Delegated Decision

Background

A planning application for a development at New Houses on the B6318 Chollerford has recently been approved. A condition of this application is to extend the existing 40 MPH speed limit, thereby encompassing the new development within this speed restriction. This extension will improve road safety for all road users.

Formal consultation was carried out through the planning process and therefore no specific consultation was undertaken for the introduction of this traffic regulation order.

Northumbria Police, other emergency services and relevant statutory consultees were notified of these amendments as part of the process for making the permanent Orders.
