Northumberland Consolidated Planning Policy Framework

1. Introduction

- 1.1 In July 2007 the Government announced that Northumberland would be one of the areas within England where its local government structure would be changed, replacing the current two tier system with a unitary council. On 1 April 2009, the unitary Northumberland County Council became the local planning authority for the area previously covered by the seven local planning authorities of Alnwick, Berwick-upon-Tweed, Blyth Valley, Castle Morpeth, Tynedale, Wansbeck and Northumberland County.
- 1.2 In the past, each of these local planning authorities had produced its own set of planning documents to guide development in their area. As the seven local authorities have come together, there is the need to establish the relevant planning policy documents for the new Council and the geographical area which these relate to, whether it be the whole of the new council area, one of the three sub-areas or parts of these areas. These documents form the Consolidated Planning Policy Framework for Northumberland, which relates to both statutory and non-statutory documents.
- 1.3 This Consolidated Planning Policy Framework is accessible to prospective applicants, developers and other interested parties via [HERE](#).

2. The Development Plan Context

- 2.1 The Planning and Compulsory Act 2004 introduced major changes to the planning system. The new system, at that time, consisted of Planning Policy Statements, Regional Spatial Strategies and Local Development Frameworks. Under Section 38 (3) of the Planning and Compulsory Purchase Act 2004, the Statutory Development Plan, at that time, comprised the Regional Spatial Strategy and the adopted Development Plan Documents in relation to the area in question. Under the new system, Local Plans are being gradually replaced by Development Plan Documents. However, in the transitional period, the Secretary of State made directions to save structure plan and local plan policies as part of the Statutory Development Plan, until such time as they were replaced by Regional Spatial Strategies and adopted Development Plan Documents.
- 2.2 On 22 March 2013 the Secretary of State laid in Parliament a statutory instrument to revoke the Regional Strategy for the North East. The Order to revoke the Regional Strategy can be accessed by clicking [HERE](#). Policy S5 of the Northumberland County and National Park Joint Structure Plan Alteration (February 2005) concerning the Green Belt extension around Morpeth will remain in place until the new local plan for Northumberland is adopted. The reasons for the decision to revoke the Regional Strategy and retain Policy S5 of the Northumberland County and National Park Joint Structure Plan Alteration (February 2005) are set out in the Post Adoption Statement for the North East, which can be accessed [HERE](#).
- 2.3 Through the Localism Act 2011, the Government introduced a new tier of plans called 'Neighbourhood Plans'. These are prepared by Town and Parish Councils or by specifically designated neighbourhood forums in areas without a Parish. However, there is no statutory requirement to prepare Neighbourhood Plans. The scope of Neighbourhood Plans is determined by the Town and Parish Council in consultation with their communities. Neighbourhood Plans must take account of national planning policy and be in general conformity with the Local Plan. Once made Neighbourhood Plans form part of the Statutory Development Plan for the area.
- 2.4 Decisions on planning applications and other development proposals must be considered against the Statutory Development Plan, together with national planning guidance. Other specific planning policy documents which do not form part of the Statutory Development Plan, such as Supplementary Planning Documents and Development Briefs, may also be given due consideration in assessing development proposals.

3. Consolidated Planning Policy Framework for Northumberland

3.1 The Consolidated Planning Policy Framework for Northumberland comprises two sections:

- **Section A - Schedule of Documents which form the Statutory Development Plan**
- **Section B - Schedule of Planning Policy Documents which do not form part of the Development Plan**

The Consolidated Planning Policy Framework for Northumberland was adopted and agreed for inclusion within the policy framework of the Council's Constitution by Northumberland County Council on 4 February 2009. The Consolidated Planning Policy Framework for Northumberland is a living document and will be updated when new planning policy documents are adopted by the Council.

Section A: Schedule of Documents which form the Statutory Development Plan

- 3.2 This section comprises two parts; Part 1 – a schedule of adopted Statutory Development Plan Documents and Part 2 – a schedule of made Neighbourhood Plans.
- 3.3 Part 1 - This schedule comprises policy S5 of the adopted Structure Plan, recently adopted Local Development Framework documents which form part of the Statutory Development Plan, and local plan policies 'saved' either through regulation or Direction by the Secretary of State.
- 3.4 The 'saved' Structure Plan and Local Plan policies should be read in context. Where policies were originally adopted some time ago, it is likely that material considerations, in particular the emergence of new national policy and also new evidence, will be afforded considerable weight in decisions on planning applications.
- 3.5 Part 2 – This schedule comprises the Neighbourhood Plans that have been made by Northumberland County Council and which form part of the Statutory Development Plan for Northumberland.
- 3.6 These documents are included in the policy framework in the Constitution under the general heading of 'Plans and Strategies which together comprise the Development Plan' and together these documents comprise the Statutory Development Plan for Northumberland.

