

# MUSICAL THEATRE

*"It is often said that a good teacher can have a profound impact on the outlook and attainment of their students. Whilst true, this doesn't quite capture the gravitas of the effect this workshop had on our kids. They were curious to learn new skills, aspire to perform to a standard they hadn't previously thought possible and value the arts as a means to express their place in the world."*

*"The tutor had a passion, and depth of knowledge for all things musical. With encouragement and support she gave even the most timid of children the opportunity to shine."*

## Bring music to life through Musical Theatre

**An immersive and multi-dimensional way to involve all children in music. While having fun they will gain confidence, learn to work collaboratively, build resilience and learn to empathise with each other.**

Half and full day workshops are available to book through Music Partnership North, sessions can be tailored to meet your individual needs

£175 half day    £375 Full day
