Support for Environmental Outreach Education for Disadvantaged Young People BBC Children In Need - Small Grants 22. **Equipment Grants for Youth Clubs** 23. Funding of up to £5,000 Available to Tackle Problems within Families 24. Grants for the Conservation of Wildlife and the Environment 25. 26. Funding Available to Schools to Raise the Attainment of Children from Disadvantaged Backgrounds

The Foundation Grant Programme offers grants towards urgent maintenance works and small repairs identified as high priority within a recent Quinquennial Inspection or Survey Report. Grants can also fund small investigative works and surveys. Grants of between £500 and £3,000 for up to 50% of project costs are available for projects costing no more than £10,000 in total. Applications are excepted from listed and unlisted Christian places of worship, of any denomination. The deadline for applications is 12 May 2019 for a deci-

2. Funding for Sensory Equipment for Schools that Cater for Pupils with Special

SEN Schools can apply for grants of up to £5,000 to enable them to purchase a range of sensory equipment to help enhance the pupils' experience at school. To be eligible schools need to cater for young people under the age of 19 who have a physical/ sensory/ learning disability. Schools that cater for socially disadvantaged children or mainstream schools for children with behavioural problems are unable to apply. The funding is being made available through the Lords Taverners, the leading youth cricket and disability sports charity. Schools are is required to pay a self-help contribution of around 25% of the total cost of the package. There are no application deadlines and can be submitted at

3. Funding to Support Community Integration or Local Delivery of Services to the

Under the Armed Forces Covenant Local Grants programme, grants of up to £20,000 are available for local projects that support community integration or local delivery of services

Community Integration projects. Creating strong local links between the Armed Forces community (current and former members of their armed forces and their families) and civilian communities. Projects supported will be able to clearly demonstrate how they will overcome barriers to better integration and improve perceptions, attitudes and understanding. For the project to be truly effective in achieving community integration there should be shared development, delivery and bene-

Delivery of Local Services projects. Local projects which offer financial advice, housing, mental and physical health, employability or social support for serving armed forces personnel, veterans, and their families. Projects must be well connected, both to their beneficiaries and to other relevant organisations, and be able to demonstrate how the services they provide will be well-publicised, accessible

Registered charities, local authorities, schools or other statutory organisations, Community Interest Companies or armed forces units are all eligible to apply. Apply at any time up

The Coalfields Community Investment Programme provides grants to community and voluntary groups to tackle key challenges that still affect the top 30% most deprived coalfield communities in England has reopened for applications. Grants totalling £125,000 will

The maximum grant per project will be £10,000 of which a maximum of £2,000 may be for capital expenditure. Organisations eligible to apply include: Registered Charities; Companies Limited by Guarantee; Community Benefit Societies; Community Interest Companies; Charitable Incorporated Organisations; and Unregistered groups with formal rules. To apply, organisations need to complete an eligibility survey to determine whether the applicant organisation/group meets the criteria to apply for funding from the Coalfields Regeneration Trust (CRT). The Eligibility survey closes at 5pm on 7 June 2019. The

Schools can apply for grants to take pupils aged 11 and above overseas. The funding which is being made available through the British Council's International Exchanges Programme is aimed at schools with a high proportion of pupils from disadvantaged backgrounds and with above-average numbers of pupil premium students. Young people are encouraged to stay with host families where possible, giving them the best opportunity to practise their language skills and be fully immersed in another culture. Exchanges pro-

Power to Change is awarding grants of between £15,000 and £100,000 through the "Homes in Community Hands Fund" to community led housing projects that will create schemes that deliver affordable homes for rent or sale to locally connected people. These can be either as new build housing or by refurbishing empty properties. Small amounts of capital funding averaging around £25,000 are also available to applicants to sit alongside the main revenue grant. The funding is focused on community groups in the early stages of their community-led housing development and is intended to support feasibility and pre -development work, leading up to submitting a planning application. Grants awarded

Feasibility work to assess the viability of a site or buildings for development Pre-development costs to develop plans, leading to submitting a planning applica-

7. Funding for Projects that Support Disadvantaged and Disengaged Young People The Peter Cruddas Foundation provides funding for projects that benefit disadvantaged and disengaged young people in the age range of 14 to 30, to pursue pathways to Education, Training and Employment with the ultimate aim of helping them to become financially independent. There is no minimum or maximum amount and projects can be funded for more than one year. Priority is given to applicants able to demonstrate that they can manage the amount they have applied for and how they intend to continue (if appropriate) after the funding has been spent. The Foundation is not accepting applications for Capital Projects. Eligible applicants will be registered charities. The closing date for applications

8. Grants of up to £2,000 Available to Reduce Deprivation in Disadvantaged Com-

The Greggs Foundation Local Community Projects Fund makes grants of up to £2,000 to not for profit organisations with a turnover of less than £300,000 a year. The Foundation are more likely to make grants to local organisations based near Greggs shops. The Foundation supports projects that improve resilience within communities. This can include sessional activities/respite support, equipment for sessional activities, trips and residential breaks. New approaches and innovative ideas as well as sustainable approaches to supporting communities are welcomed. All projects must support a community of interest, i.e.

