

Prudhoe Place Programme Board Pen Portrait

**Donald Hutton
Vice Chairman
Prudhoe Youth Project**

I have been involved in Education all my working life as a Teacher, Educational Inspector, Chair of Governors and as a Director of a Multi Academy Trust.

My Academic area specialism was as a Mathematician and I also taught Economics and Business Studies.

After retirement I have been on the Board of a number of Youth Trusts in the North East – mostly connected within the Christian Community. Some 3 years ago, after relocating to Prudhoe, I was asked to help form the Prudhoe Youth Project and currently act as their Vice Chairman.

I am totally committed to enhance the opportunities for young people in our Town and be part of raising their aspirations. I am a member of the Prudhoe Community Project and am also part of The East Development Group.

As a younger man I played representative Rugby in the North East and am currently actively involved in local churches.
