a LGPS fund or prepare accounts from 1 April 2020. South Tyneside Council is the administering body for that Fund and the Tyne and Wear Pension Fund Accounts are presented in South Tyneside Council's Statement of Accounts only on this basis.

- The liabilities of the Tyne and Wear Pension Fund attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method – i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, and former

employees, based on assumptions about mortality rates, commutation rates, and projected earnings for current employees, etc.

- Liabilities are discounted to their current value, using the appropriate discount rate (based on the rate of return on high quality corporate bonds).
- The assets of the Tyne and Wear Pension Fund attributable to the Council are included in the Balance Sheet at their fair value:
 - quoted securities at current bid price;
 - unquoted securities at professional estimate;
 - unitised securities at current bid price; and,
 - property at market value.

Notes to the Accounts

- The change in the Net Pensions Liability is analysed into the following components:

| Component | Description |
|--|--|
| Service cost comprising: | |
| Current service cost | The increase in liabilities as a result of service earned this year – allocated in the Comprehensive Income and Expenditure Statement to the revenue accounts of services for which the employees worked. |
| Past service cost | The increase in liabilities arising as a result of a scheme amendment or curtailment whose effect relates to years of service earned in earlier years – debited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. |
| Net interest on the net defined benefit liability (asset), i.e. net interest expense for the authority | The change during the period in the net defined benefit liability (asset) that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement – this is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability (asset) at the beginning of the period – taking into account any changes in the net defined benefit liability (asset) during the period as a result of contribution and benefit payments. |
| Remeasurement comprising: | |
| Return on plan assets | Excluding amounts included in net interest on the net defined benefit liability (asset) – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure. |
| Actuarial gains and losses | Changes in the Net Pensions Liability that arise because of changes in the actuarial assumptions from the previous year – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure. |
| Contributions paid to the pension fund | Cash paid as employer's contributions to the pension fund in settlement of liabilities – not accounted for as an expense. |

Statutory provisions require the General Fund Balance to be charged with the amount payable by the Council in the year not the amount calculated in accordance with relevant accounting standards. There are appropriations to and from the Pensions Reserve in the Movement in Reserves Statement to remove the notional debits and credits for retirement benefits and replace them with debits for the employer contributions paid or payable in the year. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

Notes to the Accounts

Events after the Reporting Period

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events; and,
- those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

Financial Instruments

Financial Liabilities

Financial liabilities are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and then carried at their amortised cost. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are based on the

carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

For most of the borrowings that the Council has, this means that the amount presented in the Balance Sheet is the outstanding principal repayable (plus accrued interest), and, interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year according to the loan agreement.

Where premiums and discounts have been charged to the Comprehensive Income and Expenditure Statement, regulations allow the impact on the General Fund Balance to be spread over future years. The Council has a policy of spreading the gain/loss over either the term of the replacement loan or the remaining term on the loan against which the premium was payable or discount receivable when it was repaid. The reconciliation of amounts charged to the Comprehensive Income and Expenditure Statement to the net charge required against the General Fund Balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement.

Financial Assets

Financial assets are classified based on a classification and measurement approach that reflects the business model for holding the financial assets and their cash flow

characteristics. There are three main classes of financial assets measured at:

- amortised cost;
- fair value through profit or loss (FVPL); and,
- fair value through other comprehensive income (FVOCI).

The Council's business model is to hold investments to collect contractual cash flows. Financial assets are therefore largely classified as amortised cost, except for those whose contractual payments are not solely payment of principal and interest (i.e. where the cash flows do not take the form of a basic debt instrument).

Financial Assets Measured at Amortised Cost

Financial assets measured at amortised cost are recognised in the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value. They are subsequently measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For most of the loans that the Council has made, this means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest), and, interest

Notes to the Accounts

credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year in the loan agreement.

However, the Council has made a number of loans to voluntary organisations at less than market rates (soft loans). When soft loans are made, a loss is recorded in the Comprehensive Income and Expenditure Statement (debited to the appropriate service) for the present value of the interest that will be forgone over the life of the instrument, resulting in a lower amortised cost than the outstanding principal.

Interest is credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement at a marginally higher effective rate of interest than the rate receivable from the voluntary organisations, with the difference serving to increase the amortised cost of the loan in the Balance Sheet. Statutory provisions require that the impact of soft loans on the General Fund Balance is the interest receivable for the financial year – the reconciliation of amounts debited and credited to the Comprehensive Income and Expenditure Statement to the net gain required against the General Fund Balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement.

Financial Assets Measured at Fair Value through Other Comprehensive Income

The Council has elected to classify its equity shareholdings in Newcastle Airport Local

Authority Holding Company Limited (NALAHCL) and Advance Northumberland Limited into a 'fair value through other comprehensive income' treatment, rather than 'fair value through profit or loss', as the assets are not held for trading.

The impact of the election is that movements in fair value will not be debited/credited to the Surplus or Deficit on the Provision of Services as they arise. Instead, movements will be accumulated in the Financial Instruments Revaluation Reserve until the asset is derecognised, at which point the net gain or loss would be transferred to the General Fund Balance.

Expected Credit Loss Model

The Council recognises expected credit losses on all of its financial assets held at amortised cost, either on a 12-month or lifetime basis. The expected credit loss model also applies to lease receivables and contract assets. Only lifetime losses are recognised for trade receivables (debtors) held by the authority.

Impairment losses are calculated to reflect the expectation that the future cash flows might not take place because the borrower could default on their obligations. Credit risk plays a crucial part in assessing losses. Where risk has increased significantly since an instrument was initially recognised, losses are assessed on a lifetime basis. Where risk has not increased significantly or remains low, losses are assessed on the basis of 12-month expected losses.

Foreign Currency Translation

Where the Council has entered into a transaction denominated in a foreign currency, the transaction is converted into sterling at the exchange rate applicable on the date the transaction was effective. Where amounts in foreign currency are outstanding at the year-end, they are recognised in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

Government Grants and Contributions

Whether paid on account, by instalments or in arrears, government grants and third party contributions and donations are recognised as due to the Council when there is reasonable assurance that:

- the Council will comply with the conditions attached to the payments; and,
- the grants or contributions will be received.

Amounts recognised as due to the Council are not credited to the Comprehensive Income and Expenditure Statement until conditions attaching to the grant or contribution have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset acquired using the grant or contribution are required to be consumed by the recipient as specified or future economic benefits or service potential must be returned to the transferor.

Notes to the Accounts

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as Revenue Grants Receipts in Advance. When conditions are satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants/contributions) or Taxation and Non-Specific Grant Income (non-ring-fenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied Account. Where it has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grants Unapplied Account are transferred to the Capital Adjustment Account once they have been applied to fund capital expenditure.

Heritage Assets

Tangible and Intangible Heritage Assets (described here as “Heritage Assets”)

The Council’s Heritage Assets are held with the aim of increasing the knowledge, understanding and appreciation of the Council’s history and local area. Heritage Assets are recognised and measured (including the treatment of revaluation gains and losses) in accordance with the Council’s accounting policies on property, plant and equipment. However, some

of the measurement rules are relaxed; these rules together with the accounting treatment for heritage assets are as follows.

Museum, Art and Artefact Collection

The Council’s museum and art collections are reported on the Balance Sheet based on their insurance valuations, which are periodically reviewed.

The Council does not consider it appropriate to charge depreciation on the assets as they have high residual values and indeterminate lives.

The collection is relatively static and acquisitions and donations are rare. Where these do occur, acquisitions are initially recognised at cost and donations are recognised at valuation.

Public Sculptures and Memorials

Due to the nature of the assets held and the lack of comparable values, the Council considers that obtaining valuations for the vast majority of Public Sculptures & Memorials would involve a disproportionate cost in comparison to the benefits to the users of the Council’s financial statements. This is because of the nature of the assets held and the lack of comparable values. Other than recently acquired public art, which is held at cost, the Council does not recognise these heritage assets on the Balance Sheet.

These assets have indeterminate lives hence the Council does not consider it appropriate to charge depreciation.

Historic Buildings

Similar to community assets, the Council considers that obtaining valuations for this type of asset would involve a disproportionate cost in comparison to the benefits to the users of the Council’s financial statements. The Council holds this class of asset at cost on the Balance Sheet.

Archaeology

Due to the diverse nature of the assets held and lack of comparable market values, the Council does not consider that reliable cost or valuation information can be obtained for archaeological assets. Consequently, the Council does not recognise these assets on the balance sheet.

The Council does not make any purchases of archaeological items.

Heritage Assets – General

The carrying amounts of heritage assets are reviewed where there is evidence of impairment for heritage assets, e.g. where an item has suffered physical deterioration or breakage or where doubts arise as to its authenticity. Any impairment is recognised and measured in accordance with the Council’s general policies on impairment. Heritage assets which have a doubtful provenance or are unsuitable for public display may be disposed of. The proceeds of such items are accounted for in accordance with the Council’s general provisions relating to the disposal of property, plant and equipment. Disposal proceeds are disclosed separately in the notes to the financial statements and are

Notes to the Accounts

accounted for in accordance with statutory accounting requirements relating to capital expenditure and capital receipts.

Intangible Assets

Capital expenditure on non-monetary assets that do not have physical substance but are controlled by the Council (e.g. software licences), and are expected to have future economic benefits or service potential to the Council, are classified as intangible assets.

Expenditure on the development of websites is not capitalised if the website is solely or primarily intended to promote or advertise the Council's goods or services.

Intangible assets are measured at cost. Amounts are only revalued where the fair value of the assets can be determined by reference to an active market.