Successful applicants must demonstrate improvements against at least one of the follow-

11. Funding for Projects that Combat Abuse and Violation of Human Rights

The Trust supports registered charities that work towards combating abuse and violations of human rights and to support the disadvantaged by fostering community action. The Trust is particularly focused on charities supporting unpopular causes reaching the most

The Trust generally makes one-off grants to charities with annual incomes of between £150,000 and £1.5m that do not have substantial investments or surpluses. Grants range in size, with most grants awarded being in the range £10,000 to £20,000. ABCT does not normally fund charities with large national or international links. The next closing date for

Primary and secondary schools can apply for funding to purchase equipment so that students can enjoy practical science, to run science enrichment projects in schools, or to enable students to participate in science events and competitions. Primary schools can apply for grants of up to £600 and Secondary schools up to £1,000. The funding is being made available through the Worshipful Company of Armourers and Brasiers, which is one of the leading charities supporting metallurgy and materials science education from primary school to postgraduate levels. Funds are finite and will be allocated on a first come first served basis in each year starting on 1 April 2019 until all the funds are exhausted.

13. Grants for Chemistry-Based Public and Schools Engagement Activities

The Marsh Christian Trust supports around 300 charities every year and focuses on providing funding which could help small organisations pay for various running costs, such as volunteer expenses, training days, equipment maintenance and other core outgoings. The Trust aims to build long-standing relationships with successful applicants and, subject to an annual review, continue its support over time. Applicants must be a registered charity, this does not include Community Interest Companies (CICs). Charities will

Charities must have been established for more than one financial year and able to provide a full set of their most recent Annual Report and Accounts, or the equivalent financial information if their annual income is under £25,000. Grants are unrestricted and range from £300 to £1,500 with new applications at the lower end of this scale. Applications are considered on the basis of the organisation's financial position, performance against charitable aims and objectives and the ratio of voluntary income against fundraising expens-

15. Grants for Projects that Promote Inclusion and Diversity within the Chemical

The Royal Society of Chemistry (RSC) believes that for chemistry and the chemical sciences to prosper the subject must attract, develop and retain a diverse community of talented people. The Inclusion and Diversity fund has been created to provide financial support of up to £5,000 to members, professionals, network groups, volunteer groups, institutions and organisations to enable them to develop innovative products, activities and research projects which promote inclusion and diversity in the chemical science community.

Is centred on increasing diversity and inclusion in the chemical sciences communi-

In addition, applicants should show that the requested funding will make a significant difference to their ability to deliver the project. The closing date for applications is the 16

The Ufi Charitable Trust aims to raise the skills level of the workforce through digital solutions for vocational learning. The Trust is running three open funding rounds in 2019 with this new call, The VocTech Specialist Fund, offering support for projects focusing on improving vocational learning in specific sectors that are important to the economy but under-served by current provision. Registered charities, community interest companies, social enterprises, not for profits, companies, community associations, FE colleges and public bodies are all eligible to apply, however, projects for, or targeted at, schools or univer-

sities are not supported. Stage 1 is now open. Apply by 5pm on the 5 April 2019.

17. Grants Available to Use the Power of Science to Make a Positive Difference to

The £2.5 million Curiosity Fund is provided in partnership between BBC Children in Need and the Wellcome Trust and aims to use the power of science activities to create change for children and young people experiencing disadvantage. Projects should encourage young people to be curious about the world around them and inside them, making a posi-

The Fund is open to applications from not-for-profit organisations with a track record of working with disadvantaged children and young people up to 18 years old. BBC Children in Need expect to make no more than 35 small awards, and no more than 15 large awards in total in this final round. The closing date for applications is midnight on the 12

18. Final Applications Being Accepted For Q1 Round Of Transform Foundation

Funding of up to £18,000 is available to cover the strategy, design, build, content strategy, training, QA and launch of a new mobile optimised website, with sophisticated marketing, fundraising, appeals, social media, e-commerce and website management tools. The grant covers 100% of the website design and build costs with their current grant partner. Your organisation will need to cover ongoing costs for a minimum of a 12 month commitment. They are seeking to support organisations that are looking to use their website as a marketing platform in order to achieve their charitable objectives, whether they be raising funds, recruiting volunteers, carrying out online petitions or reaching beneficiaries. Therefore, they do not fund organisations who simply want a basic brochure-style website or who have no defined measures of success. They look to support organisations that are committed to making best use of their new website e.g. through updating content frequently. They suggest you only apply if you can commit to someone in your organisation spending at least 2 hours a week managing the website. Successful applicants typically have an annual income of between £350,000 and £30m, but charities of any size with the ambition to grow or with a single project in mind are warmly encouraged to get involved.

