

HMICFRS Inspection - Friday Update 20

HMICFRS Staff Survey

Is this the same as the NCC Survey?

No, these surveys are not related in any way. This survey is designed by the HMICFRS to help them understand how staff spend their time at work and their experience of working within the service.

Will the service see my response?

The survey is anonymous and individual responses will not be shared with the service. HMICFRS will ensure that the results of the survey will be shared with a service in a way that protects the identities of those who have chosen to respond.

What happens with the results?

The results will form part of the evidence gathered for the service as part of the inspection. The findings from the staff survey will be considered alongside other evidence collected before and during the inspection process (e.g. from document reviews, data, engagement days, discovery week, fieldwork week, etc).

How can I access the survey?

The survey can be accessed at this link -
[LINK REMOVED]

How long will it take?

The survey should take around 10 minutes to complete.

When is the closing date?

The closing date for responses is 5pm Friday 15 February 2019 but we are encouraging you to complete this as early as possible.

Any questions?

Please get in touch with the internal NFRS
HMI team via