Intangible assets are given finite useful lives, based on an assessment of the period that the asset is expected to be of use to the Council. The useful lives assigned to the major intangible asset types are:

| Asset Type | Estimated Useful Life |
|--|-----------------------|
| Applications Software | 5 Years |
| Library Management System & Housing Management System | 5 Years |
| Fire Service call taking and mobilising system | 5 Years |
| Vehicle Tracking System & Parking Enforcement Software | 5 Years |

The carrying amount of an intangible asset is amortised on a straight-line basis over its useful life.

For statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact on the General Fund Balance. They are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £0.01 million) the Capital Receipts Reserve.

Interests in Companies and Other Entities

The Council has material interests in companies that have the nature of subsidiaries and is required to prepare group accounts. In the Council's own single entity accounts the interests are recorded as financial assets at cost, less any provision for losses. In preparing the Group accounts, the following have been applied:

- All relationships within the scope of the Group accounts have been assessed;
- Transactions between the Council and its subsidiaries have been eliminated from the Group statement of accounts and accompanying notes; and,
- The financial statements of the subsidiaries are prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including FRS 102 the Financial Reporting standard and this may give rise to difference in accounting

treatment. Where material differences are identified, the subsidiary accounts are aligned to the accounting policy of the Council upon consolidation.

Inventories

Inventories are included in the Balance Sheet at the lower of cost and net realisable value.

Investment Properties

Investment properties are those that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale.

Investment properties are measured initially at cost and subsequently at fair value, based on the amount at which the asset could be exchanged between knowledgeable parties at arm's length. Properties are not depreciated but are revalued annually according to market conditions at the year-end. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

Rentals received in relation to investment properties are credited to the Financing and Investment Income and Expenditure line and result in a gain for the General Fund Balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund Balance. The gains and losses

Notes to the Accounts

are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £0.01 million) the Capital Receipts Reserve.

Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property, plant or equipment from the lessor to the lessee. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

The Council as Lessee

Finance Leases

Property, Plant and Equipment held under finance leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception (or the present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. Initial direct costs of the Council are added to the carrying amount of the asset. Premiums paid on entry into a lease are applied to writing down the lease liability. Contingent

rents are charged as expenses in the years in which they are incurred.

Lease payments are apportioned between:

- a charge for the acquisition of the interest in the property, plant or equipment – applied to write down the lease liability; and,
- a finance charge (debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

Property, Plant and Equipment recognised under finance leases is accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life (where ownership of the asset does not transfer to the Council at the end of the lease period).

The Council is not required to raise council tax to cover depreciation or revaluation and impairment losses arising on leased assets. Instead, a prudent annual provision is made from revenue towards the deemed capital investment in accordance with statutory requirements. Depreciation and revaluation and impairment losses are therefore replaced by revenue provision in the General Fund Balance, by way of an adjusting transaction within the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

Operating Leases

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefitting from use of the leased property, plant or equipment. Charges are made on a straight-line basis over the life of the lease; even if this does not match the pattern of payments (e.g. there is a rent-free period at the commencement of the lease).

The Council as Lessor

Finance Leases

Where the Council grants a finance lease over a property or an item of plant or equipment, the relevant asset is written out of the Balance Sheet as a disposal. At the commencement of the lease, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. A gain, representing the Council's net investment in the lease, is credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal), matched by a lease asset in the Balance Sheet.

Lease rentals receivable are apportioned between:

- a charge for the acquisition of the interest in the property – applied to write down the

lease debtor (together with any premiums received); and,

- finance income (credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

The gain credited to the Comprehensive Income and Expenditure Statement on disposal is not permitted by statute to increase the General Fund Balance and will be required to be treated as a capital receipt. Where a premium has been received, this is posted out of the General Fund Balance to the Capital Receipts Reserve in the Movement in Reserves Statement. Where the amount due in relation to the lease asset is to be settled by the payment of rentals in future financial years, this is posted out of the General Fund Balance to the Deferred Capital Receipts Reserve in the Movement in Reserves Statement. When the future rentals are received, the element for the capital receipt for the disposal of the asset is used to write down the lease debtor. At this point, the deferred capital receipts are transferred to the Capital Receipts Reserve.

The written-off value of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

Operating Leases

Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a premium paid at the commencement of the lease). Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

Non-current Assets Held for Sale

Property assets where a disposal is highly probable within the next 12 months and the asset is available for sale in its present condition are classified as assets held for sale. Management must be committed to the sale within one year from the date of classification. The asset is revalued immediately before reclassification and then carried at the lower of this amount and fair value less costs to sell.

Subsequent decreases in fair value less costs to sell are charged directly to the Comprehensive Income and Expenditure Account. Gains in fair value are only recognised to the extent that they reverse a loss previously recognised in the surplus or deficit on provision of services. No depreciation is charged on assets held for sale.

If assets no longer meet the criteria to be classified as Assets Held for Sale, they are reclassified as non-current assets and valued at the lower of either:

- the carrying amount before classification as held for sale; adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been classified as Held for Sale; or,
- the recoverable amount at the date of the decision not to sell.

When an asset is disposed of the carrying amount of the asset on the Balance Sheet is written off to the Comprehensive Income and Expenditure Statement, alongside any receipts from the disposal.

Amounts received are categorised as capital receipts and credited to the Capital Receipts Reserve. The written-off value of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing and is appropriated to the Capital Adjustment Account through the Movement in Reserves Statement.

Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Overheads and Support Services

Corporate departments work within pre-determined budgets and generally their costs are not distributed to service departments. The

Notes to the Accounts

exceptions are primarily services funded by external grant or where the service operates within a ring-fenced budget, for example the Housing Revenue Account.

Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

Highways Infrastructure Assets

Highways infrastructure assets include carriageways, footways and cycle tracks, structures (e.g. bridges), street lighting, street furniture (e.g. illuminated traffic signals, bollards), traffic management systems and land which together form a single integrated network.

Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, provided that it is probable that the future economic benefits or service potential associated with the item will flow to the Council and the cost of the item can be measured reliably. For General Fund items of property, plant and equipment, a de minimis level of £0.01 million is applied below which expenditure is charged directly to the Comprehensive Income and Expenditure Statement as it is incurred.

Expenditure that maintains but does not add to an asset's potential to deliver future economic benefits or service potential (i.e. repairs and maintenance) is charged as an expense when it is incurred.

Measurement

Assets are initially measured at cost, comprising:

- the purchase price;
- any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management; and,
- the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

The Council does not capitalise borrowing costs incurred whilst assets are under construction.

The cost of assets acquired other than by purchase is deemed to be its current value, unless the acquisition does not have commercial substance (i.e. it will not lead to a variation in the cash flows of the Council). In the latter case, where an asset is acquired via an exchange, the cost of the acquisition is the carrying amount of the asset given up by the Council.

Donated assets are measured initially at current value. The difference between fair value and any consideration paid is credited to the Taxation and Non-specific Grant Income line of the Comprehensive Income and Expenditure

Statement, unless the donation has been made conditionally. Until conditions are satisfied, the gain is held in the Donated Assets Account. Where gains are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance to the Capital Adjustment Account in the Movement in Reserves Statement.

Assets are then carried in the Balance Sheet using the following measurement bases:

- infrastructure, community assets and assets under construction – depreciated historical cost;
- vehicles, plant and equipment - depreciated historical cost basis as a proxy for current value due to the short useful lives, or low value (or both). Energy from Waste PFI plant is valued at current value;
- dwellings – current value, determined using the basis of existing use value for social housing (EUV-SH);
- surplus assets - current value, determined using the fair value approach by the measurement of the highest and best use value; and,
-
- all other assets – current value, determined using the amount that would be paid for the asset in its existing use (existing use value – EUV).

Notes to the Accounts

Where there is no market-based evidence of fair value because of the specialist nature of an asset, depreciated replacement cost (DRC) is used as an estimate of current value.

Assets included in the Balance Sheet at current value are revalued at least every five years to ensure that their carrying amount is not materially different from their current value at the year-end.

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account

Impairment

Assets are assessed each year for possible impairment. If a material impairment is identified a material change valuation is carried out to value the asset at its current value.

Disposals and Derecognition

When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet is written off to the Comprehensive Income and Expenditure Statement, alongside any receipts from the disposal.

Amounts received for a disposal in excess of £0.01 million are categorised as capital receipts and credited to the Capital Receipts Reserve, this can only be used for new capital investment or set aside to reduce the Council's underlying need to borrow (the capital financing requirement). A proportion of receipts relating to housing is payable to the government.

The authority has determined in accordance with Regulation 30M of the Local Authorities (Capital Finance and Accounting) (England) (Amendment) Regulations 2022 that the carrying amounts to be derecognised for infrastructure assets when there is replacement expenditure is nil.

The written-off value of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing.

Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. An exception is made for assets without a determinable finite useful life (i.e. freehold land and certain Community Assets) and assets that are not yet available for use (i.e. assets under construction).