19. Funding for Research and Projects that Address Severe Learning Disabilities The Baily Thomas Charitable Fund is a registered charity which was established to provide both research and project funding in the area of severe learning difficulties, including autism for both children and adults. Grants are made to cover capital projects and core costs to include staff costs, general running and office costs at charitable organisations,

Employment schemes including woodwork, crafts, printing and horticulture

Day and social activities centres including building costs and running costs

Applications will only be considered from voluntary organisations which are registered charities or are associated with a registered charity. Schools and Parent Teacher Associations and Industrial & Provident Societies can also apply. The next deadline for applications seeking funding in excess of £10,000 is the 1 July 2019. Applications for £10,000 and below are considered under the Small Grants procedure and can be submitted at any

UK Research and Innovation (UKRI) is the national funding agency investing in science and research in the UK. Operating across the whole of the UK with a combined budget of more than £6 billion, UKRI brings together the 7 Research Councils, Innovate UK and

21. Support for Environmental Outreach Education for Disadvantaged Young Peo-

Schools, colleges and youth groups can receive up to 80% towards the costs of providing environmental outreach education for groups of disadvantaged young people through the Field Studies Council's Kids Fund. The Field Studies Council is an independent educational charity committed to raising awareness about the natural world and works through a network of residential and day Centres to provide outreach education and training. There are two types of Kids Fund course Wildlife and Environment focusing on wildlife habitats and the environment with team building activities and Eco Adventure which combines environmental and personally challenging activities. Groups who meet one of the

Disadvantaged young people aged 4-18 years (or up to 25 years for those with

Voluntary youth groups (either run by voluntary leaders, managed by a voluntary

School groups may apply if they are aiming to provide benefits which are additional to the statutory school curriculum or clearly show added value, depth and breadth to the taught curriculum. FSC Kids Fund will not pay for young people to attend

One free staff/adult place is provided for every 12 young people; additional adults pay 20% +VAT. This includes all equipment, tuition and waterproof hire costs. Food and accommodation are included for residential courses. The next closing date for applications

Grants of up to £30,000 are available to support disadvantaged and neglected children. Not for profit organisations such as schools; registered charities; voluntary organisations; churches; and community interest groups; etc. can apply for grants of up to £10,000 per year for up to 3 years for projects working with children and young people of 18 years and

Projects will make differences in children's lives that help prevent or overcome the effects of the disadvantages they face. Projects achieve these differences by either working directly with children or seeking to improve their social and physical environments. The Small Grants programme are looking for projects where a relatively small amount of money can make a big difference for children and young people. They are unlikely to fund applications for top up funding for salaries or larger projects where a small grant would only make a marginal impact on their success. The closing date for applications is 11.59

Variety, the Children's Charity, has grants of £250 to £600 available to youth organisations that are affiliated to either Ambition, UK Youth or the or National Association of Boys and Girls Clubs. The grants can be used to buy equipment to provide challenging activities that engage young people aged 8-18 and provide them with alternatives to becoming involved in the anti-social behaviour that often stems from boredom and peer pressure. On occasion, applications for improvement of youth club premises, refurbishment of existing equipment or facilities will also be considered. Applicants have to raise some of the funds and applications that have young people involved in the fund raising will be looked

Capital works for residential, nursing and respite care, and schools

Grants of up to £2,000 are available from the Chemistry Society through the Small Grants Outreach Fund. The Fund provides financial support to members, individuals and organisations to enable them to run chemistry-based public and school engagement activities. Grants can support anything from one off events to large programmes of activity and should aim to offer teachers a range of effective curriculum-enriching activities and opportunities to further engage their students with outreach; provide hard-to-reach student audiences with inspiring chemistry engagement opportunities, and assist members in maximizing their outreach and engagement contribution. The scheme is open to individuals and organisations, including, but not limited to, members of the Royal Society of Chemistry, member-led groups, researchers in academia or industry, museums, community groups, not-for-profit organisations, arts groups and libraries. It is a rolling application pro-

30. Lord's Taverners Accessible Minibuses Grant Programme

The Lord's Taverners, has re-opened its Accessible Minibuses grants programme. Schools, clubs and youth organisations that cater for young people under the age of 25 who have a physical/ sensory/ learning disability can apply to the Lords Taverners for specially-adapted, wheelchair-accessible minibuses. Lord's Taverners minibuses are based on the current Ford Transit model, with a diesel engine. The average cost to the charity of an accessible minibus is over £61,000. Please note that the Lord's Taverners are unable to support schools that cater for socially disadvantaged children, or mainstream schools for children with behavioural problems. Applications to the programme

can be submitted at any time and are reviewed at the end of each quarter.

32. £20 million Grant Competition for Innovative Business Ideas

including) commercialisation. Proposals must demonstrate:

The Finnis Scott Foundation makes grants for any charitable purpose, but their present policy is to focus grant-making in the areas of horticulture and plant sciences, as well as fine art and art history. Grants of between £500 and £10,000 are available. Exceptionally, larger grants may be considered at the Trustees' discretion. Preference is given to making grants to smaller charities where the grant would have a significant impact. The Foun-

Smart grants are the latest programme from Innovate UK, part of UK Research and Innovation, to de-risk innovation and enable business growth. This competition provides funding for innovation research and development (R&D) from feasibility (including market research), through to technology or prototype testing and development stages up to (but not
