Dear Sir/Madam,

Proposed Footway, Linden Way, Darras Hall

The County Council is currently considering providing a footway in the grass verge on Linden Way so that pedestrians, including school children, do not have to walk in the road.

The proposal would see the removal of the grass and its replacement with a tarmac surface. You should note, however, that the existing hedges have grown into the highway verge and will require cutting back significantly in order to be able to install the footway.

I am therefore writing to you formally to ask for your views on this proposal before a decision is taken on whether to implement it or not.

Please send your views via email to HighwaysProgramme@Northumberland.gov.uk before **Friday 1st October 2021**.

Thank you in advance for your participation.

Yours sincerely,

R McKenzie