The depreciation charge is applied on a straight line basis over the following periods:

| Asset | Depreciation Period |
|---|---|
| Land & Buildings & Community Assets | 4 to 40 years (as determined by the valuation officers) |
| (after deducting residual value) | |
| Infrastructure: | |
| (Assessed by Highways Engineers using industry standard where applicable) | |
| Carriageway | 25 years |
| Footpaths & Cycleways | 25 years |
| Street Furniture | 25 years |
| Street Lighting | 40 years |
| Structures | 100 years |
| Traffic Management | 15 years |
| Coast Protection | 40 to 75 years |
| Vehicles, Plant and Equipment: | |
| CCTV equipment | 3 to 30 years |
| Fire engines | 10 to 15 years |
| Furniture and Fittings, ICT, other equipment | 3 to 15 years |
| Grounds maintenance / car parking equipment | 3 to 15 years |
| Other vehicles | 3 to 10 years |
| Play / sport / gym equipment | 3 to 20 years |
| Salt Barns | 25 years |
| Solar Panels | 5 to 25 years |
| PFI Assets: | |
| Buildings and Infrastructure | 25 to 40 years |
| Waste Plant Shell & Equipment | 3 to 50 years |

Where an item of Property, Plant and Equipment has major components where the cost is significant in relation to the total cost of the item, the components are depreciated separately. Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

Private Finance Initiative (PFI) and Similar Contracts

PFI and similar contracts are agreements to receive services, where the responsibility for making available the property, plant and equipment needed to provide the services passes to the PFI contractor. As the Council is deemed to control the services that are provided under its PFI schemes and as ownership of the property, plant and equipment will pass to the Council at the end of the contracts for no additional charge (with the exception of the energy from waste plant as it is deemed to have negligible value at the end of the period), the Council carries the assets used under the contracts on its Balance Sheet as part of Property, Plant and Equipment.

The original recognition of these assets at fair value (based on the cost to purchase the property, plant and equipment) was balanced by the recognition of a liability for amounts due to the scheme operator to pay for the capital investment.

Non-current assets recognised on the Balance Sheet are revalued and depreciated in the same way as property, plant and equipment owned by the Council.

The amounts payable to the PFI operators each year are analysed into five elements:

- fair value of the services received during the year – debited to the relevant service in the Comprehensive Income and Expenditure Statement;

- finance cost – an interest charge applied to the outstanding Balance Sheet liability, debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement;
- contingent rent – increases in the amount to be paid for the property arising during the contract, debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement;
- payment towards liability – applied to write down the Balance Sheet liability due to the PFI operator (the profile of write-downs is calculated using the same principles as for a finance lease); and,
- lifecycle replacement costs – proportion of the amounts payable is posted to the Balance Sheet as a prepayment and then recognised as additions to Property, Plant and Equipment when the relevant works are eventually carried out.

Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions are made where an event has taken place that gives the Council a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation. For instance, the Council may be involved in a court

case that could eventually result in the making of a settlement or the payment of compensation.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Council becomes aware of the obligation, and measured at the best estimate at the Balance Sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year – where it becomes less than probable that a transfer of economic benefits will now be required (or a lower settlement than anticipated is made), the provision is reversed and credited back to the relevant service.

Where some or all of the payment required to settle a provision is expected to be recovered from another party (e.g. from an insurance claim), this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the Council settles the obligation.

Contingent Liabilities

A contingent liability arises where an event has taken place that gives the Council a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council. Contingent liabilities also

Notes to the Accounts

arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts.

Contingent Assets

A contingent asset arises where an event has taken place that gives the Council a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

Contingent assets are not recognised in the Balance Sheet but disclosed in a note to the accounts where it is probable that there will be an inflow of economic benefits or service potential.

Reserves

The Council sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year against the Surplus/Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund Balance in the Movement in Reserves Statement so that there

is no net charge against council tax for the expenditure.

Certain reserves are kept to manage the accounting processes for non-current assets, financial instruments and retirement benefits and do not represent usable resources for the Council – these reserves are explained therefore in the relevant policies below.

Revenue Expenditure Funded from Capital under Statute (REFCUS)

Expenditure incurred during the year that may be capitalised under statutory provisions but does not result in the creation of a non-current asset has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the General Fund Balance to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of council tax.

Value Added Tax (VAT)

VAT payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs. VAT receivable is excluded from income.

Tax Income - Council Tax and National Non Domestic Rates (NNDR).

Council Tax and NNDR income included in the Comprehensive Income and Expenditure Statement for the year shall be the accrued income for the year.

Council Tax and NNDR income will be recognised in the Comprehensive Income and Expenditure Statement within the Taxation and Non-Specific Grant Income line. As a Billing Authority, the difference between the Council Tax and NNDR included in the Comprehensive Income and Expenditure Statement and the amount required by regulation credited to the General Fund is taken to the Collection Fund Adjustment Account and reported in the Movement in Reserves Statement.

Council Tax and NNDR income is recognised when the obligating event that triggers the payment to the Council has taken place; it is probable that the economic benefits or service potential associated with the transaction will flow to the Council; and the amount of revenue can be measured reliably.

Revenue relating to Council Tax and NNDR is measured at the full amount receivable (net of any impairment losses) as they are non-contractual, non-exchange transactions and there can be no difference between the delivery and payment dates.

Accounting for Schools

In line with accounting standards and the Code on group accounts and consolidation, all maintained schools (i.e. those categories of school identified in the School Standards and Framework Act 1998, as amended) are considered to be entities controlled by the Council and are recognised in the Council's single entity accounts. Therefore all schools'

Notes to the Accounts

transactions, cash flows and balances are recognised in each of the financial statements.

Schools' non-current assets (school buildings and playing fields) are recognised on the Balance Sheet where the Council directly owns the assets, where the Council holds the balance of control of the assets or where the school or the school governing body own the assets or have had rights to use the assets transferred to them through a licence arrangement.

When a maintained school converts to an Academy, the schools non-current assets held on the Council's balance sheet are treated as a disposal. The carrying value of the asset is written off to Financing and Investment Income and Expenditure in the Comprehensive Income and Expenditure Statement. Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

The written-off asset value is not a charge against the General Fund, as the cost of non-current asset disposals resulting from schools transferring to an Academy is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

Fair Value

The Council measures some of its non-current assets such as surplus assets and Investment Properties and some of its financial instruments such as equity share holdings at fair value at the reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability; or,
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The valuation of these assets and liabilities, use appropriate techniques for each circumstance, maximising the use, relevant known data, and minimising the use of estimates.

To increase consistency and comparability in fair value measurement and related disclosures, the inputs to valuation techniques used to measure fair value are categorised into three levels:

- **Level 1** inputs - unadjusted quoted prices in active markets for items identical to the asset being measured.
- **Level 2** inputs – inputs other than those in level 1 that are directly or indirectly observable.
- **Level 3** inputs – unobservable inputs for the asset or liability.

41. Accounting Standards That Have Been Issued but Have Not Yet Been Adopted

The Code of Practice on Local Authority Accounting in the United Kingdom (the Code) requires the disclosure of information relating to the expected impact of an accounting change that will be required by a new standard which has been issued but is yet to be adopted by the 2021-22 Code.

The Code also requires that changes in accounting policy are to be applied retrospectively unless transitional arrangements are specified, this would, therefore result in an impact on disclosures spanning two financial years.

Accounting changes that are introduced by the 2022-23 Code are:

- IFRS 16 Leases (but only for those local authorities that have decided to adopt IFRS 16 in the 2022-23 year) NCC has opted out of early adoption;
- Annual Improvements to IFRS Standards 2018-2020. The annual IFRS improvement programme notes 4 changed standards:
- IFRS 1 (First-time adoption) – amendment relates to foreign operations of acquired subsidiaries transitioning to IFRS;
- IAS 37 (Onerous contracts) – clarifies the intention of the standard;
- IFRS 16 (Leases) – amendment removes a misleading example that is not referenced in the Code material;
- IAS 41 (Agriculture) – one of a small number of IFRSs that are only expected to apply to local authorities in limited circumstances; and,
- IAS 16 (Property, Plant and Equipment) – amendments relating to Proceeds before Intended Use.

New standards that are expected to be introduced in the 2023-24 code that apply from 1 April 2023 are:

- IFRS 16 Leases (for those local authorities that have decided to voluntarily implement IFRS 16 in 2023-24; NCC has opted out of early adoption);
- Definition of Accounting Estimates (amendments to IAS 8);

- Disclosure of Accounting Policies (amendments to IAS 1 and IFRS Practice Statement 2);
- Deferred Tax related to Assets and Liabilities arising from a Single Transaction (amendments to IAS 12); and,
- Updating a Reference to the Conceptual Framework (amendments to IFRS 3).

These changes are not expected to have a material impact on the Council's financial performance and financial position.

42. Critical Judgements in Applying Accounting Policies

In applying the accounting policies set out in Note 40, the Council has had to make certain judgements about complex transactions or those involving uncertainty about future events.

The critical judgements made in the Statement of Accounts are:

- There is a high degree of uncertainty about future levels of funding for local government. However, the Council has determined that this uncertainty is not yet sufficient to provide an indication that the assets of the Council might be impaired as a result of a need to close facilities and reduce levels of service provision;
- The Council is deemed to control the services provided under the contracts for both Waste Management and Fire and Rescue PFI's. The accounting policies for PFI schemes and similar contracts have been applied to these arrangements and the associated assets (valued at £69.15 million for Waste and £20.90 million for Fire and Rescue) are recognised as Property, Plant and Equipment on the Council's Balance Sheet;
- The Council recognises school land and buildings on its Balance Sheet where the Council, the school or the school's Governing Body directly own the asset or have ownership rights and control of the property. Where the land and building assets used by the school are owned by an entity other than the Council, school, or school Governing Body then it is not included in the Council's Balance Sheet; and,
- Given the current low interest rate environment and market forecasts for the next two to three years, it is considered that there is no risk of those LOBO loans with call dates within the next 12 months being called. All LOBO loans have therefore been classified as long term.

