PART-TIME COURSES FOR ADULTS ACROSS NORTHUMBERLAND 2020-21
ADULT LEARNING MINI GUIDE

Welcome

Cath McEvoy-Carr, Executive Director of Adult Social Care and Children's Services.

Welcome to a new academic year. Last year we saw thousands of learners come through our doors and we look forward to meeting many more of you from across the county in 2020-21.

We're in a different world now, which will mean there won't be as many face-to-face classes and you'll see a new blended learning approach using digital technologies to connect and inspire throughout your learning journey.

Our ambition, however, remains stronger than ever – we want every resident of Northumberland to have the opportunity to develop skills that can help you advance your career, retrain, find employment or try out something new.

Our team has worked hard to create an exciting range of courses bringing you the flexibility of learning online, where possible. We have also ensured, that when you do visit our campuses, measures are in place to make you feel completely safe.

This year we are proud to have a focus on numerous vocational areas from health and social care to construction, as well as maths and English skills and new language classes. All of our courses are designed to offer experience and enrichment to nurture and develop your aspirations with a range of activities and accreditations.

Whether you run a small business and want to expand productivity, need to know how to navigate online forms or want to connect with family using your phone or tablet, we can help, so get in touch **(see contact details on the back cover)**.

With a clear focus on your personal and professional growth, make Northumberland the place that works for you.

Cath McEvoy-Carr

Northumberland has a rich history in farming and land management.

We have a range of courses from an introduction to garden design, where you will learn the basic principles and practices of how to survey and produce scale plans, to Level 3 chainsaw maintenance and cross cutting; which offers you hands-on sessions where you'll be walked through health and safety rules and regulations whilst learning maintenance tips and tricks. These practical sessions allow you to develop and hone your skills at cross-cutting, tree felling and branch removal.

Languages

Classes designed for real life.

Northumberland Learning and Skills offer over 140 language courses at different levels. Our highly popular classes use a blend of online and socially distanced lessons. Our courses range from French, German and Italian to Japanese, Russian and Greek.

Languages are taught in three steps:

- **Step 1** Develop
- **Step 2** Improve
- **Step 3** Consolidate

You will have an initial assessment to determine your skill level and starting point.

We offer short and intensive if you need to learn in a hurry, or want a refresher, as well as our one-day taster sessions.

If you want to delve into our local history and learn more about Latin and Hadrian's Wall, then our Veni Vidi Vici is the course for you.

Discover the benefits of learning a second language and how it can help keep the mind sharp whilst boosting listening skills and confidence.

SECURING YOUR PLACE ON A COURSE

First of all, you need to choose a course, if you need any help please contact your nearest campus team (details on back cover), then complete an enrolment form either online, in person or on the phone. Some courses will require an initial assessment to ensure you start your learning journey at the right place for you. Our enrolment team will then secure your place and give you all the information you need to start your journey.

DYSLEXIA SUPPORT

We can offer advice on learning strategies, learning support sessions and a brief screening or exam assessment – speak to us at the start of your course.

SIGN LANGUAGE AND LIP READING

Our British Sign Language and lip-reading courses are available across Northumberland. British Sign Language courses have a small fee, but these can be waived in some circumstances. Lip-reading is provided free to all learners. We have signing and translating lecturers available if required.

COUNSELLING SERVICE

We can provide support if you're facing a tough time outside the classroom or workplace. If you are a learner with us and have been referred by our Learner Support Service, counselling is free. All our counsellors are fully qualified members of the British Association for Counselling and Psychotherapy.

KEEPING YOU SAFE

Your safety is paramount and we have detailed safeguarding policies and procedures in place. You can talk to our Safeguarding Champions if you have any concerns or report via our safeguarding portal tootoot.
