Report to Local Area Council	20 September 2018
Minute extract sent	30 October 2018
Decision/ Current Position	<p>The North Local Area Council RESOLVED that the following recommendations be supported:</p> <ul style="list-style-type: none"> (1) the Council will continue to rectify any safety defects that are recorded; (2) in recognition of the safety concerns raised within the petition the County Council will consider the integrity of the existing construction and whether it is fit for purpose. This will include identifying the need for future long term maintenance or improvement works; (3) depending on the outcome of point 2, the County Council will consider the appropriate options for improvement in consultation with the local ward member and the Town Council; and (4) consider funding any identified improvements from future Local Transport Plan programme proposals.

Subject	Seagull nuisance
Petition reference	P/201819/253
Date Received	24 July 2018
Acknowledged	24 July 2018 MET
Copied to Division Member/Town Council and Portfolio Holder	25 July 2018
Lead Officer	
Report sent to petitioner	5 September 2018 MET
Report to Local Area	12 September 2018

Council	
Minute extract sent	08 October 2018
Decision/Current Position	<p>The provision of signage to discourage feeding of the birds and improved waste disposal facilities were, based upon recent similar concerns in Berwick and associated investigations, considered to be the most appropriate solution. It was proposed that Parish and Town councils could be approached to fund signage to remind residents and visitors not to feed the birds which would spread the cost and that work could similarly be done to try and improve waste disposal facilities to prevent the birds gaining access to food. This would be supported by campaigns and officers also working with the Town Council and Neighbourhood Services.</p> <p>Mr Soderquest advised that the Council was trying to find a long term solution and the culling of the gulls was not a long term solution.</p> <p>Discussion took place regarding problems countywide and members were informed of 2 experiments which had taken place in Newbiggin and Amble where bins were fitted with rubber flaps.</p> <p>Mr Soderquest advised that officers would continue to work with Mr & Mrs Weir and other town councils.</p> <p>RESOLVED that the information be noted.</p>

Subject	Request for parking permits in Alnwick
Petition reference	P/201819/254
Date Received	14 August 2018
Acknowledged	14 August 2018 MET

Lead Officer	David Laux
Report sent to petitioner	
Report to Ashington & Blyth LAC	LACS are not meeting at the current time so report could be prepared for Petitions Committee on 30.07.20.
Minute extract sent	
Decision/Current Position	<p>RESOLVED that:</p> <ul style="list-style-type: none"> a) The Committee noted that officers were working with Northumbria Police and all Local Authorities in the force area to develop a new enforcement strategy which will assist the police with dealing with this type of issue. The petition will form part of the evidence gathering process and be forwarded to the Camera Enforcement Unit for further investigation and necessary action. b) It was noted that preliminary design work was to be funded by Councillor Foster through her Members Local Improvement Scheme allowance which would allow the design team to identify possible measures which would encourage reduced vehicle speeds along this route. c) Depending on the scale of measures proposed during preliminary design, it be agreed that these may need to be considered for inclusion in a future Local Transport Plan Programme following the assessment process, as funding was already allocated for 2020/21.