Section B: Schedule of Planning Policy Documents which do not form part of the Development Plan

- 3.7 This schedule comprises three parts. The first is concerned with those local development documents which are part of the Local Development Framework but do not form part of the Statutory Development Plan and includes a number of Supplementary Planning Documents. The second part comprises various planning policy documents which have been prepared by the seven local planning authorities and which are used to provide guidance and advice in considering and determining planning applications. The documents in Part 2 are not individually identified in the policy framework in the Constitution but are referred to as the 'Schedule of Planning Policy Documents which do not form part of the Development Plan'. The documents contained in Part 2, whilst prepared by predecessor councils, were adopted by the Northumberland County Council on 4 February 2009. The third part comprises documents prepared by other organisations and bodies which assist the delivery of development. These documents have been endorsed by the County Council as supplementary planning guidance prepared by other organisations and bodies in accordance with paragraph 6.3 of PPS12: Local Spatial Planning.
- 3.8 As a result of the Local Government (Structural Changes) (Transitional Arrangements) (No 2) Regulations 2008 and Local Government (Structural Changes) (Further Transitional and Supplementary Provision and Miscellaneous Amendments) Regulations 2009, the previous Statements of Community Involvement prepared by the district and county councils are no longer applicable and the County Council has now adopted a new Statement of Community Involvement for Northumberland.
- 3.9 Where policy documents were originally adopted some time ago, it is likely that material considerations, in particular the emergence of new national, regional and local policy, will have greater weight when planning applications are determined. In addition, there may also be new evidence which will also have greater weight when planning applications are determined.
- 3.10 In addition, there will also be a need from time to time to rely on existing evidence base documents such as housing needs assessments, retail capacity studies, open space and recreation assessments, landscape character assessments, employment land reviews and wind capacity studies to assist in the due consideration of assessing development proposals.
- 3.11 Details of the relevant planning policy documents, both statutory and non-statutory, which constitute the Consolidated Planning Policy Framework for Northumberland, are set out in the attached schedules at Annex B. The schedules include a bibliography of the policy documents, including date of approval by the preparing authorities and an indication of their relevance by geographical coverage and spatial theme coverage. Please note some of the documents are large in size and can take time to download. If you experience problems downloading documents, please contact the Planning Services by emailing planningstrategy@northumberland.gov.uk.

Other Matters

- 3.12 The Consolidated Planning Policy Framework for Northumberland is a living document and will be updated when new planning policy documents are adopted by the Council.
- 3.13 Whilst all efforts have been made to ensure the information within the attached schedules is correct, it is not intended to amount to advice or authority on which reliance should be placed. The information is provided as a general guide and it will be necessary for prospective applicants, developers and other interested parties to review documents in order to identify relevant policies and proposals in relation to their proposed development. Prospective applicants, developers and other interested parties should also make contact with the relevant council officers to discuss their development proposals where necessary.**

Annex A - Spatial Theme Definitions

General development principles	<p>may include development / locational strategy, the location and scale of new development, settlement hierarchy, sequential approach to development, settlement boundaries, green belt designation, development in the open countryside, general design principles and sustainability criteria such as flood risk, erosion, land instability, pollution and contaminated land. These general overarching policies will often apply to all forms of development and can cut across all of the other spatial themes.</p>
Housing	<p>may include overall housing land supply provision, housing land allocations, housing density, previously developed land, provision of affordable housing, provision for gypsies and travellers, conversions, housing design and layouts, existing housing stock, extension and alterations to existing housing.</p>
Economic development and tourism	<p>may include overall employment land supply provision, employment land allocations, cultural and tourism development, visitor accommodation including camping and caravanning, tourist attractions, the rural economy and farm diversification.</p>
Retail and Town Centres	<p>may include distribution of growth in retail floorspace and other town centre uses, vitality and viability of towns and villages centres, retail hierarchy, primary and secondary shopping areas, edge-of-centre and out-of-centre retail or related development, shops fronts, town centre development opportunities, underused floorspace in retail areas, open air retailing and farm shops.</p>
Built environment	<p>may include historic and built environment, conservation areas, listed buildings, archaeology, layout and design principles, public realm and public art.</p>
Natural environment	<p>may include sites of international and national importance for nature conservation, sites of local or regional nature conservation significance, protection of species, biodiversity and geodiversity sites, wildlife networks, landscape character, areas of high landscape value, best and most versatile agricultural, trees and hedgerows.</p>
Recreation and open space	<p>may include parks and gardens, provision of new open space, sport and recreational facilities, children's play, strategic open spaces, golf courses, countryside activities, recreational footpaths, cycleways and bridleways.</p>

