Storm Arwen

RESTORATION FUND

Funding is available from the Great Northumberland Forest to help land owners and land managers with the costs of replanting storm-damaged woodlands.

England Trees Action Plan

Delivered through the Nature for Climate Fund

NORTHUMBERLAND

203

CARBON
NEUTRAL

The funding

- Will be targeted at small woodlands and shelterbelts
- Each block should be bigger than 0.5 ha (1.24 acres) to around 5ha (just over 12 acres)
- The areas should be significantly affected by storm damage
- Funding is available before replanting starts
- Areas cleared of windblown trees are also eligible
- Restoration that provides wider benefits will be prioritised
- More resilient tree species will be funded
