

HMICFRS Inspection - Friday Update 19

Fieldwork Week

What is the Fieldwork Week?

This is what would normally be referred to by many as the main 'Inspection Week'. There will be a group of around 8 Inspection Officers and 2 Service Liaison Leads visiting the service for a period of 5 days. This will be the final face-to-face engagement of our inspection process which has spanned back to the beginning of April 2018.

What will they be doing?

The inspection teams will be meeting people from various parts of the organisation, including Northumberland County Council, through:

- Interviews;
- Focus Groups;
- Reality Testing;

Generally getting to know us better!!!!

Who will be involved?

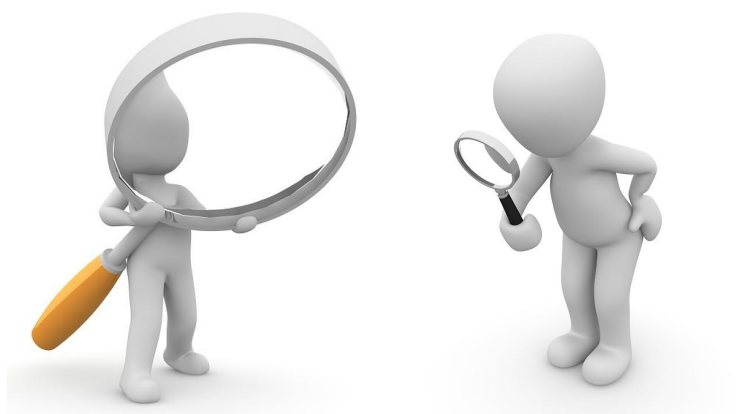

As this is the most intense part of the inspection process, the inspectors will speak to approximately 120 individuals who contribute to the delivery of the service, including:

- 9 Fire Crews;
- 4 Focus Groups;
- 5 Department Leads;
- 2 Principal Officers;
- And many more.....

Everyone involved has been contacted. These engagements will take place at numerous locations across Northumberland

When is our Fieldwork Week?

29th of October. Not long now!!!!

Any questions?