Notes to the Accounts

The Council has completed a school by school assessment across the different types of schools it controls within the County. The types of schools that have been assessed are shown below:

| Type of School | Total No. of Schools £000 | No. of Primary Schools £000 | No. of Secondary Schools £000 | No. of Special Schools £000 | No. of All Through Schools £000 | No. of Pupil Referral Units £000 |
|---------------------------------|------------------------------|--------------------------------|----------------------------------|--------------------------------|------------------------------------|-------------------------------------|
| Community | 71 | 55 | 9 | 7 | - | - |
| Foundation | 5 | 3 | 2 | - | - | - |
| Pupil Referral Unit | 1 | - | - | - | - | 1 |
| Voluntary Aided | 23 | 23 | - | - | - | - |
| Voluntary Controlled | 8 | 8 | - | - | - | - |
| Total Maintained Schools | 108 | 89 | 11 | 7 | - | 1 |
| Academies | 58 | 37 | 18 | 2 | 1 | - |
| Free Schools | 1 | 1 | - | - | - | - |
| Total Schools | 167 | 127 | 29 | 9 | 1 | 1 |

All Community schools and the Pupil Referral Unit are owned by the Council and the land and buildings used by the schools are included on the Council's Balance Sheet. The Council has not recognised assets relating to Voluntary Aided, Voluntary Controlled, Foundation, Free schools or Academies. Where Academy schools are leased from the Council on a 125 year lease, they are treated as a disposal from the balance sheet, as this is deemed to be the majority of the asset's life.

The following school has converted to academy status during 2021-22:

- St. Paul's Catholic Primary School (April 2021);

As this school is voluntary aided, the assets are not included on the Council's Balance Sheet.

43. Assumptions Made About the Future and Other Major Sources of Estimation Uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Council's Balance Sheet at 31 March 2022 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

| Item | Uncertainties | Effect if Actual Results Differ from Assumptions |
|-------------------------------|--|--|
| Property, Plant and Equipment | The balance of Property, Plant and Equipment held by the Council at 31 March 2022 was £1,412.73 million. Assets are depreciated over their useful lives which are dependent on assumptions about the level of repairs and maintenance that will be incurred in relation to individual assets. The current economic climate makes it uncertain that the Council will be able to sustain its current spending on repairs and maintenance, bringing into doubt the useful lives assigned to assets. Where an asset is considered specialised or there is no active market, it is valued by the depreciated replacement cost (DRC) method. This considers the costs to construct a modern equivalent asset (MEA) to deliver the same service. The Council's valuers estimate these values with reference to build costs published by the Royal Institute of Chartered Surveyors. | If the useful life of an asset is reduced, depreciation increases and the carrying amount of the asset falls. If markets respond differently to the assumptions made the carrying amount of the asset would be under or overstated. This would be adjusted when the assets are next revalued. A 1.0% change to the valued assets (excluding those held at cost), would result in a £8.48 million change to the balance of Property, Plant and Equipment held by the Council, and a £0.89 million difference to the depreciation charged to the CIES. |
| Pensions Liability | At 31 March 2022, the Council had a net pension liability of £742.49 million. Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the Council with expert advice about the assumptions to be applied. | <p>The effects on the net pension liability of changes in individual assumptions can be measured. For instance, a 0.1% increase in the discount rate assumption would result in a decrease in the pension liability of £35.69 million.</p> <p>However, the assumptions interact in complex ways. During 2021-22, the Council's actuary advised that the net pension liability for funded LGPS benefits had reduced by £118.38 million due to changes in the financial assumptions; reduced by £8.10 million due to changes in the demographic assumptions; and reduced by £15.86 million due to changes in liability experience.</p> |

44. Events After the Reporting Period

The Statement of Accounts was authorised for issue by the Section 151 Officer on 22 July 2022. Events taking place after this date are not reflected in the financial statements or notes. Where events taking place before this date provided information about conditions existing at 31 March 2022, the figures in the financial statements and notes will be adjusted in all material respects to reflect the impact of this information.

The financial statements and notes have not been adjusted for the following events which took place after 31 March 2022:

Academy Conversions

The following schools converted to academy status in 2022-23:

- St Aidan's Catholic Primary School (1 April 2022)
- St Cuthbert's Catholic First School (1 April 2022)
- St Roberts Catholic First School (1 April 2022)

The Property, Plant and Equipment line in the Balance Sheet contained valuations totalling £0.033 million for the schools which transferred out of Council ownership.

The following schools converted to academy status in 2023-24:

- Morpeth All Saints Church of England First School (1 April 2023)
- Newbrough Church of England Primary School (1 April 2023)
- St Michael's Church of England Primary School (1 July 2023)
- Wark Church of England Primary School (1 August 2023)
- The Duchess's Community High School (1 December 2023)

The Property, Plant and Equipment line in the Balance Sheet contained valuations totalling £27.125 million for the schools which transferred out of Council ownership.

Report Issued under Section 114 of the Local Government Finance Act 1988

On 23 May 2022 the Interim Executive Director of Finance and Section 151 Officer issued a report under Section 114 of the Local Government Finance Act 1988 to members. The link to the report is [here](#). The report revealed two items of unlawful expenditure:

- The first related to the Council's participation in the Northumbria International Alliance, a health care consultancy business which traded for commercial purposes from 2018 to 2021 and did so otherwise than through a company with all of the related income and expenditure going through the Council's accounts. Although there is no indication that the Council suffered any financial loss according to legal advice sought by the Council, this expenditure was deemed to be unlawful. The Executive Director of Transformation and Resources (Section 151 Officer) believes that there is no financial or public interest in seeking to void any of the contracts the Council entered into without the necessary powers or seek recovery of any sums of unlawful expenditure incurred as a result. It is not anticipated that there will be any impact on the figures shown in the Council's accounts in relation to this matter.
- The second related to an allowance (international allowance) paid to the Council's Chief Executive in addition to the usual salary during the period 1 December 2017 to the date the report was issued. Payment of the International Allowance ceased with effect from 23 May 2022 and has remained suspended pending consideration of further legal advice with regard to potential recovery and any decisions taken by the County Council. The allowance of £40,000 per annum has been disclosed in Note 8 Officers Remuneration in the 2019-20, 2020-21 and 2021-22 Statement of Accounts.

Infrastructure Assets

In November 2022, CIPFA/LASAAC issued an Update to the Code and Specifications for Future Codes for Infrastructure Assets, providing a temporary relief so that local authorities are not required to report the gross book value and accumulated depreciation for infrastructure assets. This temporary relief is applied from the 2021-22 Code but may also apply to local authority financial statements before this period where the auditor's opinion on those statements has not been given. This is an adjusting event in these accounts, please refer to Note 14 Property, Plant and Equipment for further detail.

45. Restatements and Prior Period Adjustments

Restatements

A number of disclosures relating to 2020-21 have been restated. Some restatements (arising from changes in the council's management structure) have been made to 2020-21 data to facilitate comparison with 2021-22. The table below shows the impact of the changes between Portfolios as presented in the Comprehensive Income and Expenditure Statement.

| | 2020-21 Council Position | | | 2020-21 Group Position | | |
|--|----------------------------|-------------------|-------------------|----------------------------|-------------------|-------------------|
| | As per 2020-21 Accounts | Portfolio Changes | Restated Position | As per 2020-21 Accounts | Portfolio Changes | Restated Position |
| | £000 | £000 | £000 | £000 | £000 | £000 |
| Adult Social Care & Commissioning | 95,181 | 7,091 | 102,272 | 95,181 | 7,092 | 102,273 |

Loans to Advance Northumberland

The Financial Instruments disclosures in Note 19 have been restated to reclassify loans to Advance Northumberland as financial instruments instead of non-financial instruments.

this page is intentionally left blank

Housing Revenue Account

Housing Revenue Account (HRA) Income and Expenditure Statement for the year ended 31 March 2022

The account reflects the statutory obligation to “ring-fence” and show separately the financial transactions relating to the provision of housing. The HRA Income and Expenditure Statement shows the economic cost in the year of providing housing services in accordance with generally accepted accounting practices, rather than the amount to be funded from rents and Government grants. Authorities charge rents to cover expenditure in accordance with regulations; this may be different from the accounting cost. The increase or decrease in the year, on the basis of which rents are raised, is shown in the Movement on the HRA Statement.

| 2020-21 £000 | | Note | 2021-22 £000 |
|-----------------|---|------|-----------------|
| | Expenditure: | | |
| 7,912 | Repairs and maintenance | | 8,533 |
| 8,871 | Supervision and management | | 9,554 |
| 2,652 | Rents, rates, taxes and other charges | | 2,415 |
| 9,613 | Depreciation and Amortisation of Assets | | 9,686 |

| Re-categorisation | - | - | - | - | - | - | - | - |
| Depreciation & Amortisation - charged in year | 9,488 | 139 | 15 | - | - | 44 | - | 9,686 |
| Revaluations | (9,488) | (130) | - | - | - | - | - | (9,618) |
| Depreciation at 31 March 2022 | - | 158 | 75 | - | - | 222 | - | 455 |
| Net book value at 31 March 2022 | 355,349 | 1,947 | - | 761 | 335 | 181 | 48 | 358,621 |
| Net book value at 1 April 2021 | 335,073 | 1,536 | 15 | 217 | 312 | 178 | 415 | 337,746 |

The value of HRA dwellings at 31 March 2022 of £335.35 million shown in the Balance Sheet is valued on the basis of existing use social housing (EUV-SH) of 44.0%. The vacant possession value of the HRA dwellings at 1 April 2021 was £761.68 million, this illustrates the economic cost to Government of providing council housing at less than open market rents when compared to the EUV-SH valuation of £335.07 million at the same date. The EUV-SH reflects a valuation for a property if it were sold with sitting tenants paying rents at less than open market rents and tenant's rights including the Right to Buy.

