ADULT LEARNING GUIDE

Welcome

Cath McEvoy-Carr Executive Director of Adult Social Care and Children’s Services

Welcome to our guide that sets out the 500-plus courses and learning opportunities on offer from September 2021.

With Covid restrictions easing we look forward to seeing more learners able to attend our campuses across the county this year, to enjoy learning in modern, spacious classrooms and socialising in real-life settings.

There are also lots of online courses for those who prefer to study remotely and we’ll be continuing our blended learning approach which offers a combination of both online and face-to-face lessons.

Safety measures remain in place across our campuses, to make our learners feel completely safe.

As life continues to evolve post-pandemic, so do we. We have a new name “**Northumberland Skills**” and a new look to take us further into the 21st Century.

We want every resident of Northumberland to have the chance to develop skills to advance their careers, find work, change direction or just try their hand at something new.

With a wide variety of courses on offer, from lots of vocational skills such as construction and health and social care, to essential maths and English and digital skills, languages and creative classes – we know there’s something for everybody.

Our courses, which offer a range of qualifications and accreditations, have been designed to help people meet their goals and to enrich their lives through learning.

Whether you want to learn for business or pleasure, for personal or professional growth, we can help. Take the first step and get in touch with Northumberland Skills **(see contact details on the back cover).**
