

PROPOSED SURFACE DRESSING OF ROADS IN NORTHUMBERLAND

Northumberland County Council are to undertake essential surface dressing works between the period May to August 2018. Surface dressing is a highway maintenance operation undertaken to extend the life of the carriageway surface and provide additional surface texture.

The works on individual sites will normally be carried out within 1 day however some of the larger schemes may take up to 4 days. During the site operations there may be minor delays experienced by road users however these will be kept to a minimum. On completion of the works advisory speed limit signs will be in operation until essential road sweeping has been completed.

PRINCIPAL ROADS			
Ref.	Road No.	Location.	Length
P01	A695	Riding Mill Rbt to Stocksfield	1315
P02	A697	Brandon White House to Wooperton Sawmills	1537
P03	A68	Broomley Fell	490
P04	A68	High Shilford	1230
P05	A697	Dean House to Powburn	2495
P06	A695	West Mickley	1263
P07	A697	North of Crookham	4620
NORTHERN AREA SCHEMES			
Ref.	Road No.	Location.	Length
NON-PRINCIPAL ROADS			
N01	B6347	South Charlton to A1	2270
