Dear Sir/Madam

Proposed Parking Restrictions - Fore Street – Market Place Area Hexham on an Experimental Basis (TRO_007_76)

Following continued parking infringements in Fore Street – Market Place Hexham, which cause road safety concerns, it is proposed that the following restrictions are imposed:

- No Waiting - At Any Time
- No Loading - 10am to 4pm Everyday

Please note: These restrictions complement the existing experimental restrictions introduced in Fore Street and St Mary's Chare in August 2020, which have contributed to improved road safety in this area.

These proposed restrictions have the full support of County Councillor Trevor Cessford and Hexham Town Council.

The restrictions will be introduced on an Experimental Basis for 15 months, a review of the operation and impact will take place in 12 months. Feedback is welcome throughout this period via Email to: HighwaysProgramme@northumberland.gov.uk Please clearly mark the subject: **Fore Street – Market Place Hexham – No Waiting At Any Time and No Loading 10am to 4pm.**

Regrettably, it is not possible to reply to all individual comments.

As you will appreciate from the attached plan and information sheet, there is in fact very little change to the existing restrictions. However, the new Experimental Order will allow active enforcement to improve road safety in the area.

Yours faithfully