Transportation	may include road network, road schemes and major road improvements, minor road improvements, traffic management, rail services, and freight, provision for buses, cyclists and walking, traffic implications of new development, parking standards and highway directional signage.
Community facilities and infrastructure	may include community centres, meeting halls, educational establishments, public houses, religious buildings and libraries, healthcare facilities, utilities infrastructure such as electricity, gas and water supplies, sewerage, telecommunications development, water supply and drainage, renewable energy, energy efficiency and planning conditions and obligations.
Minerals	may include strategy for minerals development, environmental protection, coal, aggregate minerals, sandstone, peat, clay, oil and gas, site management and operations, reclamation and reworking of mineral wastes.
Waste	may include strategy for waste, type and volume of waste to be managed, waste management facilities, environmental protection, waste minimisation and reuse, recovering waste, disposal, sewage treatment and disposal, other waste issues such as scrap yards, power station ash, special waste and anaerobic digestion, site reclamation and site management.

Annex B - Consolidated Planning Policy Framework Documents

Section A - Schedule of Documents which form the Statutory Development Plan

The following documents together comprise the statutory development plan for Northumberland. Collectively, they are referred to as “Plans and Strategies which together comprise the Development Plan” and form part of the policy framework for the Council under the appropriate Article of the Constitution.

Part 1 - Schedule of Adopted Statutory Development Plan Documents

This schedule comprises policy S5 of the adopted Structure Plan, recently adopted Local Development Framework documents which form part of the Statutory Development Plan, and local plan policies ‘saved’ either through regulation or Direction by the Secretary of State.

The “saved” Structure Plan and Local Plan policies should be read in context. Where policies were originally adopted some time ago, it is likely that material considerations, in particular the emergence of new national policy and also new evidence, will be afforded considerable weight in decisions on planning applications.

Section B - Schedule of Planning Policy Documents which do not form part of the Statutory Development Plan

Collectively, Parts 1 and 2 are referred to as “The schedule of Planning Policy Documents which do not form part of the Statutory Development Plan” and form part of the policy framework for the Council under the appropriate Article of the Constitution.

Part 1 - Adopted Local Development Documents which are not part of the Statutory Development Plan

The following documents form part of the Local Development Framework but are not part of the Statutory Development Plan. They include Supplementary Planning Documents prepared and adopted by predecessor authorities. As a result of the Local Government (Structural Changes) (Transitional Arrangements) (No 2) Regulations 2008 and Local Government (Structural Changes) (Further Transitional and Supplementary Provision and Miscellaneous Amendments) Regulations 2009, the previous Statements of Community Involvement prepared by the district and county councils are no longer applicable and the County Council has now adopted a new Statement of Community Involvement for Northumberland.

Part 2 - Schedule of Planning Policy Documents which are not part of the Statutory Development Plan

The following documents are non-statutory planning policy documents which have been adopted by predecessor authorities to provide guidance and advice to developers and the local planning authority in considering and determining planning applications. The documents whilst prepared by predecessor councils have been adopted by the Northumberland County Council on 4 February 2009.

Where policy documents were originally adopted some time ago, it is likely that material considerations, in particular the emergence of new national and local policy, will have greater weight when planning applications are determined. In addition, there may also be new evidence which will also have greater weight when planning applications are determined.

Document title	Approved date by preparing authority (DD/MM/YYYY)	Time limit	Geographical coverage	Spatial theme (See Pages 7 to 8)

¹ Castle Morpeth has undertaken considerable work on the preparation of its Core Strategy but because of local government review it has not been possible to progress it through to adoption. Castle Morpeth Borough Council formally resolved to approve and "set aside" the Submission Draft Core Strategy which would be used as an evidence base to inform the new unitary Core Strategy but not to progress it further through the statutory planning process. In accordance with advice from GONE limited weight can be attached to this Core Strategy because its soundness has not been tested through the examination process.

Part 3 - Schedule of Supplementary Planning Guidance which are not part of the Statutory Development Plan

The following documents are non-statutory supplementary planning guidance prepared by other organisations and bodies which have been endorsed by the County Council as supplementary planning guidance prepared by other organisations and bodies in accordance with paragraph 6.3 of PPS12: Local Spatial Planning as they provide guidance and assistance to developers and the local planning authority in considering and determining planning applications.

Where policy documents were originally adopted some time ago, it is likely that material considerations, in particular the emergence of new national and local policy, will have greater weight when planning applications are determined. In addition, there may also be new evidence which will also have greater weight when planning applications are determined.
