#### Report and Conclusions

No issues noted at the time of visit.  
Very little food activity at present. Mainly buying in fish & chips etc. from local shops.

For information:-  
The registered masonic members are ultimately responsible for the safety of the food which is produced/served in the kitchen. If an external body is used to prepare/serve food on a regular basis i.e. more than five times per year, the registered members are still responsible for the safety of the food unless the external body registers as a separate food business at the lodge.
