Please give a brief description of your group/organisation.

We are a Bowls Club with 40 Male and Female members aged 16 to 76. We play in five leagues from May until the end of August.

Members compete in County Competitions to go forward to play in National finals in Skegness. We manage and maintain our own bowling greens and pavilion on lease from the County Council (15 years remaining on the current lease).

We are a membership club with annual subscription fees. We also undertake fundraising events throughout the year, such as coffee mornings, raffles, etc. Our income is sufficient to cover our costs but we do not have the resources to invest in new equipment.

What is the status of your group/organisation? (Tick all that apply)

ABOUT YOUR PROJECT

Please describe the project/activities that you plan to use your grant for.

We are looking to raise money for a new watering system. Currently, we water manually from a bowser and hose pipe and the members are finding this task increasingly difficult as they advance in years. We play at many other parks where they have a modern sprinkler system and the Greens are always lovely to play on. We would like to apply for a grant towards a new watering system. It will make the world of difference to our members, the majority of whom are retired. With improved Greens we will be able to hold more open events for the community as we seek to expand our membership in the coming years.

Please tell us how you identify the need for this project/activity?

Our members play on Greens all over the country and we find that our Greens are very substandard by comparison. As we are the current Northern Regional Champions we will be hosting other clubs later in the year and we would like them to come away thinking how wonderful our Greens are in Northumberland.

Who will be the main beneficiaries of the activity/project? Please give numbers and, where appropriate, age range(s).

All 40 of our members (16-76 years of age) will benefit directly, as will other clubs in the East Northumberland Senior League who will play regularly on our pitches. We also plan to hold more open days for the community once the Greens have improved.

Where will the project/activity take place?

New Seaton Senior Bowls Club.
