

HMICFRS Inspection - Friday Update 15

Dates are now released!!!

Which dates have been released?

This week, we have received official confirmation of the dates for the remaining parts of our inspection. We have been eagerly awaiting these dates for the past few weeks and received a letter from HMI Zoe Billingham on the 11th of September, setting out the remaining timetable for all of tranche 2 services. So we now have the all important dates for the following:

- Discovery Week;
- Strategic Briefing;
- Fieldwork Week (aka main inspection week).

Will I be involved?

The Inspection Team will want to see as many personnel, from all roles across the service as they can. Where this is planned we will give everyone as much notice as possible. However, just remember that they may decide to make unannounced visits.

What will they ask?

First of all, do not worry about being visited by the team!! The teams will just want to talk to you about the service and your role within it. This is an inspection of the service, NOT of you!!! The main advice is:

- Be polite;
- Be professional;
- Be yourself.

And the dates????

- W/C 24th Sept - Discovery Week;
- 15th Oct - Strategic Briefing;
- W/C 29th Oct - Fieldwork Week.

Any questions?
