

## **Northumberland Household Waste Recovery Centres (HWRCs)**

- There are 12 HWRCs across the county of Northumberland.
- The centres are provided so that residents may recycle or dispose of their own household waste free of charge.
- The HWRCs do not accept trade waste or waste from any commercial activity.
- The purpose of the centres is to recycle as much of your household waste as possible.

There is an information board at the entrance to each HWRC which states what a site user can expect when using one of our sites as well as what we expect from those using the site.

### **Our commitment to you is to:**

- Offer assistance and be courteous and polite at all times.
- Maintain a clean, tidy and safe site.
- Maximise recycling on the site.

### **What we ask of you:**

- Please separate your waste into different categories before you arrive.
- Please be considerate to other site users.
- Please recycle whenever possible.
- Please remain polite and courteous.
- Please leave any comments on the forms provided.
