

Newbiggin by the Sea Place Programme

Board Member

Pen Portrait

Eddie Peat
Chartered Surveyor and Director
Newbiggin Community Trust

I am a chartered surveyor and have worked in the property industry for over 40 years. I was employed by Harworth Group and its predecessor company, UK Coal, with a significant involvement in redeveloping former mine sites for beneficial use following mine closure. In Northumberland this included Ellington Combine as well as many surface mine sites. I was also heavily involved in the purchase of the Lynemouth Smelter site from Alcan and its initial redevelopment by Harworth.

I left Harworth at the end of December 2019 and since then have been self-employed, doing a mixture of paid and voluntary work. I am a trustee of the Lynemouth Day Centre, a director of the Four Winds Cooperative, and a director of Newbiggin Community Trust.

I am married to Rachel and we have two children who are both still in further education.

In my spare time I fell run and tackle an occasional marathon.

I am very much hoping that my membership of the board will be of assistance to the Newbiggin by the Sea Place Programme in the development of a Borderlands Place Plan and subsequent Investment Plan for Newbiggin.