The value of land has not been valued separately from the buildings and has only been split on subsequent revaluations. Therefore, the value of the land within 'other land and buildings' is £0.56 million. Surplus Assets consist of land valued at £0.07 million, and investment properties include £0.01 million worth of land.

4. Major Repairs Reserve

The Council is required to maintain a Major Repairs Reserve (MRR) with the main credit to the reserve being an amount equivalent to the total depreciation charges for all HRA assets. Until 2011-12, under Item 8 of Part 6 of the Local Government and Housing Act 1989, councils were able to transfer the difference between the depreciation credit to the reserve and the Major Reserves Allowance (MRA) back to the HRA. From 2012-13 councils were no longer allowed to reverse non-dwelling depreciation and were only allowed to reverse dwelling depreciation on a transitional basis until 2017-18. Subsequent to this from 1 April 2017, it has been announced that both dwelling and non-dwelling depreciation can be reversed from 2017-18 and subsequent years until further guidance is issued.

The Council is able to fund HRA related capital expenditure directly from the reserve, along with any voluntary set aside to repay debt. The movement in the Major Repairs Reserve is shown below:

| 2020-21 £000 | | 2021-22 £000 |
|-----------------|--|-----------------|
| | Income: | |
| (9,613) | Depreciation on Non-Current Assets | (9,686) |
| (9,613) | Total Income | (9,686) |
| | Expenditure: | |
| 5,310 | Houses | 8,080 |
| 5,310 | Total Expenditure | 8,080 |
| (4,303) | Increase in year on the MRR | (1,606) |
| (4,304) | Balance brought forward at 1 April | (8,607) |
| (8,607) | Balance carried forward at 31 March | (10,213) |

5. HRA Capital Expenditure and Financing

| 2020-21 £000 | | 2021-22 £000 |
|-----------------|---------------------------------|-----------------|
| | Expenditure: | |
| 6,699 | Houses | 11,133 |
| (2) | Vehicle, Plant and Equipment | 48 |
| 6,697 | Total Expenditure | 11,181 |
| | Financing: | |
| 362 | Government Grants | 534 |
| 133 | Capital Receipts | 1,636 |
| 892 | Revenue Contribution to Capital | 931 |
| 5,310 | Major Repairs Reserve | 8,080 |
| 6,697 | Total Financing | 11,181 |

6. Capital Receipts

The Local Government Act 2003 stipulates that income from the disposal of assets must be split into usable and reserved elements. The reserved element is paid over to the national pool and the usable element can be used to fund capital expenditure. A summary of receipts for the year is included below:

| | Gross Receipt £000 | Usable Element £000 | Reserved Element £000 |
|--------|-----------------------|------------------------|--------------------------|
| Houses | 3,618 | 2,107 | 1,511 |

7. Accounting for Pensions

The net impact on the HRA as a result of IAS 19 was a debit of £2.83 million representing the excess of current service cost over pension contributions, as a result of implementing IAS 19.

The net charge resulting from implementing IAS 19 is reversed within the HRA meaning there is no effect on the amount to be met from rents.

8. Tenant Arrears

At the end of the final collection week in 2021-22, tenant rent arrears were as follows:

| As at 31 March 2021 £000 | % | | As at 31 March 2022 £000 | % |
|--------------------------------|-------------|----------------------------|--------------------------------|-------------|
| Rents: | | | | |
| 969 | 3.22 | Current tenants | 988 | 3.33 |
| 1,264 | 4.33 | Former tenants | 1,011 | 3.41 |
| 2,233 | 7.55 | Balance at 31 March | 1,999 | 6.74 |

9. Provision for Impairment of Debt

The impairment allowance for doubtful debts required at 31 March 2022 is £1.86 million compared with £2.40 million at 31 March 2021, a decrease of £0.54 million.

Debts of £0.79 million were written off during the year and a contribution of £0.25 million was added to the allowance.

The impairment allowance for doubtful debts at 31 March 2022 is:

| 2020-21 £000 | | 2021-22 £000 |
|-----------------|-------------------------------|-----------------|
| 2,575 | Balance at 1 April | 2,403 |
| (434) | Debts written off during year | (787) |
| 262 | Increase in provision | 249 |
| 2,403 | Balance at 31 March | 1,865 |

The charge for movement in the allowance for doubtful debts within the Income and Expenditure Statement of £0.26 million includes the increase in allowance for doubtful debts for Council dwelling rents of £0.25 million and sundry debtor allowance for doubtful debts of £0.01 million.

10. Earmarked Reserve - HRA

An Earmarked Reserve was created within the HRA during 2018-19 to fund the development and delivery of a housing development plan. During the year £0.93 million was utilised to fund capital expenditure in line with the plan.

The movement in Earmarked Reserve is shown below:

| 2020-21 £000 | | 2021-22 £000 |
|-----------------|---|-----------------|
| (4,000) | Balance at 1 April | (3,108) |
| 892 | Transferred (to)/from Earmarked Reserve | 931 |
| (3,108) | Balance at 31 March | (2,177) |

Collection Fund

Notes to the Collection Fund Account

The Collection Fund reflects the statutory obligation of billing authorities to maintain a separate Collection Fund, distinct from the General Fund of the Council. The Collection Fund accounts independently for income relating to Council Tax and National Non Domestic Rates (NNDR) on behalf of those bodies (including the Council) for whom the income has been raised.

Collection Fund surpluses or deficits declared by the billing authority relating to Council Tax and NNDR are apportioned to the relevant precepting bodies in the subsequent financial year. For Northumberland, the Council Tax precepting body is the Police and Crime Commissioner for Northumbria and the NNDR precepting body is Central Government.

| 2020-21 Total £000 | Note | Council Tax £000 | 2021-22 NNDR £000 | Total £000 |

| 45,933 | | (3,099) | 25,015 | 21,916 |

1. Council Tax

The Council collects Council Tax charged on residential properties based upon property valuations estimated at 1 April 1991. These valuations are classified into 8 valuation bands.

The calculation of the tax base (adjusted for discounts and exemptions and expressed as an equivalent number of Band D dwellings) was approved at Full Council in February 2021.

The net Council Tax liability in 2021-22 was £224.43 million (£212.79 million in 2020-21).

| 2020-21 | | | | | 2021-22 | | |
|-------------------|---|----------------------------|-------------------------------|------------|-------------------|---|----------------------------|
| Properties No. | Band D equivalent Properties No. | Council Tax Charge £ | Council Tax Band | Proportion | Properties No. | Band D equivalent Properties No. | Council Tax Charge £ |
| - | 67.51 | 1,054.42 | A (Disabled) | 5/9 | - | 60.22 | 1,093.11 |
| 70,590 | 30,962.07 | 1,265.30 | A | 6/9 | 70,609 | 30,569.55 | 1,311.73 |
| 24,766 | 16,000.87 | 1,476.20 | B | 7/9 | 25,063 | 16,030.48 | 1,530.35 |

| 16,814 | 15,435.32 | 1,897.96 | D | 9/9 | 17,115 | 15,632.90 | 1,967.59 |
| 10,983 | 12,426.80 | 2,319.72 | E | 11/9 | 11,227 | 12,685.99 | 2,404.83 |
| 6,808 | 9,242.16 | 2,741.50 | F | 13/9 | 6,954 | 9,384.12 | 2,842.07 |
| 4,223 | 6,632.10 | 3,163.26 | G | 15/9 | 4,293 | 6,732.77 | 3,279.32 |
| 545 | 937.96 | 3,795.92 | H | 18/9 | 550 | 941.58 | 3,935.18 |
| 154,989 | 107,450.67 | | Total | | 156,285 | 107,854.68 | |
| | 166.55 | | Band D equivalent adjustments | | | 152.77 | |
| | 107,617.22 | | Gross Tax Base | | | 108,007.45 | |
| | (748.30) | | Adjustment for non collection | | | (1,072.52) | |
| | 106,868.92 | | Net Tax Base | | | 106,934.93 | |

2.National Non-Domestic Rates (NNDR)

The Council collects Business Rates for its area based on rateable values, set by the Valuation Office Agency, and multipliers, set by Central Government. The two Business Rates multipliers, expressed as a rate in the pound (pence/£), are shown in the following table:

| 2020-21 p/£ | | 2021-22 p/£ |
|----------------|---------------------------|----------------|
| 51.2 | Standard Multiplier | 51.2 |
| 49.9 | Small Business Multiplier | 49.9 |

The total non-domestic rateable value of all properties in Northumberland is shown in the table below:

| 2020-21 £000 | | 2021-22 £000 |
|-----------------|----------------------------|-----------------|
| 233,514 | Rateable Value at 31 March | 235,846 |

In the past the Council has retained 50.0% of the rates income collected and the remaining 50.0% was paid to Government. For 2019-20 the Council was part of the North of Tyne Pool Pilot scheme with North Tyneside Council and Newcastle City Council meaning that the Council retained 75.0% of the rates income with the remaining 25.0% being paid to Government. The 75.0% pilot scheme was for 2019-20 only so the Council's share reverted to 50.0% for 2020-21. The relevant shares payable for 2021-22 were estimated before the start of the financial year in line with regulations. Those estimates are shown in the following table:

| 2020-21 £000 | | 2021-22 £000 |
|-----------------|-------------------------------|-----------------|
| 40,509 | Northumberland County Council | 40,525 |
| 40,509 | Central Government | 40,525 |

A system of top ups and tariffs is in place to ensure that authorities receive income in line with their previously assessed 'baseline' amount. Tariffs due from authorities payable to Government are used to finance the top ups paid by Government to those authorities who do not achieve their targeted baseline funding. In this respect the Council received a top up grant in 2021-

22 of £27.54 million. A further safety net system acts to ensure that any local authority is protected from a net localised business rate yield of less than 92.5% of its assessed baseline funding.

