**Sue Patience
Development Worker
Gallery Youth**

Originally from the West Midlands I have lived in and worked in Alnwick for the past 40 years.

I am a Youth and Community Development Worker for Gallery Youth, a small independent youth organisation in Alnwick which supports young people aged 13+ Working alongside young people has made me acutely aware of their needs and the challenges they face living in a rural Town.

Having recently stepped down from being a member of Alnwick Town Council for over 30 years has also given me an understanding of some of the issues that the Town is now facing in an ever changing environment.
