### **YOUR COMMENTS ON THE CASE**

"The Wilds of Wannies", I am amongst many who can recall parents talking about the Wilds of Wannie.

I have lived and worked in Northumberland all my life. That accounts for seven decades and a little more. Those years have been in our beautiful countryside, farming, riding, walking in various areas of the county.

As a resident, I object very strongly to the proposed monument, which I believe will have a very negative impact on the countryside.

I worked in Tourism for 22 years so have first hand knowledge of what many people are looking for when they visit our county. They come to enjoy the wonderful landscapes that we have, the amazing scenery, the peace and quiet of our area. They come to view, to walk, to cycle and to picnic, to enjoy tranquillity, getting away from all the noise and clutter of urban life.

We do not need a huge monument, pointing up to the sky! What purpose would it serve other than detract from the countryside that it would dominate.

Please do not allow this monstrous project to go ahead. Come and see for yourselves how it would impact on our landscape.