In 2021-22 the Government announced a series of measures to assist businesses in response to the Covid-19 pandemic. This included extending the relief granted to retail, hospitality and leisure businesses and meant that the income received in the Collection Fund was significantly reduced compared to the expected level. The relief provided in 2021-22 amounted to £16.09 million (£42.27 million in 2020-21). The Council was reimbursed for its share of the relief provided in the form of Section 31 grant income which is included in taxation and non-specific grant income within the General Fund.

Group Accounts

The CIPFA Code of Practice requires that where an authority has material financial interests and a significant level of control over one or more entities, it should prepare group accounts. The aim of these statements is to give an overall picture of the Council's financial activities and the resources employed in carrying out those activities.

Bodies Consolidated within the Group Accounts

On 13 November 2018 all assets, liabilities and shares of the Arch Group were transferred to Advance Northumberland Limited. On 10 November 2020 Arch (Corporate Holdings) Limited was dissolved.

On 17 September 2020 Northumberland Enterprise Holdings Limited was incorporated at Companies House. Northumberland Enterprise Holdings Limited and its subsidiary company Northumbria Integrated Consultancy Limited started trading within 2021-22.

Both the Advance Northumberland Group and Northumberland Enterprise Holding Group are classified as wholly owned subsidiaries of the Council and have been consolidated within the group position on a line-by-line basis, with all intra-group transactions and balances removed.

Further information in respect of the Council's relationship with Advance Northumberland Limited and Northumberland Enterprise Holdings Limited is given within note 35 to the Council's Financial Statements, Related Parties.

Bodies Not Consolidated within the Group Accounts

An assessment of the Council's relationship with Active Northumberland in 2021-22 concluded that there was no requirement to consolidate its financial position within the Council's group position. The assessment concluded that the Council did not have significant control over Active Northumberland. Further information in respect of the Council's relationship with Active Northumberland is contained within note 35 to the Council's Financial Statements, Related Parties.

An assessment of the Council's relationship with Energy Central Campus Limited in 2021-22 concluded that there was no requirement to consolidate its financial position within the Council's group position. The assessment concluded that the Council did not have significant control over Energy Central Campus Limited. Further information in respect of the Council's relationship with Energy Central Campus Limited is contained within note 35 to the Council's Financial Statements, Related Parties.

Group Comprehensive Income and Expenditure Statement

This statement sets out the income and expenditure relating to the Group, together with any appropriations to reserves.

| | | 69,196 | Other Comprehensive Income and Expenditure | | | | (275,010) |
| | | 96,230 | Total Comprehensive Income and Expenditure | | | | (260,176) |

The 2020-21 comparative Cost of Services figures have been restated to reflect the current service structure. These changes are illustrated in Note 45 of the Single Entity Statements.

Group Movement in Reserves Statement

The following statement shows the movement in the year on the different reserves held by the Group, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and other reserves. The (Surplus)/Deficit on the Provision of Services shows the true economic cost of providing the Group's services; more details of which are shown in the Group Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund and Housing Revenue Account for Council Tax setting and dwellings rent setting purposes.

| | General Fund Balance £000 | Earmarked General Fund Reserves £000 | Housing Revenue Account £000 | Earmarked HRA Reserve £000 | Capital Receipts Reserve £000 | Capital Grants Unapplied £000 | Major Repairs Reserve £000 | Total Council Usable Reserves £000 | Total Council Unusable Reserves £000 | Council's share of Group Reserves £000 | Total Group Reserves £000 |

| 157,043 | Total Reserves | | 417,219 | | |

Group Cash Flow Statement

The Cash Flow Statement shows the changes in cash and cash equivalents of the Group during the reporting period. The statement shows how the Group generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities.

| 2020-21 £000 | | Note | 2021-22 £000 |
|-----------------|--|------|-----------------|
| (27,034) | Net surplus/(deficit) on the provision of services | | (14,834) |
| 186,724 | Adjustments to net deficit on the provision of services for non-cash movements | | 120,339 |
| (110,743) | Adjustments for items included in the net deficit on the provision of services that are investing and financing activities | | (76,105) |
| 48,947 | Net cash flows from Operating Activities | | 29,400 |
| (7,471) | Investing Activities | 3 | 47,493 |
| (34,798) | Financing Activities | | (51,889) |
| 6,678 | Net increase in cash and cash equivalents | | 25,004 |
| 68,292 | Cash and cash equivalents at the beginning of the reporting period | | 74,970 |
| 74,970 | Cash and cash equivalents at the end of the reporting period | | 99,974 |

Accounting Policies

The financial results of the Council and its subsidiary at 31 March 2022 have been consolidated in accordance with IFRS 10. All entities within the Group have a reporting date of 31 March. All transactions and balances between the Group companies have been eliminated on consolidation.

The Group accounting policies are specified within the Council only statement. There are some slight divergences from these policies within the Group as stated below:

Capital Expenditure

There is no de-minimis level for capital expenditure for the Advance Northumberland Group.

Depreciation

Depreciation is charged on the following basis:

| Asset | Depreciation Period |
|---|--|
| Land and Buildings | Reducing balance basis over lease period (30/50 years) |
| Plant and Machinery | 10%-33% per annum reducing balance - 33% per annum straight-line |
| Photovoltaics | 5% per annum straight line |
| Motor vehicles | 25% per annum reducing balance |
| No depreciation is provided in first year of acquisitions | |

Investment properties are included in the Balance Sheet at fair value with changes in fair value being recognised through the Profit and Loss Account. It is the policy of the company for a qualified independent valuer to perform the valuation annually. No depreciation is provided in respect of investment properties.

Deferred Taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the Balance Sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the Balance Sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantially enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.

Critical Judgments in Applying Accounting Policies

The Council's wholly owned subsidiary: Advance Northumberland Limited, owns assets which are classified as investment property, in line with the Code of Practice on Local Authority Accounting in the United Kingdom 2021-22. Investment properties are those which are used solely to earn rentals or capital appreciation or both. Investment properties are accounted for at fair value.

Explanatory Notes to the Group Accounts

Where figures in the Group accounts differ materially from the Council's accounts, the relevant explanatory notes have been prepared on a consolidated basis. The notes below give information on the areas that have materially changed on consolidation of the Group entities into the Council's accounts.

1. Group Property, Plant and Equipment

| Movements in 2021-22 | Council Dwellings £000 | Other Land and Buildings £000 | Vehicles, Plant, Furniture & Equipment £000 | Community Assets £000 | Surplus Assets £000 | Assets Under Construction £000 | Total Property, Plant and Equipment £000 | PFI Assets Included in Property, Plant and Equipment £000 |

Movement on balances of Infrastructure assets

In accordance with the temporary relief offered by the Update to the Code on infrastructure assets this note does not include disclosure of gross cost and accumulated depreciation for infrastructure assets because historical reporting practices and resultant information deficits mean that this would not faithfully represent the asset position to the users of the financial statements. The Authority has chosen not to disclose this information as the previously reported practices and resultant information deficits mean that gross cost and accumulated depreciation are not measured accurately and would not provide the basis for the users of the financial statements to take economic or other decisions relating to infrastructure assets. The value at 31 March 2022 is £413.874 million (at 31 March 2021 £400.713 million). (see note 14 of the Single Entity statements for details).

2. Investment Property

The following items of income and expenditure have been accounted for in the Group Comprehensive Income and Expenditure Statement.

| 31 March 2021 £000 | | 31 March 2022 £000 |
|--------------------------|--|--------------------------|
| (22,421) | Rental Income from Investment Properties | (22,146) |
| 5,009 | Direct Operating Expenses (Including Repairs and Maintenance) | 6,292 |
| (17,412) | Net Gain | (15,854) |
| 17,588 | Fair Value Movement on Investment Properties | (20,175) |
| (577) | (Profit)/Loss on Disposal | (3,169) |
| (401) | Total Income and Expenditure in relation to Investment Properties and changes in their Fair Value | (39,198) |

The following table summarises the movement in the fair value of investment properties over the year:

| 31 March 2021 £000 | | 31 March 2022 £000 |
|--------------------------|--|--------------------------|
| 260,903 | Balance at 1 April | 238,012 |
| 96 | Additions | 261 |
| (3,998) | Reclassifications | - |
| (1,401) | Disposals | (9,516) |
| (17,588) | Net (Losses)/Gains from fair value adjustments | 20,175 |
| 238,012 | Balance at 31 March | 248,932 |

Fair Value Hierarchy

All of the Council's investment property portfolio has been assessed as Level 2 for valuation purposes. Within the Advance Northumberland Group, investment properties amounting to £242.98 million have been valued at Level 2 and the remainder of those properties subject to a revaluation during 2021-22 were valued at Level 1.

Valuation Techniques used to determine Level 2 Fair Values for Investment Properties

The fair value of investment property has been determined having regard to comparable evidence, applying a Rent and Yield or Capital Value Rate where appropriate.

Highest and Best use of Investment Properties

In estimating the fair value of the Advance Northumberland Group's investment properties, the highest and best use of the properties is deemed to be their current use.

