

THORNLEY LEAZES CARE

We are Thornley Leazes Care, a Residential, Domiciliary and Day care service in Allendale and we provide a range of care and support services for adults with learning disabilities, elderly, and dementia clients.

We are seeking to recruit some great new staff; people with the right values and attitude to work in our Residential, Domiciliary and day care services – could this be you?

We have positions for Senior carers, Night shift workers, Care Assistants, Day Care Assistants and Apprentices due to our exciting new venture at Deneholme in Allendale.

Our main priority for these job roles is to find people with the right attitude and behaviours to match our own! You don't need to have previous experience in this field, nor do you need qualifications to get started – we're happy to work with you to help you become an excellent care worker, and provide all the training and support that you will need.

Above all we want someone that has:

- A commitment to quality and being the best we can.
- Providing excellent care and support to all our clients
- Showing dignity and respect to the people that we will be working with.
- Working well together as part of a team.

Are these important to you?

The duties are varied, and no two days are the same. Our clients are individuals, and they all deserve to be treated as such. Duties may include supporting with personal care needs, as well as helping to take part in a wide range of special interests and activities that support their health and wellbeing such as arts and crafts, watching football, drama or musical nights, gardening, shopping trips and social occasions as well as cleaning duties.

There are a range of different shift patterns available to fit in with other commitments you may already have.
