

Local Restrictions Support Grant (Closed) Addendum Tier 4 - Guidance for Applicants

In response to the impact of local restrictions on footfall and business demand, the Government has announced a new grant for businesses, the Local Restrictions Support Grant (Closed) Addendum Tier 4.

This scheme will provide additional financial support to businesses that have been mandated to close by Government and include non-essential retail, leisure, personal care, sports facilities and hospitality businesses.

The scheme takes effect from 31 December 2020 and ends on 4 January 2021 when national lockdown restrictions took effect.

Scope of the LRSB (Closed) Addendum Tier 4

The Local Restrictions Support Grant (Closed) Addendum Tier 4 is aimed at certain business types that have remained closed and subject to Tier 4 restrictions.

Which businesses this scheme will support

The LRSB (Closed) Addendum Tier 4 will support businesses that have to remain closed as a result of Tier 4 restrictions. Those businesses will include:

- Non-essential retail
- Leisure
- Personal care
- Sports facilities
- Hospitality

A full list of these businesses can be found on the Government website [here](#).

Level of grants available

The level of grant funding available to a business will be calculated based on the rateable value of the qualifying business property. The level of grant available for the

period 31 December 2020 to 4 January 2021 will be as follows:

- For properties with a rateable value of exactly £15,000 or under, grants of £238.21 for the 5-day period
- For properties with a rateable value over £15,000 and below £51,000, grants of £357.14 for the 5 day period
- For properties with a rateable value of exactly £51,000 and over, grants of £535.71 for the 5 day period

Businesses can make an application for each property with a rateable value that they operate from within Northumberland. Each property requires a separate application. Some businesses may, therefore, receive more than one grant payment. A successful application for one property does not guarantee the same business a successful application for any additional properties if they do not meet the eligibility criteria. State Aid rules will apply to single and multiple applications.

Eligibility criteria

- Businesses must have a property within Northumberland with a qualifying rateable value.
- Businesses must have been mandated to close as a result of Tier 4 restrictions.
- Businesses that were in administration, are insolvent or where a striking-off notice has been made are not eligible for funding under this scheme.
- Businesses that, were they to receive grant payments under this scheme, breach State Aid rules are not eligible for funding under this scheme.

How to apply for the COVID-19 LRSG (Closed) Addendum Tier 4 Grant

Businesses who qualify for this scheme are those who were successful applicants under the Local Restrictions Support Grant (Closed) Addendum and Local Restrictions Support Grant (Closed) Version 2 schemes.

In order to reduce the administrative burden an email will be sent to those successful businesses under those schemes with a link to a shortened electronic form to complete.

Queries regarding this scheme can be addressed to the County Council at the following dedicated email address: covidgrants@northumberland.gov.uk

Appeals

Applicants whose applications are rejected may request a review. The review will be carried out by an officer who was not involved in the original decision. The decision of the review is final. Details about how to request a review will be provided to every applicant whose application is rejected.

Managing the risk of fraud

Neither the Government nor Northumberland County Council will accept deliberate manipulation and fraud - and any business caught falsifying their records to gain grant money will face prosecution and any funding issued will be subject to claw back, as may any grants paid in error.

It is important that applicants ensure that they provide accurate bank details for grant payments and that these relate to the business concerned

Will these grant schemes be subject to tax?

Grant income received by a business is taxable. The Local Restrictions Support Grant (Closed) Tier 4 will need to be included as income in the tax return of the business. Only businesses that make an overall profit once grant income is included will be subject to tax.