Valuers

The investment property portfolio has been valued at 31 March 2022 in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution for Chartered Surveyors. The Advance Northumberland Group's valuing agents for financial year 2021-22 were Align Property Partners for commercial properties and Aspin and Company Limited for the residential properties.

3.Group Cash Flow Statement – Investing Activities

| 2020-21 | | 2021-22 |
|----------------|--|---------------|
| £000 | | £000 |
| (95,987) | Purchase of property, plant and equipment, investment property and intangible assets | (100,152) |
| (189,008) | Purchase of short term and long term investments | (125,300) |
| (18,992) | Other payments for investing activities | (8,238) |
| 6,066 | Proceeds from the sale of property, plant and equipment, investment property and intangible assets | 22,550 |
| 170,000 | Proceeds from short term and long term investments | 159,250 |
| 120,450 | Other receipts from investing activities | 99,383 |
| (7,471) | Net cash flows from investing activities | 47,493 |

4.Group Valuation of Non-Current Assets

Valuation of Non-Current Assets Carried at Current Value

The following statement shows the progress of the Group's rolling programme for the revaluation of non-current assets. The valuations for the Council were carried out by Bruton Knowles LLP. The Advance Northumberland Group's valuations were carried out by Align Property Partners for the commercial properties, and Aspin and Company Limited for the residential properties.

| | Council Dwellings £000 | Other Land and Buildings** £000 | Vehicles, plant, furniture and equipment £000 | Infrastructure Assets £000 | Community Assets* £000 | Surplus Assets £000 | Assets under construction £000 | Group Total £000 |
|--|------------------------------|--|---|----------------------------------|------------------------------|---------------------------|--------------------------------------|---------------------|
| Valued at Historical Cost (capital works additions not yet subject to revaluation) | - | 11,238 | 54,030 | 413,874 | 8,898 | - | 82,215 | 570,255 |
| Valued at Current Value in: | | | | | | | | |
| 2021-22 Indexation Adjustment** | - | 17,020 | - | - | - | - | - | 17,020 |
| 2021-22 | 355,349 | 253,761 | 31,400 | - | - | 17,246 | - | 657,756 |
| 2020-21 | - | 69,357 | - | - | - | - | - | 69,357 |
| 2019-20 | - | 108,277 | - | - | - | - | - | 108,277 |
| 2018-19 | - | 26,326 | - | - | - | - | - | 26,326 |
| 2017-18 | - | 1,402 | - | - | - | - | - | 1,402 |
| Total | 355,349 | 487,381 | 85,430 | 413,874 | 8,898 | 17,246 | 82,215 | 1,450,393 |

*Due to the re-categorisation of assets, an approximation to historical cost has been made in some cases

** Adjustment to the accounts to represent the movement in Building and construction costs on assets valued using the Depreciated Replacement Cost methodology in prior years.

5. Pension Schemes Accounted for as Defined Contribution Schemes

Advance Northumberland (Housing) Limited operates a group personal pension, with defined contributions that meet the requirements of auto enrolment. The assets of the scheme are in a fund independent from those of the company.

6. The Nature and Extent of Significant Restrictions within the Group

Dividends will only be paid from the Advance Northumberland Limited subsidiaries to Advance Northumberland Limited. During 2021-22, £0.25 million (£0.55 million in 2020-21) was paid to Advance Northumberland Limited from Advance Northumberland (Housing) Limited.

7. Group Financing and Investment Income and Expenditure

| 2020-21 £000 | | 2021-22 £000 |
|-----------------|---|-----------------|
| 31,019 | Interest payable and similar charges | 32,087 |
| 17,627 | Pensions interest cost and expected return on pensions assets | 18,681 |
| (8,051) | Interest receivable and similar income | (8,430) |
| (401) | Income and expenditure in relation to investment properties and changes in fair value | (38,669) |
| 40,194 | Total Financing and Investment Income and Expenditure | 3,669 |

8. Group Work in Progress

The following statement shows the value of developments for sale outside of the Advance Group.

| 31 March 2021 £000 | | 31 March 2022 £000 |
|--------------------------|-------------------------------|--------------------------|
| 34,724 | Balance at 1 April | 35,921 |
| - | Correction of Opening Balance | 3,366 |
| 17,728 | Additions | 19,860 |
| (16,531) | Disposals | (18,813) |
| 35,921 | Balance at 31 March | 40,334 |

9. Significant Commitments under Capital Contracts

The following significant capital contracts have been entered into by the Group at 31 March 2022:

| | Total Cost £000 | Future Payments £000 |
|--|--------------------|-------------------------|
| Berwick Leisure Centre | 23,147 | 2,108 |
| County Hall Refurbishment | 17,590 | 5,527 |
| Hexham New Build Schools | 41,293 | 1,646 |
| Provision of Leisure Facilities within Morpeth | 21,000 | 10,203 |
| Northumberland Energy Park Phase 1 | 25,337 | 980 |

10.Officers' Remuneration

The Accounts and Audit Regulations 2015 require authorities to disclose the number of employees whose remuneration in the year was £50,000 and above, shown in bands of £5,000. Remuneration is defined as all amounts paid to or receivable by an employee, expense allowances chargeable to tax and the money value of benefits. The change in the profile of number of employees within each band reflects salary increments and pay awards, early retirements and part-year effects of staff joining or leaving the Group within the year.

The Note excludes senior employees whose individual remuneration is in the remuneration of senior officers' disclosure within the Single Entity accounts.

| 2020-21 | | | 2021-22 | |
|-----------------------|---------------------|----------------------|-----------------------|---------------------|
| All Employees Council | All Employees Group | Remuneration Band | All Employees Council | All Employees Group |
| 123 | 135 | £50,000 to £54,999 | 149 | 157 |
| 78 | 80 | £55,000 to £59,999 | 86 | 88 |
| 43 | 50 | £60,000 to £64,999 | 55 | 60 |
| 41 | 42 | £65,000 to £69,999 | 40 | 42 |

| (115) | Top up grant owed to the Government | - |
| - | Amount payable to the General Fund | (121) |
| - | | - |

1. Basis of Preparation

The accounts have been prepared in accordance with the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom.

The financial statements summarise the transactions of the Firefighters' Pension Schemes and the net assets. They do not take account of obligations to pay pensions and benefits which fall due after the Balance Sheet date.

Note 31 to the Council's Financial Statements shows the liability to pay pensions and benefits which fall due after the Balance Sheet date, in accordance with IAS 19 Retirement benefits.

2. Accounting Policies

The principal accounting policies are as follows:

Contributions

Contributions represent the total amounts receivable from the Council and the pensionable employees. Employer contributions are made at rates determined by the Government Actuary's Department, at a nationally applied rate of 37.3% (of pensionable pay) for the 1992 Firefighters' Pension Scheme, 27.4% for the 2006 Firefighters' Pension Scheme and 28.8% for the 2015 Firefighters' Pension Scheme. Also, the Council is required to make payments into the pension fund in respect of ill-health retirements, when they are granted.

No provision is made in the accounts for employees' and employer's contributions relating to sums due on pay awards not yet settled.

Benefits and Refunds

Benefits and refunds are accounted for in the year in which they become due for payment.

No provision is made in the accounts for the liability to pay pensions and other benefits after the Net Assets Statement date.

Transfer Values

Transfer values are those sums paid to or received from other pension schemes and the Firefighters' Pension Scheme outside England for individuals and relate to periods of previous pensionable employment.

Transfer values received and transfer values paid are accounted for on a receipts and payments basis.

3. Fund's Operations

New financial arrangements came into effect from 1 April 2006 for both the 1992 and the 2006 Firefighters' Pension Schemes under the Firefighters' Pension Scheme (Amendment) (England) Order 2006. The financial arrangements have no impact on the terms and conditions of each scheme.

The Firefighters' schemes are statutory unfunded pension schemes, administered by the Council. The benefits for both schemes are defined and guaranteed in law. Benefits provided include a tax-free lump sum and a guaranteed pension based on final salary upon retirement.

Employee contributions, employer contributions and transfer values received are paid into the pension fund from which pension payments and other benefits are paid. The fund is topped up by government grant if the contributions are insufficient to meet the cost of pension payments. Any surplus in the fund is recouped by government. Therefore the fund is balanced to nil each year by receipt of pension top-up grant or by paying the surplus back to the government.

The Schemes are unfunded and therefore the fund has no investment assets.

4. Pension Administration

The pension administration for the Firefighters' Pension Scheme was transferred to a shared service with West Yorkshire Pension Fund on 1 March 2018.

this page is intentionally left blank

Glossary of Terms

Glossary

Glossary of Terms

Accrual

The concept that income and expenditure are recognised as they are earned or incurred, not as cash is received or paid.

Actuary

An expert on pension scheme assets and liabilities. The Local Government Pension Scheme Actuary determines the rate of employer contributions due to the Pension Fund every three years.

Actuarial Gains and Losses

For a defined benefit pension scheme, the changes in actuarial deficits or surpluses. They arise because events have not coincided with actuarial assumptions made for the last valuation (experience gains and losses) or the actuarial assumptions have changed.

Amortised

Written off over an appropriate period of time.

Audit of Accounts

An independent examination of the Council's Statement of Accounts.

Balance Sheet

A summary of an Authority's financial position at the year end. It shows the balances and reserves at an Authority's disposal and its long term indebtedness, and the long term and current assets employed in its operations, together with summarised information on non-current assets held.

Budget

A statement of the Council's expected level of income and expenditure over a set period, usually one year.

Business Rates

See National Non-Domestic rates (NNDR).

Capital Adjustment Account

A reserve set aside from revenue resources or capital receipts to fund capital expenditure or the repayment of external loans and certain other capital financing transactions.

