

Bedlington Place Programme Board Member Pen Portrait

**Adam Hogg
Town Councillor
West Bedlington Town Council**

I am a lifelong resident of the town and I have been a Town Councillor since 2013. I have an interest in the development and success of Bedlington and that is why I asked to be one of the Town Councils representatives on Borderlands, I volunteered as a Town Councillor to lead on the neighbourhood plan which is a major document which supports the town and its growth/development over future years, this comes from an interest to understand how the planning process works for local people.

I have a keen interest local issues and try to help resolve issues even if they are not part of my role as a town councillor.

Over the years I have been involved with Community meetings with residents and other local stakeholders such as the police, I have in the past also sat on the board of trustees of the local community centre.

Outside of this role I have an interest in History and I play an active role in supporting a new-build Heritage Railway and sit on its Board of Trustees.
