## **BACKGROUND**

1. Safety concerns have been identified to Councillor Lang by residents on a number of occasions with regard to speeding traffic in the area.
2. It is proposed to introduce a 20 mph speed limit restriction in this area
3. This would help improve traffic safety for the residents and road users of Spital Estate, Newbiggin by the Sea

## **CONSULTATION**

4. A formal consultation did not take place as this proposal is on traffic safety improvement grounds. The design and implementation process is consistent with the County Council initiative to introduce 20 mph limits/zones, adjacent to all schools across the county over the next 5 years.
5. Support for the proposal is provided by both Councillor Lang and Newbiggin Town council who have canvassed local opinion. (Detailed on file).
6. Statutory consultees have been notified.
7. Advertising of the scheme will be carried out via the legal process for the introduction of a new Traffic Regulation Order.

## **RECOMMENDATIONS**

8. It is recommended to introduce a 20 mph speed limit restriction on Spital Estate, Newbiggin by the Sea, as detailed in Appendix A
9. The Council has the power to hold a public inquiry before making any traffic regulation order. Such an inquiry might enable disputed evidence to be tested under cross-examination and the need for an order to be critically examined by an independent inspector. In this particular case, officers believe that the consultation process and involvement with interested parties, means that such an inquiry is unlikely to bring any fresh information to light and it is therefore recommended that an inquiry is not held.