Capital Asset

An item bought to improve, build, prepare or replace plant, machinery, buildings, land and other structures.

Capital Expenditure

Expenditure on the acquisition of a non-current asset; or, expenditure which adds to the life or value of an existing non-current asset.

Capital Receipt

The income obtained from selling a capital asset. This is either set aside to the Capital Financing Account for the repayment of loans or used to finance new capital expenditure.

Cash Flow Statement

Summarises the inflows and outflows of cash arising from transactions with third parties for capital and revenue purposes. It provides a link between the Balance Sheet at the beginning of the year, the Comprehensive Income and Expenditure Statement for the year and the Balance Sheet at the end of the year.

CIPFA

The Chartered Institute of Public Finance and Accountancy is the accountancy body which recommends accounting practice for the preparation of local authority accounts. CIPFA publishes the Code of Practice setting out the roles for presentation of the Statement of Accounts.

Collection Fund

The fund administered by an authority collecting council tax and business rates.

Comprehensive Income and Expenditure Statement

A statement which details the total income received and expenditure incurred by the Council during the year in line with IFRS reporting as required by the CIPFA Code of Practice.

Contingent Asset

A possible asset that arises from past events and whose existence will be confirmed only by the occurrence of one or more uncertain future events not wholly within the Council's control.

Contingent Liability

A contingent liability is either:

- A possible obligation arising from past events whose existence will only be confirmed by the occurrence of one or more uncertain future events not wholly within the Council's control; or,
- A present obligation arising from past events where it is not probable that there will be an

Glossary

Glossary of Terms

associated cost, or the amount of the obligation cannot be measured accurately.

Council Tax

The means of raising money locally to pay for local authority services. This is a property based tax where the amount levied depends upon the valuation of each dwelling.

Creditors

Amounts owed by the Council for goods or services that it has received but for which payment has not been made by the year end.

Current Assets and Liabilities

Current assets are items that are, or can be readily converted into cash. Current liabilities are items that are due for payment immediately or in the short term. By convention these items are ordered by reference to the ease that the asset can be converted into cash, and the timescale in which the liability falls due.

Debtors

Amounts owed to the Council at the year end where services have been delivered but payment has not been received.

Deferred Capital Receipts

Deferred Capital Income comprises amounts derived from sales of assets which will be received in instalments over agreed periods of time. They arise principally from mortgages on sales of council houses, which form the main part of mortgages under loans for purchase and improvement of property.

Defined Benefit Scheme

A pension or other retirement benefit scheme other than a defined contribution scheme. Usually, the scheme rules define the benefits independently of the contributions payable, and the benefits are not directly related to the investments of the scheme. The scheme may be funded or unfunded.

Defined Contribution Scheme

A pension or other retirement benefit scheme into which the employer pays regular fixed contributions as an amount or as a percentage of pay and will have no legal or constructive obligation to pay further contributions if the scheme does not have sufficient assets to pay all employee benefits relating to employee service in the current and prior periods.

Delegated Budgets

Budgets for which schools and other services have complete autonomy in spending decisions.

Depreciated Replacement Cost

A method of assessing market value where there is no comparable evidence available and equating to the current cost of reproducing or replacing an asset less deductions for physical deterioration and all relevant forms of obsolescence and optimisation.

Depreciation

The theoretical loss in value of an asset due to age, wear and tear, deterioration or obsolescence.

Earmarked Reserves

These reserves represent monies set aside that can only be used for a specific usage or purpose.

Estimation Uncertainty

Potential error included in the accounts as a result of estimates used to generate particular balances.

Finance Leases

A lease that transfers most of the risks and rewards of ownership of an asset to the lessee.

Financial Instruments

Contracts that give rise to a financial asset in one entity and a financial liability or equity holding in another entity.

General Fund

The Council's main revenue fund to which all revenue transactions are credited and from which revenue liabilities are discharged.

Government Grants

Revenue grants and contributions are credited to the appropriate service revenue account. Capital grants and contributions are credited to the Government Grants and Contributions Deferred Account.

Heritage Assets

A tangible asset with historical, artistic, scientific, technological, geophysical or environmental qualities that is held and maintained principally for its contribution to knowledge and culture.

Housing Revenue Account (HRA)

This account reflects the statutory obligation to "ring-fence" and show separately the financial transactions relating to the provision of housing. Included within the section on the HRA is the Statement of Movement on the HRA which discloses how the HRA Income & Expenditure

Glossary

Glossary of Terms

Account surplus or deficit for the year reconciles to the movement on the HRA balance for the year.

Impairment

The deterioration of an asset, through damage, dilapidation etc., which affects the value of that asset.

Income

Money which the Council receives, or expects to receive, from any source, including fees, charges, sales and grants.

Infrastructure

Non-current assets belonging to the Council which do not necessarily have a resale value, and for which a useful life span cannot be readily assessed.

Intangible Assets

Non-financial non-current assets that do not have physical substance, but, are identifiable and are controlled by the organisation through custody or legal rights.

Interest Cost (Pensions)

For a defined benefit scheme, the expected increase during a period in the present value of the scheme liabilities because the benefits are one period closer to settlement.

Inventory

The amount of unused or unconsumed materials held in expectation of future use. When use will not arise until a later period, it is appropriate to carry forward the amount to be matched to the use or consumption when it arises.

Investments

Short term investments comprise of temporary surplus funds with banks or similar institutions.

Lender Option Borrower Option (LOBO)

A LOBO is a loan from a financial institution where the interest rate is agreed at the outset of the arrangement. The lender then has the option to increase the rate at specific agreed periodic intervals through the term of the loan. If at one of these points the lender exercises the option to increase the interest rate on the loan the borrower has the option to repay the loan and end the agreement.

Long Term Borrowing

The main element of long term borrowing is comprised of loans that have been raised to finance capital investment projects.

Market Value

The monetary value of an asset as determined by current market conditions.

Minimum Revenue Provision (MRP)

The statutory minimum amount that must be charged to the Comprehensive Income and Expenditure Statement in each financial year to repay external debt.

Movement in Reserves Statement

This financial statement presents the movement in useable and unusable reserves (the Council's total reserves).

National Non-Domestic Rates (NNDR)

National Non-Domestic Rates, also known as Business Rates, is a tax on non-domestic

properties based on property valuations and multipliers set by Government.

Net Book Value

The amount at which non-current assets are included in the Balance Sheet i.e. their historical cost or current value less the cumulative amounts provided for depreciation.

Non-Current Assets Held for Sale

A category of financial instrument which includes investments traded in an active market and equity instruments other than those for which a reliable value cannot be determined.

Operating Leases

This is a method of financing assets which allows the Council to use, but not own the asset and therefore is not capital expenditure. A third party purchases the asset on behalf of the Council, who then pays the lessor an annual rental charge for the use of the asset.

Past Service Cost

For a defined benefit pension scheme, the increase in the present value of the scheme liabilities related to employee service in prior periods arising in the current period as a result of the introduction of, or improvement to, retirement benefits.

Pension Liabilities

See scheme liabilities.

Precept

The amount of money levied on the Council's Collection Fund by other public bodies to finance services.

Glossary

Glossary of Terms

Prepayments

Amounts paid by the Council in the year of account that related to goods and services not received until subsequent years.

Prior Period Adjustments

Prior period adjustments are material adjustments applicable to prior years arising from changes in accounting policies or from the correction of material errors. They do not include normal recurring corrections or adjustments of accounting estimates made in prior years.

Private Finance Initiative

Long term contracts with the private sector to procure the design, build and running of assets for the delivery of public services.

Property, Plant and Equipment

Non-current assets that yield benefits to the Council and the services they provide for a period of more than one year.

Provisions

Provisions represent sums set aside for any liabilities of uncertain amount or timing that have been incurred.

Receipts in Advance

Amounts received by the Council during the year of account relating to services delivered in subsequent years.

Remuneration

All sums paid to or receivable by an employee, and includes sums due by way of expenses allowances (so far as those sums are chargeable to United Kingdom income tax), and the estimated

monetary value of any other benefits received by an employee otherwise than in cash.

Reserves

An amount set aside for a specific purpose in one year and carried forward to meet future obligations.

Retirement Benefits

All forms of consideration given by an employer in exchange for services rendered by employees that are payable after the completion of employment. Retirement benefits do not include termination benefits payable as a result of either:

- (i) an employer's decision to terminate an employee's employment before the normal retirement date; or,
- (ii) an employee's decision to accept voluntary redundancy in exchange for those benefits, because these are not given in exchange in services rendered by employees.

Revaluation Reserve

The accumulated gains in value on non-current assets held by the Council since 1 April 2007 less the part of depreciation charges that have been incurred because the assets have been valued.

Revenue Expenditure

Revenue expenditure is spending on day to day running costs of the Council. It includes expenditure on employees, premises, transport and supplies & services.

Revenue Expenditure Funded from Capital under Statute (REFCUS)

Expenditure incurred during the year that may be capitalised under statutory provisions but that does not result in the creation of non-current assets.

Revenue Support Grant

A general grant paid by the Government to local authorities, to support local authority revenue expenditure.

Scheme Liabilities

The liabilities of a defined benefit pension scheme for outgoings due after the valuation date. Scheme liabilities measured using the projected unit method reflects the benefits that the employer is committed to provide for service up to the valuation date.

Section 151 Officer

The Officer designated to assume overall responsibility for the administration of the financial affairs of the Council and for the preparation of the Council's Statement of Accounts.

Soft Loan

Loans, normally to voluntary sector organisations, below the market rate of interest.
