Stay Protected While connected

What are #safeselfies?

1. Make sure no logos are visible on your clothes eg. school uniform, sports teams.
2. Disable your phone's GPS so you can't be located.
3. Where are you standing? Is there a road sign or recognizable building in the background? - if yes, then move!
4. Keep your clothes on!
5. SMILE - you are not a fish you don't need to pout!
6. Stay in control of your images - check your security settings regularly. Set them to 'friends only'
7. Trust - do you trust everyone on your 'friends' list, do you even know everyone on your friends list???
8. Think of the future as potential employers may Google you.
